

## **Forward – looking statements**

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and our other statements-written and oral- that we periodically make contain forward looking statements that set out anticipated results based on the management plans and the assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any decision of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statements, where as a result of new information, future events or otherwise.

# Board's Report

## *Dear Members,*

In accordance with the applicable provisions of the Insolvency and Bankruptcy Code 2016 ("IBC/Code"), the Corporate Insolvency Resolution Process ("CIRP") of Orchid Pharma Limited ("Company") was initiated by an Operational Creditor of the Company. The Operational Creditor's petition to initiate the CIRP was admitted by the Hon'ble National Company Law Tribunal, Chennai Bench ("NCLT") vide CP. No. CP/ 540/ (IB)/ CB/ 2017 on August 17, 2017 ("Insolvency Commencement Date"). Mr. CMA CS Rajasekaran R was appointed as the Interim Resolution Professional ("IRP") to manage the affairs of the Company. Subsequently, Mr. Ramkumar Sripatham Venkatasubramanian (IP Registration No. IBBI /IPA-001 /IP-P00015 /2016-17 /10039) was confirmed as the Resolution Professional ("RP") by the committee of creditors ("CoC") and NCLT with effect from October 27, 2017. On appointment of the IRP /RP, the powers of the Board were suspended and the same vests with the RP.

RP invited Expressions of Interest (EOI) and submission of a resolution plan in accordance with the provisions of the Code. Upto the CIRP extended last date i.e. the 270th day – May 14, 2018, there were no successful resolution applicants and accordingly RP filed the status with the Hon'ble NCLT for necessary directions. Subsequently, as directed by the Hon'ble NCLT, RP placed the Resolution Plan from prospective resolution applicant namely - Ingen Capital Group LLC, USA - before CoC for voting on June 04, 2018 and re-voting on August 04, 2018 in view of the Ordinance (IBC) passed on 6th June 2018. In the re-voting which concluded on 4th August 2018, the resolution plan had received an affirmative vote of 78% of the CoC by value in its favour. RP filed the re-voting results with the Hon'ble NCLT.

The Hon'ble NCLT had approved the Resolution plan of Ingen Capital Group LLC, USA ("Resolution Applicant") approved by the Committee of Creditors (CoC) vide its order dated September 17, 2018. Later, the Resolution Applicant had failed to infuse the funds within the stipulated timelines. The Resolution Applicant was unable to bring the amount payable to the Financial Creditors as directed by the Hon'ble NCLT vide its orders dated September 17, 2018, October 10, 2018 & November 02, 2018.

Further, to the non-receipt of any response from the Resolution Applicant towards implementation of the resolution plan, the Resolution Professional (on behalf of the CoC) had filed an application on November 30, 2018 wherein the Hon'ble NCLT was requested to annul the Resolution Plan of the Resolution Applicant and reinstate the Resolution Professional and CoC to ensure the running of Orchid Pharma Limited ("the Company") as a going concern. In addition, additional time was sought to attempt at a fresh process, vide Hon'ble National Company Law Appellate Tribunal, New Delhi (NCLAT). The Matter has been remitted back to Hon'ble NCLT to consider any other viable plan, if available. It will be open to the RP to Place it before CoC and thereafter before the Adjudicating Authority for necessary orders.

## **The Hon'ble NCLT has vide its Order dated February 28, 2019 issued the following directions:**

- ◆ The approved resolution plan of Ingen Capital Group LLC vide Hon'ble NCLT's order dated 17th September 2018 has been annulled as the resolution applicant has failed to implement the approved resolution plan.

- ◆ The period for Corporate Insolvency Resolution Process has been extended by 105 days considering the time lost from the date of EOI till the date of annulment of the approved resolution plan submitted by Ingen Capital Group LLC, USA
- ◆ The RP and the CoC are reinstated and will discharge their functions as before during this CIRP period.

Pursuant to the order of the Hon'ble NCLT dated 28th February 2019, the RP invited EOI on 4th March 2019. The last date for submission of EOI was 19th March 2019, which further got extended to 25th March 2019, after approval of CoC. The RP / Bid Process Advisor briefed the CoC members on the list of eligible EOI applicants and the list of ineligible EOI applicants as on date.

Pending this, and measures to be adopted as part of the resolution process, the audited financial results have been continued to be prepared on a going concern basis.

With this backdrop, RP and the Board take pleasure in presenting the report on business and operations of your Company along with the audited statement of accounts (Standalone and Consolidated) for the financial year ended March 31, 2019.

## Business Overview

During the financial year 2017-18, i.e. in August 2017, due to non-payment of the dues of an operational creditor, your Company was admitted in the insolvency resolution process as per the IBC 2016 by Hon'ble NCLT, Chennai.

During the financial year 2018-19, your Company continued to reel under financial stress and the performance of the Company was affected due to liquidity constraints, which had an impact on the net profits of the Company. Despite the tough liquidity and working capital constraints, your Company managed to sustain sales of Rs.584 crores with a lower EBIDTA.

## Future Prospects

It is now four years since the restructuring of the debt and more than two years since the CIRP. The CIRP is still in Progress as on the Balance Sheet date. (Refer Addendum to Board's Report.)

Your Company has been extremely fortunate to have the full support of its Lenders, Employees, Vendors and Customers during the financially stressed period. Although, huge efforts are required towards regaining the confidence of various Stakeholders, your Company is hopeful and confident of accomplishing improved sales and EBIDTA during the course of time.

## Management Discussion and Analysis report

A report on the Management discussion and analysis in terms of the provisions of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations 2015), is provided as a separate annexure in the annual report.

# Addendum to Board's Report

## Update on Corporate Insolvency Resolution Process

The Resolution Professional (RP) had received 3 resolution plans from Prospective resolution applicants for resolution of the Corporate Debtor on 17th May 2019. The resolution plans were opened on the same day and are found to be in compliant with Section 29A of the Insolvency and Bankruptcy Code. The RP, Bid Process Advisor and Committee of Creditors (CoC) had discussed in detail about the resolution plans received and the timeline for approval by CoC and the filing of approved resolution with the Hon'ble NCLT.

The CoC after considering the resolution plans received and after negotiating with the three resolution applicants decided to declare the H1 Bidder on 30th May 2019.

The RP submitted the resolution plan of the H1 Bidder to the Adjudicating Authority after the approval of the Committee of Creditors.

The Resolution was voted in favour by CoC with 67.07% voting share. However, an email from one of the CoC members (Punjab National Bank (International) Ltd.) was received asking for a change in their e-voting for the above-mentioned resolution to dissenting and once this change is considered, the voting received for the Resolution Plan will be 65.53% (the required percentage of voting is 66%).

Based on the legal advice received by RP, the RP filed the Resolution Plan with the Hon'ble NCLT on June 13, 2019 for consideration and to pass necessary orders by the Adjudicating Authority. The Resolution plan submitted by Dhanuka Laboratories Limited ("Resolution Applicant") as approved by the CoC has been approved at the hearing held on 25th June 2019 by the Hon'ble NCLT, Chennai Bench (NCLT) vide its order dated June 27, 2019.

In terms of the Approved Resolution Plan, the Monitoring committee has been constituted which is responsible for carrying out the obligations of the Board of Directors of the Company ("Board") and to manage and control the affairs of the Company. Further, the Monitoring Committee has passed a resolution and fixed the Record date for Reduction of Equity Share capital of the Company as July 27, 2019 for the purpose of determining the eligible shareholders whose shares shall stand reduced, pursuant to the Approved Resolution Plan. The company had intimated record

date to BSE Ltd & National Stock Exchange of India Ltd on July 17, 2019. The Trading of Company's Equity share got suspended with effect from July 25, 2019. One of the unsuccessful bidder filed an application before the Hon'ble NCLT seeking to consider their Resolution plan by the RP and Committee of Creditors which was dismissed by the Hon'ble NCLT on June 27, 2019. Pursuant to the said order of dismissal, the said Unsuccessful bidder preferred an appeal before the Hon'ble National Company Law Appellate Tribunal (NCLAT) and the Hon'ble NCLAT, New Delhi on July 26, 2019 stayed the order dated 27.06.2019 passed by the Hon'ble NCLT, Chennai. Due to this, the corporate action as envisaged as per the approved Resolution Plan of Dhanuka Laboratories Limited could not be implemented. The matter was heard in August 2019 by Hon'ble NCLAT and on November 13, 2019 the NCLAT set aside the order passed by the Hon'ble NCLT, Chennai approving the Resolution plan and remitted the matter back to Hon'ble NCLT, Chennai for a decision in accordance with law. One of the financial creditor has filed an appeal against the order of Hon'ble NCLAT dated November 13, 2019 before the Hon'ble Supreme Court bearing appeal no. 9036/2019.

## Cost Audit Report

The Cost Audit Report was taken on record by RP at the meeting held on November 14, 2019. The Company is in the Process of filing the Cost Audit Report. The Due date for filing of Cost Audit Report for the financial year 2018-19 has been extended to December 31, 2019 vide MCA circular dated October 24, 2019.

# Management Discussion and Analysis

## Global Pharmaceutical Industry Outlook

In 2019, more than 50% of global industry respondents believe that drug pricing and reimbursement constraints will have the greatest negative impact on the pharmaceutical sector. (Global Data Pharma's 2019 industry outlook survey). Aggressive payer negotiations and discounts, and generic and biosimilar competition, are hindering pharma companies' revenue growth and profitability. Biosimilars are cost effective that have huge market potential. The growth of the biotechnology industry in recent years is unprecedented, and advancements in molecular modelling, disease characterization, pharmaceutical discovery, and clinical healthcare fundamentally impact economic and social issues worldwide. As a result, with people confidence and development of biotechnology, bioinformatics also reached to new heights among all the biological sciences. By using bioinformatics in research, many long term projects are turned up so fast. As per industry estimates, the total expenditure on healthcare in these markets is likely to grow from USD 205 billion to USD 499 billion by 2020 with most markets expected to grow at double digit rates. Global health spending is on the rise. The compound annual growth rate (CAGR) for health care spending across 60 countries is predicted to increase 5.4 percent for the period 2018–2022, compared to just 2.9 percent over 2013–2017.

## Indian Pharmaceutical Industry Outlook

The Indian pharmaceuticals has established itself as a global manufacturing and research hub. The industry has played a key role in driving better health outcomes across the world through its affordable and high-quality drugs. The Indian Pharmaceuticals Industry (IPI) saw a recovery during the first half of financial year 2019 compared to the corresponding period a year ago. It is expected that the upward momentum in exports to continue in the coming years with favourable Government policies such as reduction in Corporate Tax rates, rationalizing GST rates and Procedures and emphasized focus on Pharmaceutical industry under Make in India 2.0. Pharma exports are expected to grow by 8%-10%, during financial year 2020. The increase in exports will be backed by higher exports to pharmerging nations and other nations. A stabilising price erosion environment is likely to aid pharma exports to USA. Moreover, the need for affordable healthcare and rising per capita incomes in pharmerging nations are likely to support exports of branded generics to these countries.

## The Company

Orchid Pharma Ltd., established in 1992 is one of the leading pharmaceutical companies in India head quartered in Chennai and involved in the development, manufacture and marketing of bulk actives and formulations with exports spanning over 30 countries. The total borrowings as at March 31, 2019 stood at Rs. 3,230 Crores as compared to Rs. 3,202 Crores as at March 31, 2018.

#### **Human resources and industrial relations**

In line with Orchid's HR policy of providing safe, rewarding and professional environment for the employees, Orchid's HR function is monitoring the environment to align with the Company's overall vision. Orchid strives to provide a safe working atmosphere in the Company.

During the period under review, Orchid maintained a cordial industrial relationship environment at all manufacturing Units of the Company.

As at March 31, 2019, Orchid had 1407 permanent employees including corporate, managerial, sales and manufacturing staff.

With our communication to employees and participation in social activities and by providing challenging and safe working atmosphere, we were able to develop employee's own strength to deliver their expertise in the interest of the Company.

In spite of the continued financial crisis, the Company was able to retain talent through certain HR initiatives.

#### **Risks and their management**

A significant part of the Orchid's revenue, costs, assets and liabilities are denominated in foreign currencies. Unhedged trade and financial exposure thus creates potential to adversely impact its operations and overall profitability. Risks are recognized at the contractual juncture under natural hedge process at various stages of operations depending upon the nature of the transaction. During the year, management practices continued to focus on minimising the economic impact on company's profitability arising from fluctuations in exchange rates.

#### **Fair Value Measurement**

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible,

but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

#### **Impairment of Financial Assets**

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets and credit risk exposure.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics.

An elaborative note is available in the attached "Notes to Financial Statements".

#### **Internal audit and control**

The Company has external teams carrying out various types of audit to strengthen the internal audit function. The Company's control systems is supported with Enterprises Resource Planning (ERP) operating on the enhanced version – SAP ERP ECC6 EHPS – for its main business processes.

The Internal Control Systems include documented policies, checks and balances, guidelines and procedures, that are supplemented by internal audit processes and monitored continuously through periodical reviews by management to provide reasonable assurance that all transactions entered into by Company are authorized, recorded and reported properly.

The Company has in place adequate systems of internal control commensurate with its size and nature of the business and ensure proper safeguarding of assets, maintaining proper accounting records and providing reliable financial statements. Based on the Internal & transaction audits, Cost Audit, Stock Audit & Statutory Audit observations and reviews, suitable steps have been taken periodically to strengthen the adequacy of the internal control systems in various functions.

#### **Cautionary statement**

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimate, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations.

Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among others, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors.

## Annexure to the Board's Report

# Annexure I Conservation of Energy

(Pursuant to Section 134(3) (m) of the Companies Act, 2013 and Rule 8(3) of the Companies (Accounts) Rules, 2014)

### a) Energy Conservation Measures Taken

The following energy conservation measures were taken by your Company during the year under review at its manufacturing facility in Alathur

- ◆ By changing the operating set points of +10 chillers in utility based on process requirement.
- ◆ Effective utilization of utility systems.
- ◆ Reduction in LPS by providing orifice in pump seal cooling and cooling tower blow down.
- ◆ Light load reduction by the conversion of High Rating Lights to its equivalent LED.

Due to the various energy conservation activities implemented, mentioned in (a) above, there was a reduction in power consumption by around 1,491 UPD and LPS of 12.8 KLPD leading to a saving of around Rs.40.40 Lakhs annually with Rs.4.61 Lakhs investment.

### b) Proposed energy conservation measures

Some of the proposals that are considered / being implemented for saving energy are:

- ◆ Effluent reduction from Butyl Acetate distillation system in ph-10.
- ◆ Conversion of -40'B' chiller from single stage to double stage.
- ◆ Utilization of -40 against -70 or Liquid Nitrogen in DCC batch
- ◆ Effluent reduction in CAVA – Methanol distillation by indirect heating method.
- ◆ Effluent Reduction in cooling tower blow down based on water analysis.

Further, the energy conservation measures proposed to be taken up by the company as mentioned in (b) above are expected to bring in savings of around Rs.154 lakhs annually with the investment of Rs.32 lakhs.

### (c) The steps taken by the Company for utilizing alternate sources of energy

Energy wheeling through gas based captive generating plant is being done resulting in lesser cost of power compared to TANGEDCO power. We are trying to source renewable power on economical cost.

### (d) Capital Investment on Energy Conservation Equipments:

No significant capital investment was made on energy conservation equipment during the Financial Year 2018-19.

## ANNEXURE II – TECHNOLOGY ABSORPTION

### I. Research and Development

#### 1. Specific areas in which research and development activities have been carried out by the Company during the year.

Process Research and Development Centre worked on the development of manufacturing process for selected APIs (Active Pharmaceutical Ingredients) in cephalosporin segment. For few products which gained approval from regulatory agencies, R&D department has pursued the cost reduction research on the manufacturing process of APIs through review of technology and improvement in the process of APIs and API Intermediates to maintain and improve competitiveness. R&D department has also generated scientific data, support for scientific justifications, new validations, and experimental evidence to appropriately respond to the queries from various regulatory agencies of regulated markets related to review of ANDA (Abbreviated New Drug Application)& DMF (Drug Master File), and support/catalyse the approval process of dossiers. R&D ensured the availability of impurities through synthesis, enrichment and isolation in pure form to characterize the structure and meet the requirement of both the commercial supply of APIs to existing drug product customers, developing new customers and entry into new markets. R&D team supported the investigations required for continuing the production of the approved APIs and Drug Product customers for enabling the commercial supply. R&D team supported manufacturing location through demonstration of the process with appropriate modification on manufacturing scale for selected APIs. R&D has enabled the transfer of technology of APIs to the new manufacturing site with new KSM vendors by performing appropriate qualifications through IP, Analytical and Synthetic evaluations. R&D has taken up new monograph evaluations to permit continuation of API and formulation business in regulated markets.

#### 2. Benefits derived as a result of the above R&D activities.

Generation of scientific data, scientific/experimental justification for the process and analytical data at R&D department has enabled to files get approval or progress towards approval of ANDA/DMF dossiers filed with various regulatory agencies for Zolmitriptan, Rasagiline, Ibuprofen, Eszopiclone, Naratriptan and Granisetron, pave way for commercialization of APIs, and supply of APIs for developing formulation for generic business. Cost reduction improvements for APIs, API intermediates/ KSMs, identification and generation of impurity standards, and investigations required at the manufacturing locations have enabled market competitiveness and commercialization of APIs. Development of manufacturing process for new APIs will pave way for introducing new products in the Orchid's product portfolio. The

analytical data and methods have been utilized to include Orchid's methods in Official Pharmacopoeia Monographs apart from new monograph evaluations to support continuance of our API/DP business in regulated markets. Orchid's IP review and para-IV positioning challenging the Orange Book patents have enabled to launch earlier than patent expiry.

#### 3. Future plan of action

R&D will focus its efforts in the development of manufacturing process of APIs of new drug substances which have potential to be launched in next few years, including capturing of first-to-file opportunities related to selected multidrug resistant Cephalosporins. In addition to the reduction of the cost of materials and improvement of productivity to maintain and increase the competitiveness, R&D will also concentrate on improvement of the manufacturing and route of synthesis. In those cases where the commercial prices of KSMs (Key Starting Materials) have gone up and where there is difficulty in sourcing quality KSMs, R&D will focus on developing manufacturing process to produce it at an economic cost.

#### 4. Expenditure on R & D

The R&D outlay was as follows:

(Rs. in Lakhs)

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
a) Capital	-	-
b) Recurring	1262.25	1516.11
c) Total	1262.25	1516.11
d) Total R & D expenditure as a percentage of the total turnover	2.16%	2.34%

### II. Technology absorption, adaptation and innovation

#### I. Research and Development:

##### 1. Efforts in brief, made towards technology absorption, adaptation and innovation:

With a need to have an alternate site for manufacturing APIs for both in house consumption and for market requirement, R&D enabled transfer of the manufacturing technology to new facility for selected APIs. In addition, R&D was actively involved in identifying new KSM manufactures besides supporting existing KSM manufactures through scientific support in order to supply KSMs meeting the stringent quality requirements. In order to reduce the cost of manufacturing APIs, new processes for producing selected KSMs at reduced cost have been developed.

**2. Benefits derived as a result of the above efforts, e.g. product improvement, cost reduction, product development, import substitution, etc.:**

The product improvement and demonstration of process at the manufacturing location have helped progress towards commercialization of the drug products in the markets. R&D's scientific and experimental inputs for responding to regulatory queries and customer queries have helped in getting regulatory approvals for the drug product/drug substance dossiers, enabling commercial presence in markets. Scientific and technical inputs with respect to manufacturing of APIs at the manufacturing location, and manufacturing of KSMs by the KSM vendors have helped to continue the manufacturing of APIs and KSMs meeting

the respective filed specifications and maintain commercialization in regulated and other markets.

**3. Imported technology (imported during the last 3 years reckoned from the beginning of the financial year):**

a) Technology	No new technology has been imported by Orchid during the year
b) Year of import	Not applicable
c) Has this technology been fully absorbed	Not applicable
d) If not fully absorbed, areas where this has not taken place, reasons there of and future plans of action.	Not applicable

## Annexure III - FOREIGN EXCHANGE EARNINGS & OUTGO

## Annexure VI to the Board's Report

**FORM NO. MR 3 - SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED 31.03.2019 [Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]**

To,

The Members,

**Orchid Pharma Limited**

**(Formerly Known as Orchid Chemicals & Pharmaceuticals Limited)**

Chennai

1. We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Orchid Pharma Limited, formerly known as Orchid Chemicals & Pharmaceuticals Limited (hereinafter called the company). Secretarial Audit was conducted based on records made available to us, in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion/understanding thereon.
2. Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and made available to us and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we, on strength of those records, and information so provided, hereby report that in our opinion and understandings, the Company has, during the audit period covering the financial year ended on March 31, 2019, appears to have complied with the statutory provisions listed hereunder and also in our limited review, that the Company has proper and required Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minutes' book, forms and returns filed and other records maintained by the Company and made available to us, for the financial year ended on March 31, 2019 according to the applicable provisions of:

- i) The Companies Act, 2013 (the Act) and the rules made thereunder and the Companies Act, 1956 and the rules made thereunder as applicable;
- ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv) Foreign Exchange Management Act, 1999 (FEMA) and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

The following Regulations and Guidelines prescribed under the Securities and exchange Board of India Act, 1992('SEBI ACT'):-

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 as substituted by the Securities and Exchange Board of India (Issue of Capital And Disclosure Requirements) Regulations, 2018;
- d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; Not applicable as the Company has not issued any shares/options to directors/employees under the said guidelines / regulations during the year under review

- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; Not applicable as the Company has not issued any debt securities which were listed during the year under review
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; Not applicable as the Company is not registered as Registrar to Issue and Share Transfer Agent during the year under review
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; Not applicable as the Company has not delisted / propose to delist its equity shares from any Stock Exchange during the year under review and
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; Not applicable as the Company has not bought back or propose to buy-back any of its securities during the year under review and

We have examined in limited manner, the systems and processes in place to ensure compliance with specific laws like Drugs and Cosmetics Act, 1940, Trademarks Act 1919, Petroleum Act 1934, Narcotic Drugs and Psychotropic Substances Act, 1985 considering and relying upon representations made by the Company and its Officers for systems and mechanism formed by the Company for compliances under these laws.

We have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to Meetings of Board of Directors (SS-1) and General Meetings (SS-2).
- ii) The Listing Agreements entered into by the Company with National Stock Exchange Limited and BSE Limited in accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has generally complied with the applicable provisions of the Act, SEBI Act, FEMA, and their Rules, Regulations, Guidelines, Standards, mentioned above except to the extent mentioned below:

There has been delay, in filing / non filing of returns with respect to events happened during the year 2018-19, filing of Audited financial results for the year ended March 31, 2018 and quarterly unaudited financial results for the quarter ended June 2018 and September 2018 with Stock Exchanges under SEBI (LODR) 2015 and related compliances thereon and compliances related to Independent Directors have not been complied with, as there are no Independent Directors on the Board and currently there is only one director on the Board, as all the directors have resigned and the nominees of the banks were withdrawn. However the prescribed form for resignation of 2 directors could not be filed as the minimum number of directors fell below 3.

The Company is under the Corporate Insolvency Resolution Process w.e.f 17.08.2017 vide order of the NCLT, Chennai Bench. Subsequent to the commencement of the Corporate Insolvency Resolution Process, the powers of the board of Directors stood suspended and the management of affairs of the company vested with the resolution professional Mr.Sripatham Venkatasubramanian Ramkumar pursuant to his appointment in the COC Meeting held on 03.10.2017 which was confirmed by Honourable National Company Law Tribunal, Chennai Bench vide order dated 27.10.2017.

It is represented to us that the company has initiated measures, wherever required, to address issues raised by the statutory authorities and letters / notices received by the Company during the financial year under various enactments as applicable to the company.

We further report that, the related documents that we have come across depict that:

The powers of Board of Directors of the Company stands suspended pursuant to the commencement of Corporate Insolvency Resolution Process with effect from 17.8.2017. During the FY 2018-19, the company was under the management of Mr. Sripatham Venkatasubramanian Ramkumar, Resolution Professional.

During the Financial Year 2018-2019, meetings were convened by the Resolution Professional in lieu of quarterly meetings of Board of Directors, for which adequate notices are given.

We further report that, based on our limited review there appear adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that, as per the information provided to us, during the audit period, we came across a number of legal proceedings pending against the company and by the company, which the company is handling at its end.

We further report that, during the year, the scrips of the Company were trading in "Z" group.

We further report that, a fine of Rs. 33,14,958/- by National Stock Exchange of India Ltd and Rs. 17,69,575/- by BSE Ltd. was imposed on the Company for delay in submission of financial results for the quarter ended March 31, 2018, June 30, 2018 and September 30, 2018.

We further report that, during the period, the Company has sought approval from its members for ratification of remuneration to Shri J Karthikeyan, Cost Accountant, the cost Auditor of the company.

We further report that during the audit period the company was under CIRP Process under provisions of Insolvency and Bankruptcy code, 2016 as stated above, having a major bearing on the Company's affairs. During the Financial year 2018-2019, resolution plan as provided under Insolvency and Bankruptcy code, 2016 has been given for reviving the company which has been approved by the committee of creditors with requisite majority for which necessary application has been filed by the company with Honourable National Company Law Tribunal and has been approved on September 17, 2018.

As per the order passed by the Honourable National Company Law Tribunal, Chennai Bench, the approved resolution plan has been annulled as the resolution applicant has failed to implement the approved resolution plan. Hence, Honourable NCLT passed an order on February 28, 2019. Pursuant to the above order, the period for CIRP has been extended by 105 days considering the time lost from the date of Expression of Interest till the date of annulment of the approved resolution plan submitted by the Resolution Applicant and the process is currently underway.

We further report that, our Audit was subjected only to verifying adequacy of systems and procedures that are in place for ensuring proper compliance by the Company and we are not responsible for any lapses in those compliances on the part of the Company.

# Independent Auditors' Report

To the members of

**Orchid Pharma Limited**

## **Report on the audit of the standalone financial statements**

### **Qualified Opinion**

We have audited the standalone financial statements of Orchid Pharma Limited ("the Company"), which comprise the balance sheet as at March 31, 2019, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us and subject to matters described in the Basis of Qualified Opinion paragraph and the Material Uncertainty Relating To Going Concern Section below, the aforesaid standalone financial statements give the information required by the Companies Act 2013 ("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its loss, total comprehensive income, the changes in equity and cash flows for the year ended as on that date.

### **Basis for Qualified Opinion**

We conducted our audit in accordance with the standards on auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

We draw attention to the following matters:

- (a) Note 1 to the standalone financial statements, regarding application by an operational creditor, initiating the insolvency provisions under the Insolvency and Bankruptcy Code, 2016 ('the Code') and the consequential appointment of the RP under the Code, and adequacy of disclosures concerning the Company's ability to meet its financial and contractual obligations including management's technical estimates in regard to realisation of value of inventories, overdue receivables (net of provisions) amounting to Rs. 2,338.09 Lakhs, loans and advances given to various parties (net of provisions) amounting to Rs.75,264.21 Lakhs (which includes capital advances of Rs.52,206.06 Lakhs and other advances of Rs.23,058.15 Lakhs), provision for impairment, if any, required for property, plant and equipment (PPE), PPE under development, internally generated intangible assets comprising of DBF/ ANDA, other non-monetary assets, investments, unamortised finance charges, claims made by/ advances given to employees, financial obligations including repayment of various loans, unpaid interest and the ability to fund various obligations pertaining to operations including unpaid/ overdue creditors, for ensuring/ commencing normal operations and further investments required towards ongoing research and development projects under progress (carrying amount of Rs.1,431 Lakhs).

The possible impact, if any, arising out of the above matters is not presently ascertainable.

The above matters, other than CIRP related, have been outstanding for more than 3 years and have been qualified by the predecessor auditors in their audit report for earlier years. These matters have also been qualified in our earlier years' audit reports.

- (b) Confirmation of balances are not available for majority of the trade receivables, loans and advances given, trade payables, claims received from the employees, bank balances and bank loans as at March 31, 2019. Pursuant to the CIRP, the Company stopped providing interest on bank borrowings for the current year, after the CIRP commencement date and reversed the interest already accounted in the earlier years over and above the amount approved by RP. In the absence of the confirmation of balances, the possible adjustments, if any, required in the standalone financial statements are not presently determinable.

The above matters, other than CIRP related, have been outstanding for more than 3 years and have been qualified by the predecessor auditors in their audit report for earlier years. These matters have also been qualified in our earlier years' audit reports.

- (c) The value of claims lodged by the Financial Creditors includes Foreign Currency Term Loan availed by the Group from consortium of Banks led by Axis Bank, admitted under CIRP commencement date amounting to INR is Rs.51,672.27 Lakhs and the same is carried in the Balance sheet at a value of Rs.56,044.14 Lakhs, arrived at by restating the foreign currency value of the loan to the extent admitted with the closing exchange rate as on March 31, 2019. If this loan is stated at the INR value as admitted under CIRP, there will be a net gain of Rs.3133.73 Lakhs after setting off the Foreign Currency Monetary Item Translation Difference account carried under "other equity" in respect of this loan.

Pending completion of the CIRP process and related confirmation by Axis Bank, no adjustment is made in the financial statements in respect of the above.

- (d) The Company's net worth as on the reporting date is negative and it continue to incur losses. Considering the above and the further matters more fully explained in the Material Uncertainties Relating To Going Concern section below, we are unable to comment on the appropriateness of preparation of the standalone financial statements on a going concern basis.
- (e) We have not been provided with sufficient, appropriate audit evidence relating to physical verification of fixed assets/ related reconciliation with the books of account. We were informed that the Company is a continuous processing industry and the Company is in the process of carrying out the physical verification of fixed assets. Pending completion of such verification/ reconciliation, we are unable to comment on the possible impact, if any, arising out of the above matters.

Considering the aforesaid matters, the internal controls over financial reporting also needs to be further strengthened to make them commensurate with the size and nature of business of the Company.

- (f) We have been informed by the RP that certain information including the minutes of the meetings of the CoC, cases filed by the RP against the key management personnel, employees, suppliers, customers and other parties and the outcome of certain specific/ routine procedures carried out as part of the IBC process are confidential in nature and could not be shared with anyone, other than the CoC and Hon'ble NCLT. We have not also been provided with sufficient, appropriate audit evidence in respect of avoidance

applications filed under the IBC Code by the RP due to the confidentiality involved.

In the opinion of the RP, the matter is highly sensitive, confidential and may have adverse impact of the successful implementation of the resolution plan.

Accordingly, we are unable to comment on the possible adjustments required in the carrying amount of assets and liabilities, possible presentation and disclosure impacts, if any, that may arise if we have been provided access to review of those information.

#### Material Uncertainty Related to Going Concern

The Company's net worth as on the reporting date is negative and it continue incur losses. Since the successful bidder has not commenced implementation of the terms and conditions of the Resolution Plan and also not complied with the conditional order of the Hon'ble NCLT dated November 2, 2018, the Hon'ble NCLT vide its order dated February 28, 2019, annulled the existing resolution plan and given additional CIRP period of 105 days. The Hon'ble NCLT also ordered that the RP and CoC will discharge their function as before during this additional CIRP period.

The matters referred to in para (a) to (c) of the basis of qualified opinion paragraph above also essentially require the Company to resolve the situations specified therein within the framework specified through the CIRP. In the absence of any specific guidance or direction that can be assessed out of CIRP, material uncertainties exist that may cause significant doubt on the Company's ability to continue as a going concern. Attention is also invited to para (d) of basis of qualified opinion paragraph above.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, there are no other key audit matters to be communicated in our report, other than those morefully described in the Basis for Qualified Opinion paragraph and in the Material Uncertainty Related to Going Concern section above.

#### Information other than the financial statements and auditors' report thereon

The Company's management/ RP are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's responsibility for the financial statements**

The Company's management/ RP are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.

We were informed that the standalone financial statements have been approved by the RP based on representations, clarifications and explanations provided by the Managing Director, Chief Financial Officer and Key Management Personnel of the Company for the preparation and presentation of the standalone financial statements.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management/ RP is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The management/ RP are also responsible for overseeing the Company's financial reporting process.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management/ RP's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures,

and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on other legal and regulatory requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit; subject to the matters given in the basis of qualified opinion paragraph;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books; subject to the matters given in the basis of qualified opinion paragraph;
- (c) The balance sheet, the statement of profit and loss including other comprehensive income, statement of changes in equity and the statement of cash flow dealt with by this report are in agreement with the books of account;

- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, subject to the matters given in the basis of qualified opinion paragraph;
- (e) Since the powers of the board of directors is suspended pursuant to the CIRP, receiving written representations from the directors that none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act and taking it on record by the board of directors is not applicable for the year under consideration;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses a modified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 45 to the standalone financial statement
  - b. The Company has made provision, subject to the matters given in the basis of qualified opinion paragraph, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and
  - c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the members of Orchid Pharma Limited of even date

### 1. In respect of the Company’s fixed assets:

- (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a program of verification to cover all the items of fixed assets in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. However, no physical verification has been carried on by the management during the year. Accordingly, we were unable to comment on whether any material discrepancies were noticed on such verification and whether they are properly dealt with in the financial statements.
- (c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.

In respect of immovable properties pledged as security for borrowings, the Company is in the process of obtaining confirmation of title deeds deposited with the lenders. Accordingly, we are unable to express our comment on those items of immovable properties.

- 2. The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. According to the information and explanations given to us and as examined by us, no material discrepancies were noticed on such verification.
- 3. According to information and explanation given to us, the company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under section 189

of the Companies Act, 2013. Accordingly, paragraph 3 (iii) of the order is not applicable.

- 4. In our opinion and according to information and explanation given to us, the company has not granted any loans or provided any guarantees or given any security to which the provision of section 185 of the companies Act are applicable.

In respect of investments made by the Company, the Company had complied with the provisions of section 186 of the Companies Act, 2013.

- 5. In our opinion and according to the information and explanations given to us, the company has not accepted any deposits and accordingly, paragraph 3 (v) of the order is not applicable.
- 6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the same.
- 7. According to the information and explanations given to us, in respect of statutory dues:

- (a) The Company has not been regular in depositing undisputed statutory dues, including provident fund, employees’ state insurance, income tax, sales tax, service tax, value added tax, goods and services tax, customs duty, excise duty, cess and other material statutory dues applicable to it with the appropriate authorities;
- (b) There were no undisputed amounts payable in respect of provident fund, employees’ state Insurance, income tax, sales tax, service tax, value added tax, goods and services tax, customs duty, excise duty, cess and other material statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable; and

- (c) The details of dues of income tax, sales tax, service tax, excise duty, goods and services tax and value added tax which have not been deposited as at March 31, 2019 on account of dispute are given below:

Statute	Nature of dues	Amount (Rs.in lakhs)	Period to which the amount relates	Forum where the dispute is pending

## Annexure “B” to the Independent Auditor’s Report on Standalone financial statements

Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Orchid Pharma Limited of even date

### **Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Orchid Pharma Limited (“the Company”) as at March 31, 2019, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management’s responsibility for internal financial controls**

The management/ RP of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial

reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company’s internal financial control system over financial reporting.

#### **Meaning of internal financial controls over financial reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition

of the company's assets that could have a material effect on the financial statements.

#### **Limitations of internal financial controls over financial reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis of qualified opinion**

We observed significant deficiencies in the internal financial controls relating to maintenance of sufficient, appropriate audit trail / documentation in respect of (a) physical verification of fixed assets; and (b) related reconciliation with the books of account.

#### **Qualified Opinion**

In our opinion and according to the information and explanations given to us, the Company has to further strengthen in all material respects, the internal financial control system over financial reporting to make such internal financial controls over financial reporting to operate effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes to Financial Statements for the year ended March 31, 2019

### 1 Corporate Information

Orchid Pharma Ltd., is one of the leading pharmaceutical companies in India head quartered in Chennai and involved in the development, manufacture and marketing of diverse bulk actives, formulations and nutraceuticals with exports spanning over 40 countries. Orchid's world class manufacturing infrastructure include USFDA compliant API and Finished Dosage Form facilities at Chennai in India. Orchid has dedicated state-of-art and GLP compliant R&D infrastructure for Process research, Drug Discovery and Pharmaceutical research at Chennai, India. Orchid has ISO 14001 and OHSAS 18001 certifications. Orchid's Equity shares are listed on the National Stock Exchange of India Limited (NSE) and the BSE Limited (BSE) in India.

"The Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench, admitted the Corporate Insolvency Resolution Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("the Company") and appointed an Interim Resolution Professional ("IRP"), in terms of the Insolvency and Bankruptcy Code, 2016 ("the Code") to manage the affairs of the Company vide CP.No. CP/ 540/ (IB)/ CB/ 2017, dated August 17, 2017. Subsequently, Mr. Ramkumar Sripatham Venkatasubramanian (IP Registration no. IBBI/IPA-001/IP-P00015/2016-17/10039) was appointed as the Resolution Professional ("RP") of the Company, by an order of NCLT with effect from October 27, 2017.

As per the order of the company NCLT, the powers of the board directors of the company shall stand suspended and shall vest with the RP."

### 2 Basis of preparation of financial statements

#### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

#### Basis of preparation and presentation

The Company's net worth as on the reporting date is negative. The Resolution Plan filed by the RP has been approved by NCLT vide its order dated September 17, 2018. However, the successful Resolution Applicant has not commenced implementation of the approved Resolution Plan. Consequently, vide order dated February 28, 2019, the NCLT annulled the existing resolution plan and given additional CIRP period of 105 days to the RP and Committee of Creditors (CoC). The NCLT also ordered that the RP and CoC will discharge their function as before during this CIRP period. The RP and CoC are taking necessary steps to identify alternative resolution plans.

Pending this and measures to be adopted as part of the resolution process, the financial statements have been prepared and presented by the Company on a going concern basis.

#### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

#### Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals).

The financial statements are approved for issue by the Company's Resolution Professionals/ Board of Directors on June 3, 2019.

### 2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

#### Property, Plant and Equipment (PPE) and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

#### Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

#### Deferred Tax Assets

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/ recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

#### Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

#### Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

#### Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

#### Defined Benefit Plans and Other long term employee benefits

The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future

## Notes to Financial Statements for the year ended March 31, 2019

salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

### Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

## 2B Recent accounting pronouncements

### Standards issued but not yet effective

**Ind AS 116 Leases:** On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019.

The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of profit and loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The Company has evaluated the requirements of the above standards and the effect on the financial statements is not considered to be significant.

**Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments:** On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

**Amendment to Ind AS 12 – Income taxes:** On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes. The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

**Amendment to Ind AS 19 – plan amendment, curtailment or settlement:** On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: • to use updated assumptions to determine current service cost and net

## Notes to Financial Statements for the year ended March 31, 2019

interest for the remainder of the period after a plan amendment, curtailment or settlement; and • to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

### 3 Significant Accounting Policies

#### a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

#### b) Fair value measurement

The Company has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

## Notes to Financial Statements for the year ended March 31, 2019

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

### c) Revenue Recognition

#### Sale of goods

Revenue is recognised when the company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset., which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers. "Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

#### Export entitlements

In respect of the exports made by the Company, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

#### Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

## Notes to Financial Statements for the year ended March 31, 2019

### **Dividend income**

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

### **d) Property, plant and equipment and capital work in progress**

#### **Deemed cost option for first time adopter of Ind AS**

Under the previous GAAP (Indian GAAP), the property, plant and equipment were carried in the balance sheet at cost less accumulated depreciation. The company has elected to continue to measure the property, plant and equipment at their previous GAAP carrying values as at the date of transition, viz., 1 April 2016.

#### **Presentation**

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

#### **Component Cost**

All material/ significant components have been identified and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

#### **Derecognition**

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### **e) Depreciation on property, plant and equipment**

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013, except in respect of certain assets, where useful life estimated based on internal assessment and/or independent technical evaluation carried out by external valuer, past trends and differs from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

## Notes to Financial Statements for the year ended March 31, 2019

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded/ sold. Additions to fixed assets, costing Rs.5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### f) Intangible assets

Under the previous GAAP (Indian GAAP), intangible assets were carried in the balance sheet at cost less accumulated depreciation. The Company has elected to consider the previous GAAP carrying amount of the intangible assets as the deemed cost as at the date of transition, viz., 1 April 2016.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. “

DMF and ANDA costs represent expenses incurred on development of processes and compliance with regulatory procedures of the US FDA, in filing Drug Master Files (“DMF”) and Abbreviated New Drug Applications (“ANDA”), in respect of products for which commercial value has been established by virtue of third party agreements/arrangements.

#### Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The cost of each DMF/ ANDA (self generated intangible assets) is amortised to the extent of recovery of developmental costs applicable as per terms of the agreement or over a period of 5 years from the date on which the product covered by DMF/ ANDA is commercially marketed, whichever is earlier.

#### Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

## Notes to Financial Statements for the year ended March 31, 2019

### g) Inventories

Inventories are carried at the lower of cost or net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

- (i) Raw materials/Chemicals/Packing materials/Stores & spares: At annual weighted average cost.
- (ii) Work-in-progress and intermediates: At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer
- (iii) Finished goods/Traded goods: At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

#### Financial assets

##### Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also added to the cost of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

##### Financial assets are classified into the following categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

##### Debt instruments at amortised cost

The Company classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the

## Notes to Financial Statements for the year ended March 31, 2019

EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

### Debt instrument at FVTOCI

The Company classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

### Debt instrument at FVTPL

The Company classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Company makes an irrevocable election of classifying the equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and others, deposits, interest receivable and other advances recoverable in cash.
FVTOCI	Equity investments in companies other than subsidiaries and associates if an option exercised at the time of initial recognition.
FVTPL	Other investments in equity instruments

### Derecognition

A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

## Notes to Financial Statements for the year ended March 31, 2019

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### **Impairment of financial assets**

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, receivables and bank balance.
- b) Financial assets that are debt instruments and are measured at FVTOCI
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

## Notes to Financial Statements for the year ended March 31, 2019

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at FVTPL

## Notes to Financial Statements for the year ended March 31, 2019

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

### Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument. Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at fair value through profit or loss, are subsequently measured at higher of (i) The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 – Financial Instruments and (ii) The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18 – Revenue.

Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which

## Notes to Financial Statements for the year ended March 31, 2019

are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S.No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### i) Foreign currency transactions and translations

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

## Notes to Financial Statements for the year ended March 31, 2019

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Company enters into forward exchange contract to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

### j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur. "Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### k) Government grants

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.

In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

Government grants related to assets, including non-monetary grants at fair value, shall be presented in the balance sheet by setting up the grant as deferred income. The grant set up as deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

### l) Taxes

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

## Notes to Financial Statements for the year ended March 31, 2019

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### m) Retirement and other employee benefits

#### Short-term employee benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

## Notes to Financial Statements for the year ended March 31, 2019

### **Defined benefit plans**

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

### **Compensated absences**

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

### **Other long term employee benefits**

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

### **n) Leases**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 1, 2016, the Company has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

### **o) Impairment of non financial assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

## Notes to Financial Statements for the year ended March 31, 2019

### p) Provisions, contingent liabilities and contingent asset

#### Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made, if realisation of money is doubtful in the judgement of the management.

#### Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

#### Contingent assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

Contingent assets are disclosed but not recognised in the financial statements.

### q) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

### r) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

### s) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate."

### Notes

- The Company has applied Ind AS 115 "Revenue from Contracts with Customers" for the first time for the accounting period commencing on April 1, 2018. Since the Company's revenue mainly consists of sale of manufactured pharma and allied products, there is no impact on revenue/ related assets and liabilities on such application. Accordingly, no adjustment is considered necessary in the financial statements relating to the transitional provisions prescribed in Ind AS 115.
- In India, Goods and Service Tax (GST) has been effective from July 01, 2017. Consequently, excise duty, value added tax (VAT), service tax etc. have been replaced with GST. Until June 30, 2017, 'Sale of products' included the amount of excise duty recovered on sales. With effect from July 01, 2017, 'Sale of products', excludes the amount of GST recovered. Accordingly, revenue from 'Sale of products' and 'Revenue from operations' for the year ended March 31, 2018 are not comparable with those of the previous year.

### Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposure through its finance division, wherever required, to mitigate the risks from such exposures.

### Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures.

### Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

As on March 31, 2019							
Currency	Liabilities			Assets			Net overall exposure on the currency - net assets / (net liabilities)
	Gross exposure	Exposure hedged using derivatives	Net liability exposure on the currency	Gross exposure	Exposure hedged using derivatives	Net asset exposure on the currency

### Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because of the existing exchange earning capacity of the company on account of its EOU status (Export oriented undertaking) and higher proportion of earnings in foreign exchange through exports.

### Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Pursuant to CIRP, the Company stopped providing interest on borrowings from banks and financial institutions and also reversed the interest charged in the earlier quarters and years (from the date of commencement of CIRP). Accordingly, in the opinion of the management, the quantitative disclosure of interest rate sensitivity is not considered to be a meaningful representation of the present facts.

## Notes to Financial Statements for the year ended March 31, 2019

### **Credit risk management**

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

### **Exposure to credit risk**

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

#### **(a) Trade Receivables**

The Company has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank guarantee/ letter of credit or security deposits.

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

#### **(b) Investments, Cash and Cash Equivalents and Bank Deposits**

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Company enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved banks/ financial institutions/ counterparty. Investments primarily include bank deposits, etc. These bank deposits and counterparties have low credit risk. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in bank deposit and restricts the exposure in equity markets.

### **Offsetting related disclosures**

Offsetting of cash and cash equivalents to borrowings as per the bank agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

### **Liquidity risk management**

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### **Liquidity tables**

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

### 51 Retirement benefit plans

#### Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of Gratuity fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund, Gratuity fund, Superannuation fund as well as Employee State Insurance Fund.

The total expense recognised in profit or loss of Rs.509.54 Lakhs (for the year ended March 31, 2018: Rs.777.87 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

## Notes to Financial Statements for the year ended March 31, 2019

### Defined benefit plans

#### (a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted. These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

#### Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.

#### Interest risk

A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.

#### Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

#### Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2019	March 31, 2018
Discount Rate	7.32 %	7.45 %
Rate of increase in compensation level	5.00 %	5.00 %
Expected return on plan assets	7.32 %	7.45 %
<b>Mortality</b>	<b>Indian Assured Lives Mortality (2006-08) (Ultimate)</b>	<b>Indian Assured Lives Mortality (2006-08) (Ultimate)</b>

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts recognised in total comprehensive income in respect of these defined benefit plans are as follows:	March 31, 2019	March 31, 2018
Amount recognised under Employee Benefits Expense in the Statement of profit and Loss:		
Current service cost	112.59	107.25
Net interest expense	98.65	96.20
Return on plan assets (excluding amounts included in net interest expense)	(63.77)	(68.16)
Components of defined benefit costs recognised in profit or loss	147.47	135.29
Amount recognised in Other Comprehensive Income (OCI) for the Year		
Remeasurement on the net defined benefit liability comprising:		
Actuarial (gains)/losses recognised during the period	(96.16)	(80.86)

## Notes to Financial Statements for the year ended March 31, 2019

## Notes to Financial Statements for the year ended March 31, 2019

### Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

### (b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

The design entitles the following risk	
<b>Interest rate risk</b>	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
<b>Salary inflation risk</b>	Higher than expected increases in salary will increase the defined benefit obligation.
<b>Demographic risk</b>	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.
The above provisions are reflected under 'Provision for employee benefits- leave encashment' (long-term provisions) [Refer note 20] and 'Provision for employee benefits - leave encashment' (short-term provisions) [Refer note 24].	

- 52 The Company is in the process of carrying out a comprehensive confirmation and reconciliation of receivables, loans and advances given, payables, bank balances and other financial assets, the claims received from the employees, financial creditors (including excess/ short provision of interest, non-provision of penal interest by the Company considering the agreement reached by the joint lenders meeting) and operational creditors with the books of account.

Further, the Company is in the process of carrying out physical verification of fixed assets/ related reconciliation with the books of account and reconciliation of restatement account of foreign currency assets and liabilities

Pending completion of the aforesaid comprehensive reconciliation, the possible impact, if any, is not presently determinable. Accordingly, no adjustment has been made in the financial statements.

- 53 The value of claims lodged by the Financial Creditors includes Foreign Currency Term Loan availed by the Group from consortium of Banks led by Axis Bank, admitted under CIRP commencement date amounting to INR is Rs.51,672.27 Lakhs and the same is carried in the Balance sheet at a value of Rs.56,044.14 Lakhs, arrived at by restating the Foreign currency value of the loan to the extent admitted with the closing exchange rate as on March 31, 2019. If this loan is stated at the INR value as admitted under CIRP, there will be a net gain of Rs.3133.73 Lakhs after setting off the Foreign Currency Monetary Item Translation Difference carried under "other equity" in respect of this loan.

Pending completion of the CIRP process and related confirmation by Axis Bank, no adjustment is made in the financial statements in respect of the above.

- 54 The Company had reversed the interest provided after the CIRP period in the earlier years and also stopped accruing further interest in the current and previous quarters. As explained earlier, vide order dated February 28, 2019, the Hon'ble NCLT annulled the existing resolution plan and given additional CIRP period of 105 days. The NCLT also ordered that the RP and CoC will discharge their function as before during this additional CIRP period. The RP and CoC are in taking necessary steps to identify alternative resolution plans.

Pending this and measures to be adopted as part of the resolution process, no effect has been given in the financial statements for the possible adjustments, if any, required in the carrying amount of assets and liabilities, possible presentation and disclosure requirements.

# Independent Auditors' Report

To the members of

**Orchid Pharma Limited**

**Report on the Audit of the Consolidated Financial Statements**

## Qualified Opinion

We have audited the accompanying consolidated financial statements of Orchid Pharma Limited, ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") which comprise of the Balance Sheet as at March 31, 2019, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and subject to matters described in the Basis of Qualified Opinion paragraph and the Material Uncertainty Relating To Going Concern section below, the aforesaid Consolidated Financial Statements for the year ended March 31, 2019 give the information required by the Companies Act 2013 ("Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated loss, consolidated total comprehensive income, consolidated changes in equity and the consolidated cash flows for the year ended on that date.

## Basis for qualified opinion

We conducted our audit in accordance with the standards on auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the code of ethics issued by

the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the Consolidated Financial Statements.

We draw attention to the following matters:

- (a) Note 1 to the consolidated financial statements, regarding application by an operational creditor, initiating the insolvency provisions under the Insolvency and Bankruptcy Code, 2016 ('the Code') and the consequential appointment of the RP under the Code, and adequacy of disclosures concerning the Group's ability to meet its financial and contractual obligations including management's technical estimates in regard to realisation of value of inventories, overdue receivables (net of provisions) amounting to Rs. 2,338.09 Lakhs, loans and advances given to various parties (net of provisions) amounting to Rs.75,264.21 Lakhs (which includes capital advances of Rs.52,206.06 Lakhs and other advances of Rs.23,058.15 Lakhs), provision for impairment, if any, required for property, plant and equipment (PPE), PPE under development, goodwill, internally generated intangible assets comprising of DBF/ ANDA, other non-monetary assets, investments, unamortised finance charges, claims made by/ advances given to employees, financial obligations including repayment of various loans, unpaid interest and the ability to fund various obligations pertaining to operations including unpaid/ overdue creditors, for ensuring/ commencing normal operations and further investments required towards ongoing research and development projects under progress (carrying amount of Rs.1,431 Lakhs).

The possible impact, if any, arising out of the above matters is not presently ascertainable.

The above matters, other than CIRP related, have been outstanding for more than 3 years and have been qualified by the predecessor auditors in their audit report for earlier years. These matters have also been qualified in our earlier years' audit reports.

- (b) Confirmation of balances are not available for majority of the trade receivables, loans and advances given, trade payables, claims received from the employees, bank balances and bank loans as at March 31, 2019. Pursuant to the CIRP, the Group stopped providing interest on bank borrowings for the current year, after the CIRP commencement date and reversed the interest already accounted in the earlier years over and above the amount approved by the RP. In the absence of the confirmation of balances, the possible adjustments, if any, required in the Consolidated Financial Statements are not presently determinable.

The above matters, other than CIRP related, have been outstanding for more than 3 years and have been qualified by the predecessor auditors in their audit report for earlier years. These matters have also been qualified in our earlier years' audit reports.

- (c) The value of claims lodged by the Financial Creditors includes Foreign Currency Term Loan availed by the Group from consortium of Banks led by Axis Bank, admitted under CIRP commencement date amounting to INR is Rs.51,672.27 Lakhs and the same is carried in the Balance sheet at a value of Rs.56,044.14 Lakhs, arrived at by restating the foreign currency value of the loan to the extent admitted with the closing exchange rate as on March 31, 2019. If this loan is stated at the INR value as admitted under CIRP, there will be a net gain of Rs.3133.73 Lakhs after setting off the Foreign Currency Monetary Item Translation Difference account carried under "other equity" in respect of this loan Pending completion of the CIRP process and related confirmation by Axis Bank, no adjustment is made in the financial statements in respect of the above.
- (d) The Group's net worth as on the reporting date is negative and it continue to incur losses. Considering the above and the further matters more fully explained in the Material Uncertainties Relating To Going Concern section below, we are unable to comment on the appropriateness of preparation of consolidated financial statements on a going concern basis.
- (e) We have not been provided with sufficient, appropriate audit

evidence relating to physical verification of fixed assets/ related reconciliation with the books of account. We were informed that the Company is a continuous processing industry and the Company is in the process of carrying out the physical verification of fixed assets. Pending completion of such verification/ reconciliation, we are unable to comment on the possible impact, if any, arising out of the above matters.

Considering the aforesaid matters, the internal controls over financial reporting also needs to be further strengthened to make them commensurate with the size and nature of business of the Group.

- (f) We have been informed by the RP that certain information including the minutes of the meetings of the CoC, cases filed by the RP against the key management personnel, employees, suppliers, customers and other parties and the outcome of certain specific/ routine procedures carried out as part of the IBC process are confidential in nature and could not be shared with anyone, other than the CoC and Hon'ble NCLT. We have not also been provided with sufficient, appropriate audit evidence in respect of avoidance applications filed under the IBC Code by the RP due to the confidentiality involved.

In the opinion of the RP, the matter is highly sensitive, confidential and may have adverse impact of the successful implementation of the resolution plan.

Accordingly, we are unable to comment on the possible adjustments required in the carrying amount of assets and liabilities, possible presentation and disclosure impacts, if any, that may arise if we have been provided access to review of those information.

- (g) The consolidated financial results for the year ended March 31, 2019 include the financial results for the year ended March 31, 2019, of the following subsidiary companies:

- (i) Orchid Europe Limited, UK
- (ii) Orchid Pharmaceuticals Inc., USA
- (iii) Bexel Pharmaceuticals Inc., USA
- (iv) Orchid Pharmaceuticals SA (Proprietary) Limited, South Africa
- (v) Diakron Pharmaceuticals, Inc. USA

We did not audit the financial statements of the above subsidiaries that reflect total assets of Rs.2,037.26 lakhs

and net assets of Rs. (9,924.68) lakhs as at March 31, 2019, total revenue of Rs. 2,224,27 lakhs, total comprehensive income (comprising of loss and other comprehensive income) of Rs. (418.46) lakhs and net cash flows amounting to Rs. (316.55) lakhs for the year ended on that date, as considered in the consolidated financial statements.

The financial statements of the subsidiaries are unaudited and have been furnished to us by the management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, is based solely on such unaudited financial statements. Accordingly, we do not express any opinion on the completeness and true and fair view of the financial statements, including adjustments, if any, required on the carrying amount of assets and liabilities of the above subsidiaries as at March 31, 2019 included in the Consolidated Financial Statements.

#### **Material Uncertainty Related to Going Concern**

The Group's net worth as on the reporting date is negative and it continue incur losses. Since the successful bidder has not commenced implementation of the terms and conditions of the Resolution Plan and also not complied with the conditional order of the Hon'ble NCLT dated November 2, 2018, the Hon'ble NCLT vide its order dated February 28, 2019, annulled the existing resolution plan and given additional CIRP period of 105 days. The Hon'ble NCLT also ordered that the RP and CoC will discharge their function as before during this additional CIRP period.

The matters referred to in para (a) and (c) of the basis of qualified opinion paragraph above also essentially require the Group to resolve the situations specified therein within the framework specified through the CIRP. In the absence of any specific guidance or direction that can be assessed out of CIRP, material uncertainties exist that may cause significant doubt on the Group's ability to continue as a going concern. Attention is also invited to para (d) of basis of qualified opinion paragraph above.

#### **Key audit matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, there are no other key audit matters to be communicated in our report, other than those morefully described in the Basis for Qualified Opinion paragraph and in the Material Uncertainty Related to Going Concern section above.

#### **Management's responsibility for the Consolidated Financial Statements**

The Group's management/ RP are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including consolidated other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.

The respective board of directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective board of directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Group's management/ RP is also responsible for overseeing the financial reporting process of the Group.

#### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from

material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management/ RP's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other legal and regulatory requirements

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements, subject to matters given in the basis of qualified opinion paragraph;
- (b) in our opinion, proper books of account as required by law have been kept by the Holding Company, its subsidiaries included in the Group incorporated in India, including

relevant records relating to preparation of the aforesaid Consolidated Financial Statements so far as it appears from our examination of those books and records of the Holding Company and the unaudited results of the subsidiary companies prepared by the management, subject to matters given in the basis of qualified opinion paragraph;

- (c) the consolidated balance sheet, consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flow dealt with by this report are in agreement with the relevant books of account maintained by the Holding Company and its subsidiaries included in the Group incorporated in India, including relevant records relating to the preparation of the consolidated financial statements, subject to matters given in the basis of qualified opinion paragraph;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, subject to the matters given in the basis of qualified opinion paragraph;
- (e) Since the powers of the board of directors is suspended pursuant to the CIRP, receiving written representations from the directors that none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act and taking it on record by the board of directors is not applicable for the year under consideration;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in Annexure "A". Our report expresses a modified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting; and

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act; and

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- a. The Group has disclosed, subject to matters given in the basis of qualified opinion paragraph, the impact of pending litigations on its financial position in its consolidated financial statements - refer note 39 to the consolidated financial statements;
- b. The Group has made provisions, subject to matters given in the basis of qualified opinion paragraph, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and
- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

## Annexure “A” to the Independent Auditors’ Report on Consolidated Financial Statements

Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the members of Orchid Pharma Limited of even date

### **Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)**

In conjunction with our audit of the Consolidated Financial Statements of the Group as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Orchid Pharma Limited (hereinafter referred to as “the holding company”), a company incorporated in India, as of March 31, 2019.

#### **Management’s Responsibility for Internal Financial Controls**

The management / RP of the holding company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors’ responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the holding company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our qualified audit opinion on the holding company’s internal financial control system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A Group’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorisations of management and directors of the Group; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group’s assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper

management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis of qualified opinion**

We observed significant deficiencies in the internal financial controls relating to maintenance of sufficient, appropriate audit trail / documentation in respect of (a) physical verification of fixed assets; and (b) related reconciliation with the books of account.

#### **Qualified Opinion**

In our opinion and according to the information and explanations given to us, the Group has to further strengthen in all material respects, the internal financial control system over financial reporting to make such internal financial controls over financial reporting to operate effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

# Notes to Consolidated Financial Statements for the year ended March 31, 2019

## 1 Corporate Information

The Consolidated Financial Statements comprise financial statements of "Orchid Pharma Limited" ("the Holding Company") and its subsidiaries (collectively referred to as "the Group") for the year ended March 31, 2019.

Orchid Pharma Limited was incorporated in India in July 1992 and started commercial production in February 1994. The Company manufactures Active Pharmaceuticals Ingredients as 100% export oriented unit, and manufactures and sells finished dosage forms (formulations) in domestic and export markets. The company also has full-fledged R&D facilities. The Company has invested in the following companies :

The Company, its Subsidiaries and its Associate are collectively referred as "the Group"

- a) Orchid Europe Limited, a company formed in the United Kingdom initially to market nutraceuticals through mail order/ direct marketing in the United Kingdom and Europe."
- b) Bexel Pharmaceuticals Inc., USA engaged in Pharmaceutical research and development.
- c) Orchid Pharmaceuticals Inc., USA to provide services in USA. It has wholly owned subsidiaries "Orgenus Pharma Inc, USA" which provides services in USA and "Orchid Pharma Inc./ Karalex Pharma, USA" which sells pharmaceutical products in USA.
- d) Orchid Pharmaceuticals SA ( Proprietary) Limited, South Africa to register and market formulations in South Africa.
- e) Diakron Pharmaceuticals Inc., USA engaged in Pharmaceutical research and development.

The Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench, admitted the Corporate Insolvency Resolution Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("the Holding Company") and appointed an Interim Resolution Professional ("IRP"), in terms of the Insolvency and Bankruptcy Code, 2016 ("the Code") to manage the affairs of the Company vide CP.No. CP/ 540/ (IB)/ CB/ 2017, dated August 17, 2017. Subsequently, Mr. Ramkumar Sripatham Venkatasubramanian (IP Registration no. IBBI/PA-001/IP-P00015/2016-17/10039) was appointed as the Resolution Professional ("RP") of the Company, by an order of Hon'ble NCLT with effect from October 27, 2017.

As per the order of the company Hon'ble NCLT, the powers of the board directors of the company shall stand suspended and shall vest with the RP.

## 2 Basis of preparation of financial statements

### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

### Basis of preparation and presentation

The Company's net worth as on the reporting date is negative. The Resolution Plan filed by the RP has been approved by Hon'ble NCLT vide its order dated September 17, 2018. However, the successful Resolution Applicant has not commenced implementation of the approved Resolution Plan. Consequently, vide order dated February 28, 2019, the Hon'ble NCLT annulled the existing resolution plan and given additional CIRP period of 105 days to the RP and Committee of Creditors (CoC). The Hon'ble NCLT also ordered that the RP and CoC will discharge their function as before during this additional CIRP period. The RP and CoC are taking necessary steps to identify alternative resolution plans.

Pending this and measures to be adopted as part of the resolution process, the financial statements have been prepared and presented by the Company on a going concern basis."

The Consolidated Financial Statements comprises of Orchid Pharma Limited and all its subsidiaries, being the entities that it controls. Controls are assessed in accordance with the requirement of Ind AS 110 - Consolidated Financial Statements.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Principles of Consolidation

- a) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b) Profits or losses resulting from intra-group transactions that are recognised in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full.
- c) In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).
- d) Goodwill represents the difference between the Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.
- e) The unaudited financial statements of foreign subsidiaries have been prepared by the management in accordance with the generally accepted accounting principles of its country of incorporation and restated to Ind AS for consolidation purposes.
- f) The differences in accounting policies of the Holding Company and its subsidiaries/ associates are not material and there are no material transactions from January 1, 2019 to March 31, 2019 in respect of subsidiaries/ having financial year ended December 31, 2018.
- g) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
- h) The carrying amount of the parent's investment in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.

### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

### Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Group's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals).

The financial statements are approved for issue by the Company's Resolution Professionals/ Board of Directors on June 3, 2019."

### 2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Property, Plant and Equipment (PPE) and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

### Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

### Deferred Tax Assets

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/ recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

### Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

### Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

### Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

### Defined Benefit Plans and Other long term employee benefits

The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

### 2B Recent accounting pronouncements

#### Standards issued but not yet effective

The following standards have been notified by Ministry of Corporate Affairs

**Ind AS 116 Leases:** On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases Standard, Ind AS 17 Leases, and related Interpretations.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019.

The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of profit and loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

**Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments :** On March 30, 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

**Amendment to Ind AS 12 – Income taxes :** On March 30, 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes. The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

**Amendment to Ind AS 19 – Plan amendment, curtailment or settlement:** On March 30, 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements. The amendments require an entity: • to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and • to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date for application of this amendment is annual period beginning on or after April 1, 2019. The Company does not have any impact on account of this amendment.

### 3 Significant Accounting Policies

#### a) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified 12 months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

#### b) Fair value measurement

The Group has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;
- Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group has designated the respective team leads to determine the policies and procedures for both recurring and non-recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Group's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

### c) Revenue Recognition

#### Sale of goods

Revenue is recognised when the company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset, which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

#### Export entitlements

In respect of the exports made by the Group, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

#### Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

#### Dividend income

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### d) Property, plant and equipment and capital work in progress

#### Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

#### Component Cost

All material/ significant components have been identified and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

#### Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### e) Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013, except in respect of certain assets, where useful life estimated based on internal assessment and/or independent technical evaluation carried out by external valuer, past trends and differs from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded/ sold. Additions to fixed assets, costing Rs.5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### f) Intangible assets

Under the previous GAAP (Indian GAAP), intangible assets were carried in the balance sheet at cost less accumulated depreciation. The Group has elected to consider the previous GAAP carrying amount of the intangible assets as the deemed cost as at the date of transition, viz., 1 April 2016.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

DMF and ANDA costs represent expenses incurred on development of processes and compliance with regulatory procedures of the US FDA, in filing Drug Master Files ("DMF") and Abbreviated New Drug Applications ("ANDA"), in respect of products for which commercial value has been established by virtue of third party agreements/arrangements.

### Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The cost of each DMF/ ANDA (self generated intangible assets) is amortised to the extent of recovery of developmental costs applicable as per terms of the agreement or over a period of 5 years from the date on which the product covered by DMF/ ANDA is commercially marketed, whichever is earlier.

### Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

### g) Inventories

Inventories are carried at the lower of cost or net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

- (i) Raw materials/Chemicals/Packing materials/Stores & spares: At annual weighted average cost.
- (ii) Work-in-progress and intermediates: At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer
- (iii) Finished goods/Traded goods: At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

#### Financial assets

##### Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also added to the cost of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

Financial assets are classified into the following categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

##### Debt instruments at amortised cost

The Group classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

##### Debt instrument at FVTOCI

The Group classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Debt instrument at FVTPL

The Group classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Group makes an irrevocable election of classifying the equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and others, deposits, interest receivable and other advances recoverable in cash.
FVTOCI	Equity investments in companies other than subsidiaries and associates if an option exercised at the time of initial recognition.
FVTPL	Other investments in equity instruments

### Derecognition

A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, receivables and bank balance.
- b) Financial assets that are debt instruments and are measured at FVTOCI
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Group considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

- **Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables:** ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.
- **Debt instruments measured at FVTOCI:** Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other Financial assets	Other financial assets When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

#### Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

### Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Group are initially measured at their fair values and, if not designated as at fair value through profit or loss, are subsequently measured at higher of (i) The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 – Financial Instruments and (ii) The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18 – Revenue.

### Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

The following table shows various reclassification and how they are accounted for:

S.No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### i) Foreign currency transactions and translations

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Group at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Group enters into forward exchange contract to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the Consolidated Statement of Profit and Loss. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

### j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Group determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Group which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Group capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### k) Government grants

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.

In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

Government grants related to assets, including non-monetary grants at fair value, shall be presented in the balance sheet by setting up the grant as deferred income. The grant set up as deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

### l) Taxes

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

evidence that the Group will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Group during the specified period. The Group reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Group will pay normal Income tax during the specified period.

### **Deferred tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### **m) Retirement and other employee benefits**

#### **Short-term employee benefits**

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### **Defined contribution plans**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### **Defined benefit plans**

The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

### Compensated absences

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

### Other long term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by the employees up to the reporting date.

## n) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to April 1, 2016, the Group has determined whether the arrangement contain lease on the basis of facts and circumstances existing on the date of transition.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

## o) Impairment of non financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

### p) Provisions, contingent liabilities and contingent asset

#### Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made, if realisation of money is doubtful in the judgement of the management.

#### Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

#### Contingent assets

Where an inflow of economic benefits is probable, the Group discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

Contingent assets are disclosed but not recognised in the financial statements.

### q) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

### r) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

### s) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

<b>Notes</b>		
<b>1</b>	The Company has applied Ind AS 115 "Revenue from Contracts with Customers" for the first time for the accounting period commencing on April 1, 2018. Since the Company's revenue mainly consists of sale of manufactured pharma and allied products, there is no impact on revenue/ related assets and liabilities on such application. Accordingly, no adjustment is considered necessary in the financial statements relating to the transitional provisions prescribed in Ind AS 115.	
<b>2</b>	In India, Goods and Service Tax (GST) has been effective from July 01, 2017. Consequently, excise duty, value added tax (VAT), service tax etc. have been replaced with GST. Until June 30, 2017, 'Sale of products' included the amount of excise duty recovered on sales. With effect from July 01, 2017, 'Sale of products', excludes the amount of GST recovered. Accordingly, revenue from 'Sale of products' and 'Revenue from operations' for the year ended March 31, 2018 are not comparable with those of the previous year.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposure through its finance division, wherever required, to mitigate the risks from such exposures.

### Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures.

### Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because of the existing exchange earning capacity of the company on account of its EOU status (Export oriented undertaking) and higher proportion of earnings in foreign exchange through exports.

### Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Pursuant to CIRP, the Company stopped providing interest on borrowings from banks and financial institutions and also reversed the interest charged in the earlier quarters and years (from the date of commencement of CIRP). Accordingly, in the opinion of the management, the quantitative disclosure of interest rate sensitivity is not considered to be a meaningful representation of the present facts.

### Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

### (a) Trade Receivables

The Company has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank guarantee/letter of credit or security deposits.

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

### (b) Investments, Cash and Cash Equivalents and Bank Deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Company enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved banks/ financial institutions/ counterparty. Investments primarily include bank deposits, etc. These bank deposits and counterparties have low credit risk. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in bank deposit and restricts the exposure in equity markets.

### Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the bank agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

### Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

### 45 Retirement benefit plans

#### Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of Gratuity fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund, Gratuity fund, Superannuation fund as well as Employee State Insurance Fund.

The total expense recognised in profit or loss of Rs 509.54 Lakhs (for the year ended March 31, 2018: Rs. 777.87 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

#### Defined benefit plans

##### (a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including Dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

#### The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31 2019	March 31 2018
Discount Rate	7.32%	7.45%
Rate of increase in compensation level	5.00%	5.00%
Expected return on plan assets	7.32%	7.45%
Mortality	Indian Assured Lives Mortality (2006-08) (Ultimate)	Indian Assured Lives Mortality (2006-08) (Ultimate)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

### Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

### (b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

### The design entitles the following risk

Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.

The above provisions are reflected under 'Provision for employee benefits- leave encashment' (long-term provisions) [Refer note 19] and 'Provision for employee benefits - leave encashment' (short-term provisions) [Refer note 23].

## Notes to Consolidated Financial Statements for the year ended March 31, 2019

- 48 The Group is in the process of carrying out a comprehensive confirmation and reconciliation of receivables, loans and advances given, payables, bank balances and other financial assets, the claims received from the employees, financial creditors (including excess/ short provision of interest, non-provision of penal interest by the Company considering the agreement reached by the joint lenders meeting) and operational creditors with the books of account.

Further, the Company is in the process of carrying out physical verification of fixed assets/ related reconciliation with the books of account and reconciliation of restatement account of foreign currency assets and liabilities

Pending completion of the aforesaid comprehensive reconciliation, the possible impact, if any, is not presently determinable. Accordingly, no adjustment has been made in the financial statements.

- 49 The value of claims lodged by the Financial Creditors includes Foreign Currency Term Loan availed by the Group from consortium of Banks led by Axis Bank, admitted under CIRP commencement date amounting to INR is Rs.51,672.27 Lakhs and the same is carried in the Balance sheet at a value of Rs.56,044.14 Lakhs, arrived at by restating the Foreign currency value of the loan to the extent admitted with the closing exchange rate as on March 31, 2019. If this loan is stated at the INR value as admitted under CIRP, there will be a net gain of Rs.3133.73 Lakhs after setting off the Foreign Currency Monetary Item Translation Difference carried under "other equity" in respect of this loan.

Pending completion of the CIRP process and related confirmation by Axis Bank, no adjustment is made in the financial statements in respect of the above.

- 50 The Group had reversed the interest provided after the CIRP period in the earlier years and also stopped accruing further interest in the current and previous quarters. As explained earlier, vide order dated February 28, 2019, the Hon'ble NCLT annulled the existing resolution plan and given additional CIRP period of 105 days. The NCLT also ordered that the RP and CoC will discharge their function as before during this additional CIRP period. The RP and CoC are taking necessary steps to identify alternative resolution plans.

Pending this and measures to be adopted as part of the resolution process, no effect has been given in the financial statements for the possible adjustments, if any, required in the carrying amount of assets and liabilities, possible presentation and disclosure requirements.

# Board's Report

## *Dear Members,*

In accordance with the applicable provisions of the Insolvency and Bankruptcy Code 2016 ("IBC/Code"), the Corporate Insolvency Resolution Process ("CIRP") of Orchid Pharma Limited, Corporate Debtor, ("Company") was initiated by an Operational Creditor of the Company. The Operational Creditor's petition to initiate the CIRP was admitted by the Hon'ble National Company Law Tribunal, Chennai Bench ("NCLT") vide CP. No. CP/ 540/ (IB)/ CB/ 2017 on August 17, 2017 ("Insolvency Commencement Date"). CMA CS Rajasekaran R was appointed as the Interim Resolution Professional ("IRP") to manage the affairs of the Company. Subsequently, Shri Ramkumar Sripatham Venkatasubramanian (IP Registration No. IBBI /IPA- 001 /IP-P00015 /2016-17 /10039) was confirmed as the Resolution Professional ("RP") by the Committee of Creditors ("CoC") and NCLT with effect from October 27, 2017. On appointment of the IRP /RP, the powers of the Board were suspended and the same vested with the RP.

The Hon'ble NCLT had approved the Resolution plan of Ingen Capital Group LLC, USA ("Resolution Applicant") approved by the Committee of Creditors (CoC) vide its order dated September 17, 2018. Later, the Resolution Applicant had failed to infuse the funds within the stipulated timelines. The Resolution Applicant was unable to bring the amount payable to the Financial Creditors as directed by the Hon'ble NCLT vide its orders dated September 17, 2018, October 10, 2018 & November 02, 2018. An appeal was preferred by this Resolution Applicant at the National Company Law Appellate Tribunal ("NCLAT") and NCLAT heard the applications and the matter was remitted back to the Hon'ble NCLT Chennai to consider any other viable plan, if available. It stated that it was also open to the RP to place the Resolution Plan before CoC and thereafter before the Adjudicating Authority for necessary orders.

Based on the above directives, the Hon'ble NCLT, Chennai vide its Order dated February 28, 2019 issued the following directions:

- The approved resolution plan of Ingen Capital Group LLC vide Hon'ble NCLT's order dated 17th September 2018 has been annulled as the resolution applicant has failed to implement the approved resolution plan and
- Provided further time of 105 days of CIRP period to the Corporate Debtor and also directed that the RP and CoC will discharge their functions as before during the CIRP period.

Pursuant to the order of the Hon'ble NCLT dated 28<sup>th</sup> February 2019, the RP invited Expression of Interest (EOI). The RP on March 04, 2019 invited expressions of interest and submission of a resolution plan in accordance with the provisions of the Code. The last date for submission of EOI was March 19, 2019, which further was extended upto March 25, 2019, after approval of CoC. The RP / Bid Process Advisor briefed the CoC members on the list of eligible EOI applicants and the list of ineligible EOI applicants.

The Resolution Professional (RP) had received 3 (three) resolution plans from prospective resolution applicants for resolution of the Corporate Debtor. The resolution plans were opened and were found to be compliant with Section 29A of the Insolvency and Bankruptcy Code. The RP, Bid Process Advisor and Committee of Creditors (CoC) had discussed in detail about the resolution plans received and the timeline for approval by CoC and the filing of approved resolution with the Hon'ble NCLT.

The CoC after considering the resolution plans received and after negotiating with the three resolution applicants decided to declare the H1 Bidder on May 30, 2019. The CoC approved the resolution plan submitted by M/s. Dhanuka Laboratories Limited (DLL).

Based on the legal advice and with the approval of CoC, the RP filed the Resolution Plan with the Hon'ble NCLT

on June 13, 2019 for consideration and prayed for passing necessary orders. The Resolution plan submitted by Dhanuka Laboratories Limited ("Resolution Applicant") and as approved by the CoC, was approved at the hearing held on June 25, 2019 by the Hon'ble NCLT, Court-II, Chennai Bench (NCLT) vide its order dated June 27, 2019.

Thereafter, one of the unsuccessful bidder filed an application before the Hon'ble NCLT seeking to consider his Resolution plan by the RP and CoC which was dismissed by the Hon'ble NCLT, Chennai Bench on June 27, 2019. Pursuant to the said order of dismissal, the Said Unsuccessful bidder preferred an appeal before the Hon'ble NCLAT, and the Hon'ble NCLAT, New Delhi stayed the order dated June 27, 2019 passed by the Hon'ble NCLT, Chennai. The Hon'ble NCLAT on November 13, 2019 set aside the order passed by the Hon'ble NCLT, Chennai approving the Resolution plan and remitted the matter back to Hon'ble NCLT, Chennai for decision in accordance with law.

However, one of the financial creditor filed an appeal against the Order dated November 13, 2019 of the Hon'ble NCLAT before the Hon'ble Supreme Court of India. After hearing the matter, a final Order was passed by the Hon'ble Supreme Court of India on February 28, 2020 and it upheld the NCLT Order dated June 27, 2019 and this paved way for the implementation of the Resolution Plan submitted by DLL.

Post the Acquisition, a new Board was constituted on March 31, 2020 ("Reconstituted Board" or "Board") and a new management has been put in place. In accordance with the provisions of the Code and the NCLT & Supreme Court of India Orders, the approved resolution plan is binding on the Company and its employees, members, creditors, guarantors and other stakeholders involved.

Members may kindly note that, the Directors of the Reconstituted Board ("**Directors**") were not in office for the period to which this report pertains. During the CIRP Period (i.e. between August 17, 2017 to March 31, 2020) at various stages the IRP /RP /CoC /Monitoring Agent /Monitoring Committee were entrusted with the management of the affairs of the Company. Prior to the Insolvency Commencement Date, the erstwhile Board of Directors had the oversight on the management of the affairs of the Company.

The Reconstituted Board is submitting this report in compliance with the provisions of the Companies Act, 2013, the rules and regulations framed thereunder ("**Act**") and the Securities and Exchange Board of India (Listing Obligations and Disclosure requirements), Regulations, 2015 ("**Listing Regulations**"). The Reconstituted Board is not to be considered responsible to discharge fiduciary duties with respect to the oversight on financial and operational health of the Company and performance of the management for the period prior to the reconstitution of the Board /Acquisition.

Members are requested to read this report in light of the fact that the reconstituted Board and the new Management, inter alia, are in the process of implementing the approved resolution plan.

With this backdrop, the reconstituted Board of Directors presents to the Members the 27<sup>th</sup> Annual Report of your Company, which includes the Directors' Report, Audited Statement of Accounts (Standalone and Consolidated) for the financial year ended March 31, 2020.

#### Standalone Financials

During the financial year 2019-20, your Company achieved a turnover and operating income of Rs. 505 crores (Rs. 584 crores in 2018-19). The Gross Loss before interest, depreciation and taxes during the year stood at Rs. 19.78 crores against a Gross Profit of Rs. 4.24 crores in 2018-19.

After providing for interest expense, depreciation, exceptional item, the Loss before tax of the Company for the year was Rs. 149.84 Crores against Rs. 101.05 crores in 2018-19. The Comprehensive Loss stood at Rs. 151.86 crores during 2019-20 against Rs. 100.15 crores in 2018-19.

#### Consolidated Financials

During the financial year 2019-20, your Company achieved a turnover and operating income of Rs. 508 crores (Rs. 600 crores in 2018-19). The Gross Loss before interest, depreciation and taxes during the year stood at Rs. 0.99 crores against a Gross Loss of Rs. 1.29 crores in 2018-19.

After providing for interest expense, depreciation, exceptional item, the Loss before tax of the Company for the year was Rs. 131.07 Crores against a Profit of Rs. 69.40 crores in 2018-19. The Comprehensive Loss stood at Rs. 133.09 crores during 2019-20 against a Profit of Rs. 70.31 crores in 2018-19.

During the financial year 2019-20, your Company continued to reel under financial stress and the performance of the Company was affected due to liquidity constraints, which had an impact on the net profits of the Company. Despite the tough liquidity and working capital constraints, your Company managed to sustain standalone sales of Rs.505 crores but

could not achieve gross margins due to the reduced turnover.

As stated earlier, your Company was under the Corporate Insolvency Resolution Process (CIRP) as per IBC 2016 for a period of 32 months upto March 31, 2020. During this transition period, your Company has been extremely fortunate to have the full support of its Financial Creditors, Employees, Vendors, Customers and various Service Providers. Though there was COVID 19 pandemic and lock down situation in the entire country, the resolution applicant, the Resolution Professional and the financial creditors (CoC Members) of your Company put their best efforts to implement the Plan well within the timelines. DLL, the resolution applicant brought in and infused the entire funds into the Company as envisaged in the Resolution Plan within a period of a month from the receipt of the Order of the Hon'ble Supreme Court of India.

Members may note and it is pertinent to reiterate that the approved Resolution Plan is binding on the Company and its employees, members, creditors, guarantors and other stakeholders involved. Contravention of any provisions of the Approved Resolution Plan may attract penal consequences in accordance with the provisions of the Code. Accordingly, the Company will be taking measures towards ensuring a smooth implementation of the Approved Resolution Plan.

Besides the above, to the best of the knowledge of your Board, there seems to have been no significant and material orders passed by the Regulators or Courts or Tribunals impacting the going concern status and the Company's operations.

However, attention of the Members is drawn to the statement on Provisions, Contingent Liabilities and Contingent Assets

appearing in the Note no. 45 of Standalone financial statement and Note no. 39 of Consolidated financial statement for the financial year 2019-2020.

### **CAPEX AND LIQUIDITY**

During the year, the Company has spent Rs. 3.37 crores on Plant & Equipment, etc, largely towards balancing facilities and essential sustenance capital items.

During the year under review, the banking facilities provided by the Financials Creditors were frozen and no headroom was available for managing the operations as the Company was under the CIRP period.

Your Company has availed a long-term secured financial facility of Rs. 427 crores and a short-term secured financial facility of Rs. 50 crores.

### **Implementation of the Resolution Plan**

The Hon'ble National Company Law Tribunal, Chennai Bench ("NCLT") vide its order dated June 25/27, 2019, the Hon'ble National Company Law Appellate Tribunal vide its Order dated November 13, 2019 and the Hon'ble Supreme Court vide its Order dated February 28, 2020 (received on March 02, 2020) has approved the resolution plan ("Resolution Plan") of DLL under MA /579 /2019 in CP /540 /IB /2017 in accordance with the provisions of the Insolvency and Bankruptcy Code, 2016.

Approved the issue of Zero Percent Non-convertible, Non-marketable, Cumulative Redeemable Debentures of value Rs.3650 crores (NCDs) to Dhanuka Pharmaceuticals Private Limited (SPV formed by Dhanuka Laboratories Ltd) for subsuming equivalent outstanding debt of OPL by the SPV for consideration other than cash and accordingly your Company has issued "Zero Percent" Non-convertible, non-marketable, cumulative redeemable debentures of value Rs. 3650 crores (NCDs) to Dhanuka Pharmaceuticals Private Limited (SPV formed by Dhanuka Laboratories Ltd) for subsuming equivalent outstanding debt of your Company by the SPV for consideration other than cash.

In furtherance of the above corporate actions, the following matters have been discussed and approved by the members of the Monitoring Committee of your company at a meeting held on ~ March 31, 2020 (effective date).

#### **d) Issue of 10,000 equity shares of Rs. 10/- each pursuant to Scheme of Amalgamation and increase in Authorized Capital of the Company**

Pursuant to the Scheme of Amalgamation of Dhanuka Pharmaceuticals Private Limited (SPV) with and into your Company on March 31, 2020, as per the resolution plan as approved by NCLT, 10,000 equity shares of Rs. 10/- each have been allotted to M/s. Dhanuka Laboratories Limited (sole shareholder of Dhanuka Pharmaceuticals Private Limited) and the Authorised Capital of the Company stood increased to Rs. 150.01 crores comprising of 15,00,10,000 equity shares of Rs. 10 each.

#### **e) Issue of 3,99,90,072 equity shares of Rs. 10/- each to Dhanuka Laboratories Limited and acquisition of control of the Company by Dhanuka Laboratories Limited**

Pursuant to the NCLT Order and approved resolution plan 3,99,90,072 (Three Crore ninety nine lakhs ninety thousand and seventy two) equity shares at 10/- per share for cash was allotted to Dhanuka Laboratories Limited ("DLL"). Pursuant to the allotment, DLL holds 98% of the paid-up capital of the Company and are to be classified as the Promoter of the Company. Further, the erstwhile Promoters would be re-classified as retail shareholders.

#### **f) Issue of Zero Coupon, unsecured and non-marketable Optionally Convertible Debentures**

Approved the issue of 14,300 Zero Coupon, unsecured and non-marketable Optionally Convertible Debentures of Rs. 1,00,000/- each aggregating to Rs. 143 crores (Rupees One Hundred and forty three crores) to DLL ("the Resolution Applicant") as per the approved Resolution Plan on Private Placement basis.

#### **g) Reconstitution of the Board of Directors**

Consequent to the approved resolution Plan all the existing Directors were deemed to have vacated/resigned from their office. Post the Acquisition, a new Board was constituted consisting of Shri Ram Gopal Agarwal, Shri Manish Dhanuka, Shri Arun Kumar Dhanuka and Shri Mridul Dhanuka as Additional Directors who are nominees of the Resolution Applicant namely M/s. Dhanuka Laboratories Limited.

#### **h) Re-classification of erstwhile promoters**

Your Company would be making and submitting an application to the stock exchanges where its securities are listed, for reclassifying a) Shri K Raghavendra Rao, Smt. R Vijayalakshmi and their relatives and b) Orchid Healthcare Private Limited (collectively referred to as the "Erstwhile Promoter Group") as public shareholders under Regulation 31A of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 and classifying Dhanuka Laboratories Limited ~ the resolution applicant ~ as the Promoters.

#### **Effects of implementation of Resolution Plan**

Your Company has become a subsidiary of M/s. Dhanuka Laboratories Limited, Gurgaon, India with effect from March 31, 2020 pursuant to the allotment of 4,00,00,072 Equity Shares of Rs. 10 each (fully paid) in accordance with the approved Resolution Plan which would be 98% of the Issued, Subscribed and Paid-up Capital of OPL.

The financial impact of the implementation of the Resolution Plan are provided in detail in the Note no. 52 of Standalone Financial statements and Note no. 48 of Consolidated Financial statements for the Financial year 2019-20.

#### **Future Outlook**

Huge efforts are required towards regaining the confidence of various Stakeholders and rebuilding the organisation to greater heights. With the implementation of the Resolution Plan, your Company is hopeful and confident of accomplishing improved sales and EBIDTA during the course of time.

However, the current year, 2020-21, is going to be a crucial period for your Company as it has to reverse the direction of the downward curve by ramping up businesses and achieve sizeable growth.

The greatest challenge your Company is facing is to achieve growth and profit margins, in spite of the COVID 19 pandemic situation, which was not envisaged when the resolution plan was submitted by DLL 20 months ago to the CoC /RP and to the Hon'ble NCLT.

The Board and the Management of your Company are committed and will put in their best efforts to turnaround your Company with optimum cost structure.

#### **Management Discussion and Analysis report**

A report on the Management Discussion and Analysis in terms of the provisions of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations 2015) is provided as a separate annexure in the annual report.

#### **Corporate Governance Report and Additional Shareholder's information**

A report on the Corporate Governance systems and practices of your Company along with a certificate of compliance from the Practising Company Secretary is given in **Annexure IV** which forms part of this report.

#### **Audit Committee**

The Audit Committee has been reconstituted on March 31, 2020 and again on June 29, 2020. More details about the Audit Committee and about other Committees of the Board are provided in the Corporate Governance section forming part of this Report.

#### **Adequacy of Internal Financial Control System**

The Internal Financial Control over Financial Reporting System are existing and operative, however based on the observations of the auditors, the Company is further strengthening the Internal Financial Control systems over financial reporting.

#### **Regulatory Filings and Approvals**

In the generic formulations domain, Orchid's cumulative Abbreviated New Drug Application (ANDA) approvals for the US market stood at 40. This includes 8 Para IV FTF (First-To-File) filings. The break-up of the total ANDA approvals is 11 in Cephalosporins segment and 29 in NPNC space.

In the European Union (EU) region, the cumulative count of Marketing Authorisation (MA) active approvals stood at 2 in the NPNC segment.

In the API (Active Pharmaceutical Ingredients) domain, Orchid's cumulative filings of US DMF stand at 76. The break-up of the total filings is 28 in the Cephalosporin Segment and 48 in NPNC segment. In European market space the cumulative filings of COS (Certificate of Suitability) count remained at 19 which includes 14 in cephalosporin segment and 5 in NPNC segment. In Japan market, the cumulative filings of JDMFs count remained at 7 all in Cephalosporin segment.

#### **Intellectual Property Rights**

Out of total 196 patents, 173 patents have been granted, 17 patent applications have been published and 6 patent applications filed as of March 31, 2020.

Of the 174 patent applications for NCEs, 48 patent applications are active while 126 patent applications require restoration.

#### **FDA Inspection**

The cGMP standards across the globe are undergoing constant changes and your Company needs to be compliant with the current standards and good manufacturing practices throughout. This has resulted in increased compliance costs, which is inevitable.

During the year, API manufacturing facility located at Alathur, Tamil Nadu and FDF manufacturing facility located at Irrungattukottai, Tamil Nadu underwent inspection by US FDA regulatory agency. The inspection was successfully completed and later US FDA has issued Establishment Inspection Report (EIR) for both the facilities.

#### **Dividend & Reserves**

In view of the net loss incurred during the financial year ended March 31, 2020, the Board does not recommend any dividend to the shareholders of the Company. Also, no amount has been transferred to the reserves.

#### **Employees Stock Option Plan**

The Employee stock options plans namely a) ORCHID ESOP 2010, b) ORCHID ESOP – DIRECTORS 2011 and c) Orchid ESOP – Senior Management 2011 have all lapsed quite a few years ago. Moreover, these schemes are no longer a desirable and viable employee benefit; all the above three ESOP Schemes have become infructuous and hence have been terminated.

#### **Subsidiaries**

## Management Discussion and Analysis

### Economic Overview – Global

According to the OECD world economic outlook, June 2020 the global outlook is highly uncertain. The Covid-19 pandemic is a global health crisis without precedent in living memory. It has triggered the most severe economic recession in nearly a century and is causing enormous damage to people's health, jobs and well-being.

The global economy is now experiencing the deepest recession since the Great Depression in the 1930s, with GDP declines of more than 20% and a surge in unemployment in many countries. Even in countries where containment measures have been relatively light, early data are already making clear that the economic and social costs of the pandemic will be large. Growth prospects depend on many factors, including how COVID-19 evolves, the duration of any shutdowns, the impact on activity, and the implementation of fiscal and monetary policy support. Uncertainty will likely prevail for an extended period. Given this uncertainty, two scenarios have been developed to reflect the possible evolution of the global economy. In the double-hit scenario, it is assumed that renewed shutdowns are implemented before end of 2020, following another surge of the COVID-19 virus.

According to the World Economic Outlook (WEO) forecast, Global growth is projected at -4.9 percent in 2020, 1.9 percentage points below the April 2020 forecast. The COVID-19 pandemic has had a more negative impact on activity in the first half of 2020 than anticipated, and the recovery is projected to be more gradual than previously forecast. In 2021 global growth is projected at 5.4 percent. Overall, this would leave 2021 GDP some 6½ percentage points lower than in the pre-COVID-19 projections of January 2020. The adverse impact on low-income households is particularly acute, imperilling the significant progress made in reducing extreme poverty in the world since the 1990s.

As with the April 2020 WEO projections, there is a higher-than-usual degree of uncertainty around this forecast. The baseline projection rests on key assumptions about the fallout from the pandemic. In economies with declining infection rates, the slower recovery path in the updated forecast reflects persistent social distancing into the second half of 2020; greater scarring (damage to supply potential) from the larger-than-anticipated hit to activity during the lockdown in the first and second quarters of 2020; and a hit to productivity as surviving businesses ramp up necessary workplace safety and hygiene practices. For economies struggling to control infection rates, a lengthier lockdown will inflict an additional toll on activity. Moreover, the forecast assumes that financial conditions, which have eased following the release of the April 2020 WEO—will remain broadly at current levels. Alternative outcomes to those in the baseline are clearly possible, and not just because of how the pandemic is evolving. The extent of the recent rebound in financial market sentiment appears disconnected from shifts in underlying economic prospects—as the June 2020 Global Financial Stability Report (GFSR) Update discusses—raising the possibility that financial conditions may tighten more than assumed in the baseline.

All countries—including those that have seemingly passed peaks in infections—should ensure that their health care systems are adequately resourced. The international community must vastly step up its support of national initiatives, including through financial assistance to countries with limited health care capacity and channelling of funding for vaccine production as trials advance, so that adequate, affordable doses are quickly available to all countries. Where lockdowns are required, economic policy should continue to cushion household income losses with sizable, well-targeted measures as well as provide support to firms suffering the consequences of mandated restrictions on activity. Where economies are reopening, targeted support should be gradually unwound as the recovery gets underway, and policies should provide stimulus to lift demand and ease and incentivize the reallocation of resources away from sectors likely to emerge persistently smaller after the pandemic.

Strong multilateral cooperation remains essential on multiple fronts. Liquidity assistance is urgently needed for countries confronting health crises and external funding shortfalls, including through debt relief and financing through the global financial safety net. Beyond the pandemic, policymakers must cooperate to resolve trade and technology tensions that endanger an eventual recovery from the COVID-19 crisis. Furthermore, building on the record drop in greenhouse gas

emissions during the pandemic, policymakers should both implement their climate change mitigation commitments and work together to scale up equitably designed carbon taxation or equivalent schemes. The global community must act now to avoid a repeat of this catastrophe by building global stockpiles of essential supplies and protective equipment, funding research and supporting public health systems, and putting in place effective modalities for delivering relief to the neediest.

Some bright spots mitigate the gloom. Following the sharp tightening during January–March, financial conditions have eased for advanced economies and, to a lesser extent, for emerging market economies, also reflecting the policy actions discussed below. Sizable fiscal and financial sector countermeasures deployed in several countries since the start of the crisis have forestalled worse near-term losses. Reduced-work-hour programs and assistance to workers on temporary furlough have kept many from outright unemployment, while financial support to firms and regulatory actions to ensure continued credit provision have prevented more widespread bankruptcies.

Swift and, in some cases, novel actions by major central banks (such as a few emerging market central banks launching quantitative easing for the first time and some advanced economy central banks significantly increasing the scale of asset purchases) have enhanced liquidity provision and limited the rise in borrowing costs. Moreover, swap lines for several emerging market central banks have helped ease dollar liquidity shortages. Portfolio flows into emerging markets have recovered after the record outflows in February–March and hard currency bond issuance has strengthened for those with stronger credit ratings. Meanwhile, financial regulators' actions—including modification of bank loan repayment terms and release of capital and liquidity buffers—have supported the supply of credit.

Stability in the oil market has also helped lift sentiment.

Exchange rate changes since early April have reflected these developments. As of mid-June, the US dollar had depreciated by close to 4 percent in real effective terms (after strengthening by over 8 percent between January and early April). Currencies that had weakened substantially in previous months have appreciated since April—including the Australian dollar and the Norwegian krone, among advanced economy currencies, and the Indonesian rupiah, Mexican peso, Russian ruble, and South African rand, among emerging market currencies.

Global trade will suffer a deep contraction this year of –11.9 percent, reflecting considerably weaker demand for goods and services, including tourism. Consistent with the gradual pickup in domestic demand next year, trade growth is expected to increase to 8 percent.

Inflation outlook. Inflation projections have generally been revised downward, with larger cuts typically in 2020 and for advanced economies. This generally reflects a combination of weaker activity and lower commodity prices, although in some cases partially offset by the effect of exchange rate depreciation on import prices. Inflation is expected to rise gradually in 2021, consistent with the projected pickup in activity. Nonetheless, the inflation outlook remains muted, reflecting expectations of persistently weak aggregate demand.

#### Contain the Economic Fallout, Facilitate Recovery

Confronted with a highly transmissible virus and susceptible populations, countries have restricted mobility to curb its spread and protect lives. In the resulting deep economic downturn, the broad economic policy objectives remain similar with a continued emphasis on sizeable, well-targeted measures that protect the vulnerable. As economies reopen, the focus there should gradually move from protecting jobs and shielding firms to facilitating recovery and removing obstacles to worker reallocation.

In the given circumstances, the following actions are expected from the Governments.

Invest in health	Support the transition	Plan the recovery
<ul style="list-style-type: none"> <li>Strengthen health care systems and build the supply of medical equipment.</li> <li>Use test, track, trace and isolate and distancing strategies to limit virus outbreaks.</li> <li>Ensure global cooperation to develop and distribute a vaccine and treatments.</li> </ul>	<ul style="list-style-type: none"> <li>Help people and businesses in hardhit sectors move into new activities, strengthen income protection.</li> <li>Facilitate rapid firm restructuring and accelerate digitalisation.</li> <li>Maintain liquidity support and be prepared for renewed financial turmoil.</li> </ul>	<ul style="list-style-type: none"> <li>Build more resilient supply chains with larger stocks and more diversification of sources.</li> <li>Keep interest rates low and ensure public spending and taxation policies support economic activity.</li> <li>Invest public finances for people's well-being, focus on fairness.</li> </ul>

## Economic Overview - India

According to the IMF, the Indian economy grew by 4.2% in 2019, against 6.1% in 2018, forcing policymakers and markets to rethink India's economic outlook. Slower domestic consumption dragged on growth and tighter credit conditions led to weaker private investment, which have translated into fewer jobs. Three of the four growth engines - private consumption, private investment, and exports - have slowed down significantly. The significant fall in consumption - which is the biggest contributor of growth - points to fragile consumer sentiment and purchasing ability. As such, the government has announced a slew of reforms to jump-start the economy. According to the updated IMF forecasts from 14th April 2020, due to the outbreak of the COVID-19, GDP growth is expected to fall to 1.9% in 2020 and pick up to 7.4%, subject to the post-pandemic global economy recovery.

At the beginning of the year 2020, the Hon'ble Finance Minister indicated the focus of the Government in the Economic survey 2019-20 presented in the parliament on January 31, 2020. According to the survey;

- India's exports increased by 13.4 per cent for manufactured products and 10.9 per cent for total merchandise.
- Imports increased by 12.7 per cent for manufactured products and 8.6 per cent for total merchandise.
- India gained 0.7 per cent increase in trade surplus per year for manufactured products and 2.3 per cent per year for total merchandise.
- India reached 63<sup>rd</sup> position in 2019 from 142 in 2014 in World Bank's Doing Business rankings.
- Revenue Receipts registered a higher growth during the first eight months of 2019-20, compared to the same period last year, led by considerable growth in Non-Tax revenue.
- Gross GST monthly collections have crossed the mark of Rs 1 lakh crore (US\$ 14.15 billion) for a total of five times during 2019-20 (up to December 2019).
- Consumer Price Index (CPI) inflation increased from 3.7 per cent in 2018-19 (April to December 2018) to 4.1 per cent in 2019-20 (April to December 2019).
- WPI inflation fell from 4.7 per cent in 2018-19 (April to December 2018) to 1.5 per cent during 2019-20 (April to December 2019).

It is pertinent to note few economic indicators pertaining to the last quarter of the year 2019-20 released by RBI. Net foreign direct investment was at \$12 billion during Q4 of 2019-20, which was

higher than \$6.4 billion in the year-ago quarter. Foreign portfolio investment (FPI) declined by \$13.7 billion as against an increase of \$9.4 billion in Q4FY19 due to net sales in both in debt and equity markets. Net inflow on account of external commercial borrowings was higher at \$9.4 billion in Q4FY20 as compared with \$7.2 billion in the year-ago period.

The Current Account Deficit (CAD) narrowed to 0.9 per cent of GDP in 2019-20 from 2.1 per cent in 2018-19 on the back of the trade deficit shrinking to \$157.5 billion in 2019-20 from \$180.3 billion in 2018-19.

## The Pharmaceutical Space

### Global Overview, Trends and Prospects

The global pharmaceutical market is expected to exceed \$1.5 trillion by 2023 growing at a 3-6% compound annual growth rate over the next five years. The key drivers of growth will continue to be the United States and pharmerging markets with 4-7% and 5-8% compound annual growth, respectively. In the United States, overall spending growth is driven by a range of factors including new product uptake and brand pricing, while it is offset by patent expiries and generics. Medicine spending in Japan totalled \$86 billion in 2018, however spending on medicines is expected to decline by -3 to 0% through 2023, largely because of exchange rates and the continued uptake of generics. In Europe, cost-containment measures and less growth from new products contribute to slower growth of 1-4%, compared to the 4.7% compound annual growth seen over the past five years. Pharmaceutical spending in China reached \$137 billion in 2018 and is expected to reach \$140-170 billion by 2023, but its growth is likely to slow to 3-6%.

New products and losses of exclusivity will continue to drive similar dynamics across developed markets, while product mix will continue to shift to specialty and orphan products. An average of more than 50 new active substance (NAS) launches per year are expected over the next five years and two-thirds of launches will be specialty products, lifting specialty share of spending to approximately 50% by 2023 in most developed markets. At the same time, the impact of losses of exclusivity in developed markets is expected to be \$121 billion between 2019 and 2023, with 80% of this impact, or \$95 billion, in the United States. By 2023, biosimilar competition in the biologics market will be nearly three-times larger than it is today. This will result in approximately \$160 billion in lower spending over the next five years than it would have if biosimilar did not enter the market.

The factors that affect the pharmaceutical market size include disease prevalence, drug affordability, consumer attitudes, government policies and some supply-side factors:

- **Disease prevalence** is related to population size, age, genetic inheritance and behaviour
- **Affordability** is related to income but also to drug prices.
- **Consumer attitudes** include willingness to use alternative therapies or distrust of taking drugs.
- **Government (and insurance sector) policies** affect reimbursement and who the payer is. Other government policies determine regulation, which can be a significant barrier to the launch of new treatments.
- **A major supply-side factor** is availability of an appropriate treatment, which may be a matter of quantity, as in an epidemic, or of drug discovery and development.

Global medicine spending is expected to grow more slowly, but projected to exceed \$1.1 trillion in the next five years. The rise in spending is partly due to increased use, but is also driven by changes in the specialty and innovative product composition of new brands reaching the market. Other factors, such as pricing pressures and brand losses of exclusivity offset rises in spending. With these dynamics, spending growth is projected to slow in the next five years. Notably, dynamics will evolve differently in developed and pharmerging markets, especially as pharmerging markets are more volume-driven with lower brand use. However, the same depressed pace of growth in medicine spending is expected.

The outbreak of Covid-19 in the first quarter of the year 2020 resulted in a serious impact on the living/economic conditions globally due to the various restrictions in public life, employment and movement of men and materials. Though the industry as a whole had a significant negative impact, the pharmaceutical industry is poised to leap forward due to the increased significance on medicine necessitated by the Covid-19 pandemic.

### India: Overview, trends and prospects

India is a prominent and rapidly growing presence in global pharmaceuticals. It is the largest provider of generic medicines globally, occupying a 20% share in global supply by volume and also supplies 62% of global demand for vaccines. India ranks 3rd worldwide for production by volume and 14th by value. India is the only country with largest number of US-FDA compliant Pharma plants (more than 262 including APIs) outside of USA. India has more than 2000 WHO-GMP approved Pharma Plants, 253 European Directorate of Quality Medicines (EDQM) approved plants with modern state of the art Technology.

India is the source of 60,000 generic brands across 60 therapeutic categories and manufactures more than 500 different Active Pharmaceutical Ingredients (APIs). The API

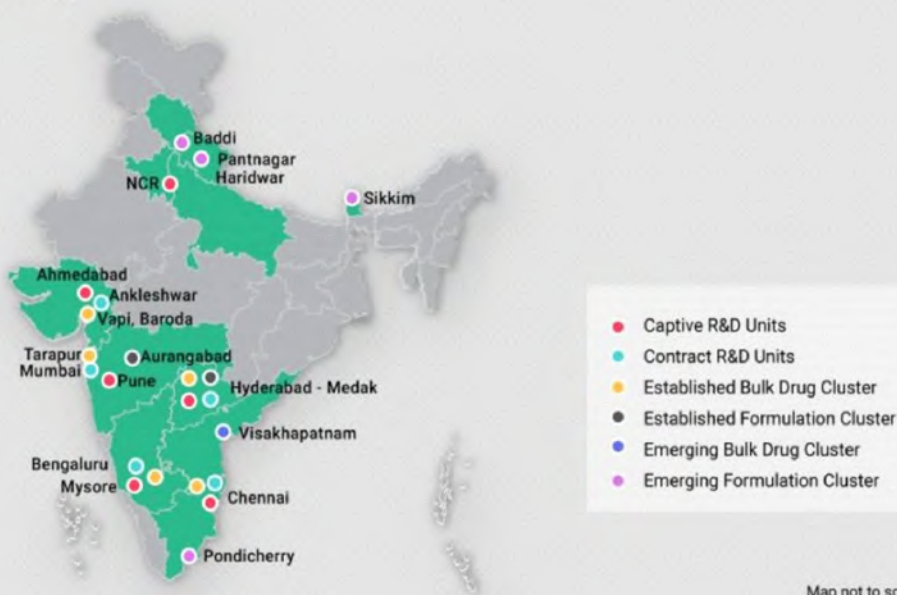

industry is ranked third largest in the world contributing 57% of APIs to prequalified list of the WHO. India is the largest provider of generic drugs globally. Indian pharmaceutical sector supplies over 50 per cent of global demand for various vaccines, 40 per cent of generic demand in the US and 25 per cent of all medicine in the UK.

The country is home to more than 3,000 pharma companies with a strong network of over 10,500 manufacturing facilities. The domestic pharmaceuticals market turnover reached \$20.03 bn in 2019, up 9.3% from 2018, growing as penetration of health insurance and pharmacies rise.

The Pharmaceutical exports from India stood at US\$ 20.58 billion in 2019-20. The cost of manufacturing in India is significantly lower than that of the US.

## Pharmaceutical Clusters

### Market Size

Indian pharmaceutical sector is expected to grow to US\$ 100 billion, while medical device market is expected to grow US\$ 25 billion by 2025. Pharmaceuticals export from India stood at US\$ 20.70 billion in FY20. Pharmaceutical export include bulk drugs, intermediates, drug formulations, biologicals, Ayush and herbal products and surgical.

India's biotechnology industry comprising biopharmaceuticals, bio-services, bio-agriculture, bio-industry, and bioinformatics is expected grow at an average growth rate of around 30 per cent a y-o-y to reach US\$ 100 billion by 2025.

India's domestic pharmaceutical market turnover reached Rs 1.4 lakh crore (US\$ 20.03 billion) in 2019, up 9.8 per cent y-o-y from Rs 129,015 crore (US\$ 18.12 billion) in 2018.

### Investments and Recent Developments

Presently 100% FDI is allowed under automatic route for investment in Greenfield Pharma and 74% is permitted under automatic route in brownfield Pharma.

FDI inflows in India increased to \$55.56 bn in 2015-16, \$60.22 billion in 2016-17, \$60.97 bn in 2017-18 and the country registered its highest ever FDI inflow of \$62.00 bn (provisional figure) during the last Financial Year 2018-19. Moreover, India has attracted more than \$74 bn investments across sectors during 2019-20.

Total FDI inflows in the country in the last 20 years (April 2000-June 2020) are \$693.3 bn while the total FDI inflows received in

the last 5 years (April 2014- September 2019) was \$319 bn which amounts to nearly 50% of total FDI inflow in last 20 years.

### Government Initiatives

Some of the initiatives taken by the Government to promote the pharmaceutical sector in India are as follows:

- India plans to set up a nearly Rs 1 lakh crore (US\$ 1.3 billion) fund to provide boost to companies to manufacture pharmaceutical ingredients domestically by 2023.
- In November 2019, the Cabinet approved extension/renewal of extant Pharmaceuticals Purchase Policy (PPP) with the same terms and conditions while adding one additional product namely, Alcoholic Hand Disinfectant (AHD) to the existing list of 103 medicines till the final closure/strategic disinvestment of Pharma CPSUs.
- Under Budget 2020-21, Rs 65,012 crore (US\$ 9.30 billion) has been allocated to the Ministry of Health and Family Welfare is. The Government has allocated Rs 34,115 crore (US\$ 4.88 billion) towards the National Health Mission under which rural and urban people will get benefited.
- Rs 6,400 crore (US\$ 915.72 million) has been allocated to health insurance scheme Ayushman Bharat – Pradhan Mantri Jan Arogya Yojana (AB-PMJAY).
- As per Economic Survey 2019-20, Government expenditure (as a percentage of GDP) increased to 1.6 per cent in FY20 from 1.2 per cent in FY15 on health.

- The National Health Protection Scheme is the largest Government funded healthcare programme in the world, which is expected to benefit 100 million poor families in the country by providing a cover of up to Rs 5 lakh (US\$ 7,723.2) per family per year for secondary and tertiary care hospitalisation. The programme was announced in Union Budget 2018-19.
- The Government of India is planning to set up an electronic platform to regulate online pharmacies under a new policy to stop any misuse due to easy availability.
- Government of India unveiled 'Pharma Vision 2020' to make India a global leader in end-to-end drug manufacture. Approval time for new facilities has been reduced to boost investment.

#### Road Ahead

Medicine spending in India is projected to grow 9-12 per cent over the next five years, leading India to become one of the top 10 countries in terms of medicine spending.

Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases as such as cardiovascular, anti-diabetes, anti-depressants and anti-cancers, which are on the rise.

The Indian Government has taken many steps to reduce costs and bring down healthcare expenses. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies. In addition, the thrust on rural health programmes, lifesaving drugs and preventive vaccines also augurs well for the pharmaceutical companies.

#### The Company

Orchid Pharma Ltd. is one of the leading pharmaceutical companies in India head quartered in Chennai and involved in the development, manufacture and marketing of diverse bulk actives, formulations and nutraceuticals with exports spanning over 40 countries. Orchid's world-class manufacturing infrastructure include US FDA compliant API and Finished Dosage Form facilities near Chennai, Tamilnadu in India.

Orchid has dedicated, state-of-art and GLP compliant R&D infrastructure for Process research and Pharmaceutical research near Chennai, Tamilnadu in India.

Orchid has ISO 14001 :2015 and OHSAS 18001 :2007 certifications for its manufacturing facility at Alathur.

Orchid's Equity shares are listed on the National Stock Exchange (NSE) and the Bombay Stock Exchange (BSE) in India.

#### Corporate Insolvency Resolution Process (CIRP)

The Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench, admitted the Corporate Insolvency Resolution Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("the Company") and appointed an Interim Resolution Professional ("IRP"), in terms of the Insolvency and Bankruptcy Code, 2016 ("the Code") to manage the affairs of the Company vide CP no. CP/540/(IB)/CB/2017 dated August 17, 2017. Subsequently, Shri Ramkumar Sripatham Venkatasubramanian (IP Registration no. IBBI/IPA-001/IP-P00015/2016-17/10039) was appointed as the Resolution Professional ("RP") of the Company, by an order of NCLT with effect from October 27, 2017.

The Resolution Plan of Dhanuka Laboratories Limited was approved by the Hon'ble NCLT vide its order dated 27<sup>th</sup> June 2019. However, on an appeal filed by one of the unsuccessful Resolution Applicants, the Hon'ble National Company Law Appellate Tribunal ("NCLAT") has stayed the implementation of the Resolution plan until further orders on 26<sup>th</sup> July 2019 and has directed the Interim Resolution Professional ("RP") to ensure that the Corporate Debtor remains as a going concern. Further, the Hon'ble NCLAT on November 13, 2019, had set aside the approved Resolution plan of Dhanuka Laboratories Limited ("DLL"). State Bank of India, one of the COC members, has preferred an appeal against the impugned order of the Hon'ble NCLAT before the Hon'ble Supreme Court of India, which upheld the order of NCLT vide its order dated February 28, 2020. Pursuant to the above order, DLL has infused the prescribed funds into the Company and implemented the Resolution plan through the Monitoring Committee constituted with the nominations of the DLL, RP and two financial creditors of the Company on the effective date i.e. on March 31, 2020.

A summary of the implementation of the approved resolution plan is given below:

Particulars	₹ Crore
Amount brought in by Resolution Applicant	610.00
Cash balance of the Company used	577.79
<b>Total</b>	<b>1187.79</b>
Used for:	
Payment of CIRP Costs	10.04

Payment to Current / Ex-employees / Operational Creditors	31.22
Working Capital for continuing operations	40.00
<b>Total</b>	<b>1187.79</b>

### Opportunities

Orchid Pharma Limited strives to place itself in a strong position by expanding strategically, increasing its manufacturing capacities and enhancing capacities across the organization. The Company is looking at different opportunities in untapped markets and also across a value chain.

### Threats

The outbreak of the COVID-19 pandemic across the world and subsequent disruption in economic activities is likely to impact GDP across countries and may indirectly also impact pharmaceutical consumption. Challenging US generics pricing environment driven by customer consolidation and higher competitive intensity, on account of faster pace of generic drug approvals by the USFDA.

Significant volatility in the forex market, especially for emerging market currencies, may adversely impact reported growth of these markets, even though they may be recording growth in local currency terms. Governments across the world try to control their healthcare budgets, which may lead to government-mandated price controls on pharmaceutical products.

### Risks and Concerns

All businesses are subject to internal as well as external risks. The internal risks are controllable risks and Orchid has identified such risks and is in the process of formulating such actions to mitigate the effect of such risks. The extent to which COVID-19 pandemic will impact the operations and financial results is dependent on the future developments, which are highly uncertain. This is a major risk in the immediate future and its long term impact needs to be assessed.

The global and Indian pharmaceutical industry continues to be

regulated by various regulatory agencies. Stringent regulatory norms, delay in obtaining regulatory approvals for key products, patent litigations, currency fluctuations and pricing guidelines in the domestic market are risks that can affect the Company's business. Hence, the regulatory risk is one of the significant risks identified by the management. Being a global pharmaceutical player, selling branded generic and generic formulations across the globe, competition and price pressures are common risk in all markets. Higher focus on API supply may impact the Company's momentum and operating margins. Orchid's operations span across the globe having diverse political and economic environments. Any adverse change like political instability leading to policy uncertainty, tariff/ trade wars, economic sanctions, leading to weakening of Global economy may impact company's business. The risk management activities also include assessment and review of financial risks such as currency risks, credit risks and liquidity. Legal and Compliance risks which may arise out of non-compliance with applicable laws, regulations, standards and policies that could impact the Company's reputation and business. Information Technology (IT) risks which could have potential impact on information assets and processing systems. Orchid's integrated risk management approach comprises prudential norms and structured reporting and controls. This approach conforms with the Company's strategic direction and is consistent with stakeholders' desired total returns, credit rating and risk appetite.

### Internal control system and their adequacy

The Company has external teams carrying out various types of audit to strengthen the internal audit and risk management functions. The Internal Financial Control over Financial Reporting System are existing and operative, however based on the

observations of the auditors, the Company is further strengthening the Internal Financial Control systems over financial reporting.

#### **Material developments in Human resources / Industrial relations front, including the number of people employed**

Orchid's HR function is aligned with the Company's overall growth vision and continuously works on areas such as recruitment and selection policies, disciplinary procedures, reward/recognition policies, learning and development programmes as well as all-round employee development.

Orchid provides a safe and rewarding environment that attracts and retains a talented team and where employees are engaged in delivering exceptional results to the customers and investors

Orchid Pharma has a diverse talent pool of over 1200+ Orchidians. The Company acknowledges the indispensable role of Orchidians in driving continued success.

#### **Financial Overview**

##### **Profitability**

- During the year ended on March 31, 2020, the EBITDA of the Company was a negative at Rs.19.78 Crore as against a positive EBITDA of Rs.4.24 Crore during the previous year ending on March 31, 2019.
- The net loss of the Company before Extra-ordinary items & Tax for the year ended on March 31, 2020 stood at Rs.149.84 Crore as against Rs.125.99 Crore during the previous year ending on March 31, 2019.
- EPS for the year ending on March 31, 2020 stood at a negative Rs. 16.87 as compared to a negative Rs. 11.36 for the previous year ending on March 31, 2019.

##### **Components of Revenue & Expenditure**

- The operating revenues for the year 2019-20 was Rs. 505.45 Crore as against Rs. 583.65 Crore during the previous year ending on March 31, 2019.
- Material cost for the year ended March 2020 was Rs. 240.24

Crore (47.5% of the Operating revenues) as compared to Rs. 278.16 Crore (47.7% of the Operating revenue) during the previous year ending on March 31, 2019.

- The other operating cost, including employee cost for the year ended March 2020 was Rs. 309.47 Crore as against Rs.318.18 Crore during the previous year ending on March 31, 2019.
- The Finance cost for the year ended March 2020 was Rs. 4.16 Crore as compared to Rs.0.30 crore during the previous year ending on March 31, 2019. The increase in the finance cost was mainly on account of charging of unamortised finance charges.
- The Depreciation & Amortisation for the year ending March 2020 was Rs. 125.90 Crore as compared to Rs.129.92 Crore (including amortisation of Intangible assets under development) during the previous year ending on March 31, 2019.

##### **Balance Sheet**

- The Equity and Reserves as at March 31, 2020 stood at Rs.1056.20 Crore as compared to a negative net-worth of Rs.754.99 Crore as at March 31, 2019.
- The total borrowings as at March 31, 2020 stood at Rs.563.53 Crore as compared to Rs.3,445 Crore as at March 31, 2019.

##### **Cautionary statement**

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimate, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations.

Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among others, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors.

## Annexure to the Board's Report

# Annexure I Conservation of Energy

(Pursuant to Section 134(3)(m) of the Companies Act, 2013 and Rule 8(3) of the Companies (Accounts) Rules, 2014.

### (a) Energy Conservation Measures Taken

The following energy conservation measures were taken by your Company during the year under review at its manufacturing facility in Alathur

- ❖ Utilization of -40 brine instead of -70 brine in Ph-12 DCC batch without affecting the GMP ( Good Manufacturing Practice)
- ❖ Optimal utilization of Utility systems by conducting weekly audit by the internal energy management team. (Systems like +10°C, -10°C, -25°C, -40°C & operation of CT (Cooling Tower ) pumps.
- ❖ CT-18 pump and compressor were provided interlock so that the CT pump is switched off whenever the compressor is not in operation.
- ❖ Plant lighting conversion of High Rating Lamps to its equivalent LED.

Due to the various energy conservation activities implemented, mentioned in (a) above, there was a reduction in power consumption by around 811 Units per day leading to a saving of around Rs. 20.39 Lakhs annually with an investment of Rs. 8.11 Lakhs

### (b) Proposed energy conservation measures

Some of the proposals that are considered / being implemented for saving energy are:

- ❖ Conversion of -40'B' chiller from single stage to double stage.
- ❖ Re-boiler modification of DC-1002.

Further, the energy conservation measures proposed to be taken up by the company as mentioned in (b) above are expected to bring in savings of around Rs.51.55 lakhs annually with an one time investment of Rs.31.45 lakhs.

### (c) The steps taken by the Company for utilizing alternate sources of energy

Third party Power purchase from Exchange -IEX and Captive Power purchase from gas based generator is being done resulting in lesser cost of power compared to TANGEDCO.

### (d) Capital Investment on Energy Conservation Equipments:

No significant capital investment was made on energy conservation equipment during the Financial Year 2019-20.

## ANNEXURE II – TECHNOLOGY ABSORPTION

### I. Research and Development

Research and Development Centre focused on improving the process for manufacturing of the products filed in various countries and progressing through new customers/markets. For those products which gained approval from regulatory agencies, R&D has worked on the identified KSMs and APIs to improve the cost competitiveness either through process improvement or change of route of synthesis. R&D has been addressing the market requirements and to meet the customer needs in terms of intellectual property, freedom-to-operate study, scientific and technical justifications for regulatory and IP requirements, and provide standards of impurities and drug substances. R&D has been generating scientific rationale for the technology and experimental data through investigations to respond to DMF (Drug Master Filer)/ANDA (Abbreviated New Drug Application) queries from regulatory agencies. R&D has taken up new monograph evaluations to permit continuation of API and formulation business in regulated markets.

### II. Expenditure on R & D

The R&D outlay was as follows:

₹ in Lakhs

Particulars	Year ended March 31, 2020	Year ended March 31, 2019
a) Capital	-	-
b) Recurring	985.90	1,262.25
c) Total	985.90	1,262.25
d) Total R & D expenditure as a percentage of the total turnover	1.95%	2.16%

### III. Technology absorption, adaptation and innovation

#### Research and Development:

#### 1. Efforts in brief, made towards technology absorption, adaptation and innovation:

Improvement of manufacturing processes towards cost reduction of Non-Cephalosporin Non-Penicillin (NPNC) and Cephalosporin Active Pharmaceutical Ingredients (APIs) and Key Starting Materials (KSMs).

Technology transfer to manufacturing facility with modified processes for cost reduction of NPNC APIs along with analytical method transfers, apart from supporting the manufacturing facility with technical and analytical requirements for the filed products.

Apart from analytical method development, validation and method transfers to manufacturing locations, product specific requirements through ICPMS, PXRD, impurities, structural characterization, etc., towards responding to the queries from drug regulatory agencies for progressing with Orchid's ANDA/DMF review process. As part of technical support to customers, standards of several impurities and working standards generated and supplied to external customers, outsourced manufacturing facility, Orchid's API and drug product manufacturing facilities.

#### 2. Benefits derived as a result of the above efforts, e.g. product improvement, cost reduction, product development, import substitution, etc.,

The improvement in manufacturing processes resulted in the yield improvement and cost reduction of the manufacturing processes for APIs and KSMs. Cost reduction improvements for APIs and API intermediates, generation of impurity standards, and investigations required at the manufacturing locations have enabled to progress towards commercialization of APIs. Standards of several impurities and working standards generated at R&D reduced the dependency on external agencies and in some cases, its importation and the accompanying costs and time. To support the API business, these standards were also provided to external customers. New analytical methods, method validations, method equivalency between in-house methods against Vs pharmacopoeial methods, compendial methods verification and analytical profile data have supported orchid's products and dossiers to gain approvals and continue with commercialization. Generation of scientific data, scientific and experimental justification for the process and analytical data at R&D Centre have enabled to get approval/progress towards approval of ANDA dossiers filed with regulatory agencies, pave way for commercialization of APIs and supply of APIs for Orchid's generics business.

#### 3. Imported technology (imported during the last 3 years reckoned from the beginning of the financial year):

a) Technology	No New technology has been imported during last year.
b) Year of import	Not applicable
c) Has this technology been fully absorbed	Not applicable
d) If not fully absorbed, areas where this has not taken place, reasons thereof and future plans of action.	Not applicable

## Annexure IV to the Board's Report

# CORPORATE GOVERNANCE REPORT

### CORPORATE INSOLVENCY RESOLUTION PROCESS

The Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench, had admitted a petition filed by M/s Lakshmi Vilas Bank Ltd in its capacity as Operational creditor under Section 9 of the Insolvency and Bankruptcy Code, 2016 (IBC) ("Code") for initiation of Corporate Insolvency Resolution Process ("CIRP") for Orchid Pharma Limited ("the Company"). Shri Rajasekaran (IP Registration no: IBBI/IPA-003/IP-N00053/2017-18/10493) was appointed as the Interim Resolution Professional ("IRP") to manage the affairs of the Company in accordance with the provisions of Code. Further, Shri. Sripatham Venkatasubramanian Ramkumar (IP Registration no. IBBI/IPA-001/IP-P00015/2016-17/10039) was appointed as the Resolution Professional (RP) of the Company, as approved at the Committee of Creditors ("COC") meeting held on October 3, 2017, which was confirmed by the Honourable National Company Law Tribunal, Chennai Bench vide their order dated October 27, 2017. In view of the pendency of the CIRP, the powers of the Board of Directors stood suspended and the management of the affairs of the Company was vested with the RP.

In furtherance of the above, the Resolution plan submitted by M/s. Dhanuka Laboratories Limited ("DLL~ Resolution Applicant") as approved by the Committee of Creditors of Orchid Pharma Limited ("OPL") was approved at the hearing held on 25<sup>th</sup> June 2019 by the Hon'ble National Company Law Tribunal, Court-II, Chennai bench (NCLT). However, one of the unsuccessful bidder filed an application before the Hon'ble NCLT seeking to consider their Resolution plan which was dismissed by the Hon'ble NCLT, Chennai on June 27, 2019. Pursuant to the said Order of dismissal, the Unsuccessful bidder preferred an appeal before the Hon'ble National Company Law Appellate Tribunal (NCLAT) and the Hon'ble NCLAT, New Delhi on July 26, 2019 stayed the Order dated June 27, 2019 passed by the Hon'ble NCLT, Chennai. The matter was heard by NCLAT, New Delhi in August 2019 and on November 13, 2019. The Hon'ble NCLAT, New Delhi set aside the Order passed by the Hon'ble NCLT, Chennai approving the Resolution plan and remitted the matter back to Hon'ble NCLT, Chennai for a decision in accordance with law. State Bank of India, one of the members of the financial creditors of Orchid Pharma Ltd. has preferred an appeal before the Hon'ble Supreme Court of India against the Order dated November 13, 2019 of NCLAT as stated herein above. The case was listed in Supreme Court on 06<sup>th</sup> December, 2019 and they granted a stay of further proceedings on this matter.

Further, the Hon'ble Supreme Court vide its Order dated February 28, 2020 (received on March 02, 2020) has approved the Resolution Plan ("Resolution Plan") of M/s. Dhanuka Laboratories Limited ("DLL") under MA/579 /2019 in CP /540 /IB /2017 in accordance with the provisions of the Insolvency and Bankruptcy Code, 2016.

The DLL Resolution Plan, as approved by the NCLT, is binding on the Company and its employees, members, creditors, guarantors and other stakeholders involved therein, as per the provisions of the Code. The NCLT also approved appointment of Shri. Sripatham Venkatasubramanian Ramkumar as Monitoring agent as authorised by the Monitoring Committee until closing date to supervise the implementation of the DLL Resolution plan.

Pursuant to and in accordance with the implementation of the approved Resolution plan, the existing Board of Directors of the Company (Directors prior to the approval of Resolution plan) were deemed to have resigned and the Board has been reconstituted and entrusted with the management of the Company. Accordingly, Your Company is now a Subsidiary of M/s Dhanuka Laboratories Limited.

### A. Company's Philosophy on Code of Corporate Governance

At Orchid, we are committed to practicing good Corporate Governance norms. Orchid believes in adhering to Corporate Governance code to ensure protection of its investor's interest as well as healthy growth of the Company. 	(ii) <b>If management is unable to estimate the impact, reason for the same</b>	The subsidiaries of the Company are located in USA, UK and South Africa. Audit is not compulsory for companies in USA, if they are not publicly traded. The audit for the UK subsidiary is being done during third quarter of the Financial year and the subsidiary at South Africa does not have any operations. The cost of getting financials audited is also higher in USA. Hence the management has used unaudited financials for the purpose of consolidation.

MANAGEMENT'S REPLY TO THE OBSERVATIONS OF SECRETARIAL AUDITOR  
FOR THE FINANCIAL YEAR 2019-20**

Sl. No.	Secretarial Auditor's Observation	Management's Reply
1	There has been delay, in filing /non-filing of returns with Registrar of Companies with respect to few events happened during the year 2019-20.	Due to non availability of authorized signatories few forms were filed with delays, which are however taken on record by the Registrar of Companies, Chennai. In case of MGT 7 for 2018-19, the Company could not file since the number of directors were less than 3 during this period. The Company has raised ticket with MCA in portal and has given letter to the Regulator to allow the Company to file the form since it was under CIRP during the said period. Once it is permitted by the Regulator, the Company will be able to file the said form. The Company has deployed systems to avoid such delays in filing of forms.
2	Delay in filing of Audited financial results for the year ended March 31, 2019 and quarterly unaudited financial results for the quarter ended December 31, 2019 with Stock Exchanges under SEBI (LODR) 2015.	On both the occasion, the delay of holding the Meeting was for 4 days. The meeting date was fixed after ascertaining the availability of the Members.
3	Compliances related to Independent Directors have not been complied with, as there are no Independent Directors on the Board and there was no director on the Board till March 30, 2020, as all the directors had resigned /ceased to be a director and the Nominees of the Banks were withdrawn.	Due to the cessation of all the Independent directors on the Board, these requirements could not be met with. However, new Independent Directors were inducted on the Board on June 29, 2020 and this requirement shall be complied with in the coming years.
4	Delay in filing of the Annual Secretarial Compliance Report for the Financial Year ended 31.03.2019.	The delay was for a period of three (3) days. The Company has deployed proper systems in place to adhere with the applicable laws.
5	Vacancy of Company Secretary is not filled within 6 months as required under Section 203 of the Companies Act, 2013.	The Company was not in a position to attract any talent at senior levels. Post the Order passed by the Honourable Supreme Court of India on February 28, 2020 and paving way for the implementation of the resolution plan as approved by the Hon'ble NCLT Chennai, the Company was able to identify and appoint Company Secretary on March 05, 2020.
6	The return on Foreign Liabilities and Assets for the Financial year 2018-19 was filed with delay.	The delay was for a period of 16 days. The Company has deployed proper systems in place to adhere with the applicable laws.

8,89,64,327 equity shares of Rs. 10/- each aggregating to Rs. 88,96,43,270 (Rupees Eighty Eight Crore Ninety-Six Lakhs Forty Three Thousand and Two Hundred Seventy) (ISIN: INE191A01019) is the paid up capital of the company prior to the execution of the Corporate actions as per the approved Resolution plan.

As per the approved Resolution plan, the existing issued, subscribed and paid-up equity share capital of the Company shall be reduced and consolidated from Rs.88,96,43,270 divided into 8,89,64,327 equity shares of Rs.10/- each to Rs.40,81,640 divided into 4,08,164 equity shares of Rs.10/- each. The Paid up capital of the Company after implementation of all the Corporate actions as per approved Resolution plan for the Company is Rs.40,81,64,000/- (Comprising of 4,08,16,400 Equity shares of Rs.10/-each). However, the new paid up capital is not reflected as the approval from the Stock exchanges for the corporate actions as per the approved Resolution plan was pending on March 31, 2020. Hence the old paid-up share capital 8,89,64,327 Equity shares of Rs. 10 each, fully paid up continues to reflect in the list of shareholders as on March 31, 2020. Accordingly, the details of the then Promoters continues to be reflected. The listing & trading approvals for Reduction & Consolidation was accorded by NSE Ltd. & BSE Ltd. on October 29, 2020. The corporate action for Reduction & Consolidation was executed during October 2020.

A total of 4,00,00,072 equity shares of Rs.10/- each has been allotted to new Promoters (M/s Dhanuka Laboratories Limited) which will constitute 98% of the total Equity Shares post implementation of Corporate actions as per approved Resolution plan and 4,08,164 equity shares of Rs.10/- each has been allotted to secured financial creditors towards part conversion of their dues. The company is in the process of submitting reclassification application to the stock exchanges for categorizing M/s. Dhanuka Laboratories Limited as "Promoters" from "Public".

<sup>&</sup> Disqualified u/s 164(2)(a) until October 21, 2023. Accordingly vacated office of Managing Director as required under Section 167 of the Companies Act 2013.

# INDEPENDENT AUDITORS' REPORT

To the Members of

**Orchid Pharma Limited**

**Report on the Audit of the Standalone financial statements**

## **Qualified Opinion**

We have audited the standalone financial statements of Orchid Pharma Limited ("the Company"), which comprise the balance sheet as at March 31, 2020 and the statement of profit and loss (including other comprehensive income) the statement of changes in equity and the statement of cash flows for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020 and its loss, total comprehensive income, the changes in equity and its cash flows for the year ended as on that date.

## **Basis for Qualified Opinion**

We draw attention to the following matters:

a) The management has based on the internal evaluation and the best estimate made by it, has not recognised any impairment in the carrying value of Property, Plant and Equipment (PPE) and internally generated intangible assets comprising of DBF/ANDA and recognised a partial impairment loss against PPE under development, intangibles under development and non-moving and slow moving inventories which were subject matters of audit qualification for the earlier quarters and years. We were informed that the above estimate could not be supported by a detailed working, technical analysis, basis for the business projections, independent evaluation of the management estimate using external experts and other supporting information due to the limitations in getting all the related data and external evidences supporting the assumptions used in the estimate due to the present limitation/ access to data and consultants due to the nationwide lockdown pursuant to the Covid'19 Pandemic. The above coupled with the other adjustments made to give effect for the resolution plan as morefully explained in the Emphasis of

Matters Section of this report has resulted in recognition of capital reserve Rs. 1,84,169.63 Lakhs.

The management confirms that the impairment assessment is made internally with the presently available data and will review/ reassess the present estimate on lifting of the lockdown and on resumption of business at normal levels and further adjustments, if any required, will be made on completion of a comprehensive impairment testing.

In the absence of completion of such comprehensive impairment testing, we are unable to comment on the impact, if any, on the financial results, the carrying amounts of the aforesaid account balances and on the appropriateness of recognising capital reserve as aforesaid as per applicable financial reporting framework.

The possible impact, if any, arising out of the above matters is not presently ascertainable.

b) Further, due to the extension of lockdown till June 30, 2020 across India to contain the spread of the Covid'19 virus, sufficient, appropriate audit evidence relating to physical verification of fixed assets/related reconciliation with the books of account, direct confirmation for certain bank balances could not be obtained. Accordingly, we are unable to comment on the possible impact, if any, arising out of the above matters.

c) Our audit report has been qualified in respect of matters referred to clauses (a) and (b) above.

We conducted our audit in accordance with the standards on auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the standalone financial Statements Section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Key audit matters**

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole and in forming our opinion thereon, and we

do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, we have determined the matters described below to be the key audit matters to be communicated in our report.

**Accounting treatment arising from implementation of resolution plan approved by the Hon'ble National Company Law Tribunal ("Hon'ble NCLT")**

As more fully explained in Note 48 to the standalone financial statements, M/s Dhanuka Laboratories Limited, the successful resolution applicant has infused the required investments as per the approved Resolution Plan ("the Said Plan") and the Company has accounted for the transactions relating to the above as directed by the Hon'ble NCLT.

**Principal Audit Procedures**

- We assessed the Company's process to identify, assess and respond to risks of material misstatement considering the complexity of the terms and conditions of the Said Plan and the impact of the accounting treatment on the Company's operations and standalone financial statements for the year under consideration.
- As part of the evaluation of whether sufficient appropriate audit evidence has been obtained, we have evaluated the appropriateness of our initial risk assessments and revised previous risk assessments in for certain financial statement areas like claims and final settlement of financial and Operating Creditors, carrying amount of property, Plant and Equipment, Capital Work in Progress, intangible assets comprising of ANDA/ DMF and intangibles under development, including related disclosure requirements under the Act and respective Indian Accounting Standards.
- We have considered the impact on the processes and controls that may be affected by necessary changes to business processes in light of circumstances such as travel restrictions, result of remote working arrangements, non-availability of complete audit trail/ data and external valuation reports etc.
- We have reviewed the terms and conditions stipulated by the Hon'ble NCLT in the Said Plan.
- We have designed, performed new procedures and modified previously planned audit procedures as a result of the necessity for carrying out the audit procedures remotely, including verification of the source and completeness of data provided for audit. This includes performing alternative audit procedures to obtain audit comfort in respect of significant account balances for recognition, measurement and disclosures.
- We have audited the management's estimates required in the standalone financial statements, including but not limited to estimates related to expected credit loss, inventory

obsolescence, impairment analyses by checking the reasonableness of underlying assumptions in making those key estimates. We specifically discussed the non-availability of external valuations/ impairment study with the management and critically challenged the key assumptions and their reasonableness in making such key accounting estimates as per the Said Plan.

- We have considered the basis of management judgment in determining impact on the standalone financial statements of subsequent events related to the implementation of the Said Plan (in light of the COVID-19 related restrictions) taking into consideration the date of the standalone financial statements, the facts and circumstances pertaining to the entity and the conditions that existed at, or arose after, that date. As the impacts of the COVID-19 outbreak continue to evolve, including regulatory restrictions/ conditions, capturing events that relate specifically to conditions that existed at the date of the standalone financial statements, or after the date of the standalone financial statements, we have considered all subsequent events and transactions to substantiate our conclusions on the appropriateness of management's estimate in making the adjustments as per the Said Plan.
- We have considered management's adjustments or disclosures which includes the impact of the changes in the environment on the recognition and measurement of account balances and transactions in the standalone financial statements or other specific disclosures as per the Said Plan.

**Emphasis of Matters**

We draw attention to

a) Note 1 and "Basis of preparation and presentation" section of Note 2 to the standalone financial statements, which describe the admission of Corporate Insolvency Resolution Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("the Company") by an order of the Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench with effect from October 27, 2017.

The Resolution Plan filed by the Resolution Professional ("RP") has been finally approved by the Hon'ble NCLT vide its order dated February 28, 2020, based on the order of the Hon'ble Supreme Court of India rejecting the order passed by the Hon'ble National Company Law Appellate Tribunal.

M/s Dhanuka Laboratories Limited, the successful resolution applicant has infused the required investments as per the approved Resolution Plan and these financial results have been prepared after giving effect to the said Resolution Plan and based on the confirmation of the settlement of financial and operating creditors as approved by the RP. Pursuant to the implementation of the Said Plan, the Company became a subsidiary of Dhanuka Laboratories Limited. We were informed that the financial

creditors have issued digitally signed no due certificates as at March 31, 2020 and the satisfaction of charges will be filed with the Registrar of Companies on completion of allotment of equity shares to the financial creditors as per the Said Plan.

In view of the implementation of the Said Plan, the standalone financial statements have been prepared and presented by the Company on a Going Concern basis.

b) Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)" section of Note 2 to the standalone financial statements which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management.

Our opinion is not modified in respect of the above matters.

#### **Other Matters**

Further to the continuous spreading of COVID-19 across India, the Indian Government announced a strict 21-day lockdown on March 24, 2020, which was further extended till June 30, 2020 across the India to contain the spread of the virus. This has resulted in restriction on physical visit to the client locations and the need for carrying out alternative audit procedures as per the Standards on Auditing prescribed by the Institute of Chartered Accountants of India (ICAI).

As a result of the above, the entire audit was carried out based on remote access of the data as provided the management. This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/ Remote Audit/ Online Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the management that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the Company without any further manual modifications.

We bring to the attention of the users that the audit of the standalone financial statements has been performed in the aforesaid conditions.

Our opinion is not modified in respect of the above matters.

#### **Information other than the Standalone financial statements and Auditors' report thereon**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone financial statements and our Auditor's report thereon.

Our opinion on the Standalone financial statements does not

cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Management's responsibility for the Standalone financial statements**

The Company's board of directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's responsibilities for the audit of the Standalone financial statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue

an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably

knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The balance sheet, the statement of profit and loss including other comprehensive income, statement of changes in equity and the statement of cash flow dealt with by this report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
  - (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of

Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 45 to the standalone financial statements;

b. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and

c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

## Annexure "A" to the Independent Auditors' Report on Standalone Financial Statements

(Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report to the Members of Orchid Pharma Limited of even date)

### 1. In respect of the Company's fixed assets:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a program of verification to cover all the items of fixed assets in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the said program, we were informed by the management that a portion of the fixed assets have been physically verified during the year but due to the Covid'19 related restrictions, the same could not be comprehensively reconciled with the books. Accordingly, we were unable to comment on whether any material discrepancies were noticed on such verification and whether they are properly dealt with in the standalone financial statements.

(c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.

In respect of immovable properties pledged as security for borrowings, the Company is in the process of obtaining confirmation of title deeds deposited with the lenders. Accordingly, we are unable to express our comment on those items of immovable properties.

2. The inventory has been physically verified by the management during the year, based on planned cyclical count procedures. In our opinion, the frequency of such verification is reasonable. However, due to the lockdown restrictions imposed by the Central and State Government following the Covid'19 pandemic, the Company could not carryout physical verification of inventory as at the reporting date. Based on the cyclical physical count done by the management subsequent to the balance sheet date, the management confirmed that no material discrepancies were noticed on such verification. Since we could not observe the physical inventory verification because of the travel restrictions imposed due to Covid'19, we were unable to comment on whether any material discrepancies were noticed on such verification and whether they are properly dealt with in the standalone financial statements.

3. According to information and explanation given to us, the company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under section 189 of the

Companies Act, 2013. Accordingly, paragraph 3 (iii) of the order is not applicable.

4. In our opinion and according to information and explanation given to us, the company has not granted any loans or provided any guarantees or given any security to which the provision of section 185 of the companies Act are applicable.

In respect of investments made by the Company, the Company had complied with the provisions of section 186 of the Companies Act, 2013.

5. In our opinion and according to the information and explanations given to us, the company has not accepted any public deposits during the year and accordingly, paragraph 3 (v) of the order is not applicable.

6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the same.

7. According to the information and explanations given to us and based on our examination of the relevant records:

(a) The Company has not been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Goods and Services Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities, taking into account the extended due dates notified by the respective authorities pursuant to Covid'19.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-Tax, Sales- Tax, Service Tax, Goods and Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Cess and other material statutory dues were in arrears as at March 31, 2020 for a period of more than six months from the date they became payable, taking into account the extended due dates notified by the respective authorities pursuant to Covid'19.

(b) According to the information and explanations given to us and as confirmed by the Resolution Professional (RP) and the Successful Resolution Applicant, in view of the implementation of the resolution plan as approved by the Hon'ble National Company Law Tribunal (based on the order of the Hon'ble Supreme Court of India), except to the extent of payment to the stakeholders as per

the approved Resolution Plan, the Company shall have no liability with respect to any claims relating in any manner to the period prior to "the effective date" i.e. pre-Corporate Insolvency Resolution Process period (pre-CIRP period). We were informed that to the extent of claims raised (pertaining to the pre-CIRP period) by various statutory authorities and approved by the RP have been fully paid as part of the approved resolution plan. Accordingly, all other pending litigations relating to pre-CIRP period are deemed to be extinguished as at March 31, 2020, i.e. the date of implementation of the approved resolution plan. Accordingly, there are no dues of income tax, sales tax, service tax, excise duty, value added tax and goods and service tax which have not been deposited as at March 31, 2020 on account of dispute.

8. According to the information and explanation given to us and based on the records examined by us, the Company has defaulted in repayment of dues to banks, financial institutions and government since December 2016 and till March 30, 2020. However, pursuant to the implementation of the resolution plan as approved by the Hon'ble National Company Law Tribunal, the successful resolution applicant has repaid all the dues in respect of loans from banks, financial institutions and government on March 31, 2020. In respect of new loans taken during the period (as part of the resolution plan), there is no default in repayment of principal and interest as stipulated.

The Company does not have any dues to debenture holders during the year.

9. In our opinion and according to the information and explanations given to us, the term loans taken by the Company have been applied for the purpose for which they were raised. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.

10. To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.

11. In our opinion and according to the information and explanations given to us, the Company has paid/ provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

12. The Company is not a Nidhi Company and accordingly, Paragraph 3(xii) of the order is not applicable to the Company.

13. According to the information and explanations given to us and based on our examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Act. Where applicable, the details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

14. According to the information and explanations given to us and based on our examination of the records of the company, the company has made the following allotment of equity shares and optionally convertible debentures during the year:

Sl. No.	Allotted to	Type of Instrument	Number of Instruments allotted
1	Dhanuka Laboratories Limited (the successful resolution applicant of the CIRP)	Equity shares of Rs.10, fully paid	4,00,00,072
2	Financial Creditors (comprising of various consortium banks and financial institutions)	Equity shares of Rs.10, fully paid	4,08,164
3	Dhanuka Laboratories Limited (the successful resolution applicant of the CIRP)	0% Optionally Convertible Debentures of Rs.100,000 each fully paid	14,300

The above allotments were made based on the terms of the resolution plan approved by the Hon'ble National Company Law Tribunal and accordingly are not considered to be a preferential allotment or private placement of shares and debentures. Accordingly, paragraph 3(xiv) of the order is not applicable.

15. According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the order is not applicable.

16. According to the information and explanations given to us and based on our examination of the records of the company, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

## Annexure “B” to the Independent Auditor's Report on Standalone Financial Statements

(Referred to in paragraph 2 (f) under 'Report on other Legal and Regulatory Requirements' section of our report to the Members of Orchid Pharma Limited of even date)

### **Report on the internal financial controls over financial reporting under clause (l) of sub-section 3 of section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Orchid Pharma Limited (“the Company”) as at March 31, 2020, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's responsibility for internal financial controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the standards on auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

#### **Meaning of internal financial controls over financial reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

#### **Inherent limitations of internal financial controls over financial reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future

periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Basis for qualified opinion**

We observed significant deficiencies in the internal financial controls relating to maintenance of sufficient, appropriate audit trail/ documentation in respect of (a) physical verification of fixed assets; and (b) related reconciliation with the books of account.

#### **Qualified Opinion**

In our opinion and according to the information and explanations given to us, the Company has to further strengthen in all material respects, the internal financial control system over financial reporting to make such internal financial controls over financial reporting to operate effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **Other matters**

We bring to the attention of the users that the audit of the internal financial control system over financial reporting and the operating effectiveness of such internal financial controls over financial reporting has been performed remotely in the conditions morefully explained in the Other Matters Paragraph of our Independent Audit Report on the audit of the Standalone financial statements.

Our opinion on the internal financial control system over financial reporting is not modified in respect of the above.

# Notes to Financial Statements for the year ended March 31, 2020

## 1 Corporate Information

Orchid Pharma Ltd., (the "Company") is one of the leading pharmaceutical companies in India head quartered in Chennai and involved in the development, manufacture and marketing of diverse bulk actives, formulations and nutraceuticals with exports spanning over 40 countries. Orchid's world class manufacturing infrastructure include USFDA compliant API and Finished Dosage Form facilities at Chennai in India. Orchid has dedicated state-of-art and GLP compliant R&D infrastructure for Process research and Pharmaceutical research at Chennai, India. Orchid has ISO 14001 and OHSAS 18001 certifications. Orchid's Equity shares are listed on the National Stock Exchange of India Limited (NSE) and the BSE Limited (BSE) in India.

The Hon'ble National Company Law Tribunal (NCLT) has, by its order dated June 27, 2019 approved the resolution plan submitted by the successful resolution applicant M/s Dhanuka Laboratories Limited (DLL) and the order of the NCLT was upheld by Hon'ble Supreme Court vide its order dated February 28, 2020.

DLL infused the funds as per the terms of the resolution plan through a special purpose vehicle, Dhanuka Pharmaceuticals Private Limited. The special purpose vehicle was later on merged with the Company as per the terms of the approved resolution plan. Thus, the Company became a subsidiary of DLL.

## 2 Basis of preparation of financial statements

### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

### Basis of preparation and presentation

Pursuant to the order of the Hon'ble NCLT, the approved Resolution Plan was implemented during March 2020 and the Board of Directors of the Company was reconstituted on March 31, 2020 based on the nominations from the Resolution Applicant. DLL has also infused the amounts in the Company and settled all the financial and operating creditors of the

Company as per the terms of the approved Resolution Plan. In view of the implementation of the Resolution Plan, the financial statements have been prepared and presented by the Company on a going concern basis.

### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

### Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Company has made detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

### Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals). The financial statements are approved for issue by the Board of Directors on June 29, 2020

### 2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered

## Notes to Financial Statements for the year ended March 31, 2020

to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

### Property, Plant and Equipment (PPE) and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

### Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

### Deferred Tax Assets

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

### Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

### Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment

are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

### Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

### Defined Benefit Plans and Other long term employee benefits

The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

### Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

### 2B Recent accounting pronouncements

#### Standards issued but not yet effective

The amendments are proposed to be effective for reporting periods beginning on or after 1 April 2020

## Notes to Financial Statements for the year ended March 31, 2020

### A) Issue of Ind AS 117 – Insurance Contracts

Ind AS 117 supersedes Ind AS 104 Insurance contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flows with a provision for risk.

The Company has evaluated the requirements of the above standards and considered that it is not applicable to the company and the effect on the financial statements is considered to be nil.

### B) Amendments to existing Standards

Ministry of Corporate Affairs has carried out amendments of the following accounting standards:

1. Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors
2. Ind AS 40 – Investment Property
3. Ind AS 103 – Business Combination

The Company has evaluated the requirements of the above standards/ its applicability to the Company and the effect on the financial statements is not considered to be significant.

### 3 Significant Accounting Policies

#### a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after

the reporting period, or

- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

#### b) Fair value measurement

The Company has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

## Notes to Financial Statements for the year ended March 31, 2020

Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company has designated the respective team leads to determine the policies and procedures for both recurring and non-recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

### c) Revenue Recognition

#### Sale of goods

Revenue is recognised when the company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset., which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

#### Significant financing component

Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the

Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or services to the customer and when the customer pays for that goods or services will be one year or less.

#### Export entitlements

In respect of the exports made by the Company, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

#### Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

#### Dividend income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

### d) Property, Plant and Equipment and Capital Work in Progress

#### Presentation

Property, Plant and Equipment and Capital Work in Progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets

## Notes to Financial Statements for the year ended March 31, 2020

outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

### Component Cost

All material/ significant components have been identified and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

### Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### e) Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013, except in respect of certain assets, where useful life estimated based on internal assessment and/or independent technical evaluation carried out by external valuer, past trends and differs from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date

on which such assets have been discarded/ sold. Additions to fixed assets, costing Rs.5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### f) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

DMF and ANDA costs represent expenses incurred on development of processes and compliance with regulatory procedures of the US FDA, in filing Drug Master Files("DMF") and Abbreviated New Drug Applications("ANDA"), in respect of products for which commercial value has been established by virtue of third party agreements/ arrangements.

### Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The cost of each DMF/ ANDA (self generated intangible assets) is amortised to the extent of recovery of developmental costs applicable as per terms of the agreement or over a period of 5 years from the date on which the product covered by DMF/ ANDA is commercially marketed, whichever is earlier.

## Notes to Financial Statements for the year ended March 31, 2020

### Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

### g) Inventories

Inventories are carried at the lower of cost or net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition, cost being determined based on weighted average method.

**(i) Raw materials/ Chemicals/ Packing materials/ Stores & spares:** At cost or net realisable value.

**(ii) Work-in-progress and intermediates:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer

**(iii) Finished goods/ Traded goods:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

### Financial assets

#### Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also added to the cost of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market

place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

For purposes of subsequent measurement, financial assets are classified into the following categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instrument at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

### Debt instruments at amortised cost

The Company classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows;
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

### Debt instrument at FVTOCI

The Company classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value

## Notes to Financial Statements for the year ended March 31, 2020

movements are recognized in the other comprehensive income (OCI). However, the Company recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

### Debt instrument at FVTPL

The Company classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Company makes an irrevocable election of classifying the equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and others, deposits, interest receivable and other advances recoverable in cash.
FVTOCI	Equity investments in companies other than subsidiaries and associates if an option exercised at the time of initial recognition.
FVTPL	Other investments in equity instruments

### Derecognition

A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, receivables and bank balance.
- b) Financial assets that are debt instruments and are measured at FVTOCI
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

## Notes to Financial Statements for the year ended March 31, 2020

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

- **Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables:** ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- **Debt instruments measured at FVTOCI:** Since financial

assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

## Notes to Financial Statements for the year ended March 31, 2020

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

### Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR

amortisation process.

### Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at fair value through profit or loss, are subsequently measured at higher of (i) The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 – Financial Instruments and (ii) The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115 – Revenue Recognition.

### Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or

## Notes to Financial Statements for the year ended March 31, 2020

ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S. No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### i) Foreign currency transactions and translations

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date at which the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Company enters into forward exchange contract to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

### j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of

## Notes to Financial Statements for the year ended March 31, 2020

time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### k) Government grants

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.

In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

Government grants related to assets, including non-monetary grants at fair value, shall be presented in the balance sheet by setting up the grant as deferred income. The grant set up as deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

### l) Taxes

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit

or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

#### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

## Notes to Financial Statements for the year ended March 31, 2020

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### **m) Retirement and other employee benefits Short-term employee benefits**

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### **Defined contribution plans**

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### **Defined benefit plans**

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in

subsequent periods.

### **Compensated absences**

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

### **Other long term employee benefits**

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

### **n) Leases**

#### **Accounting policy applied till March 31, 2019**

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset.

## Notes to Financial Statements for the year ended March 31, 2020

However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

### Accounting policy applied from April 01, 2019

The Company has adopted Ind AS 116 "Leases" as notified by MCA as on March 30, 2019. The MCA via this notification requires all entities to apply Ind AS 116 from Accounting period April 01, 2019. The entity has elected the "modified retrospective" approach for adopting Ind AS 116 and hence the comparative information relating to prior years will not be restated.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

#### a) Initial measurement

Lease liability is initially recognised and measured at an amount equal to the present value of minimum lease payments during the lease term that are not yet paid. Right-of-use asset is recognized and measured at cost, consisting of initial measurement of lease liability plus any lease payments made to the lessor at or before the commencement date less any lease incentives received, initial estimate of restoration costs and any initial direct costs incurred by the lessee.

#### b) Subsequent measurement

The lease liability is measured in subsequent periods using the effective interest rate method. Right-of-use asset is depreciated in accordance with requirements in Ind AS 16, Property, Plant and Equipment.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

However, Ind AS 116 provides the lessee with the option to recognise a low value asset or a short term lease (12 months or lesser) as an expense in the statement of profit and loss on a straight-line basis or any other systematic approach as adopted by the entity.

#### o) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

#### p) Provisions, contingent liabilities and contingent asset

##### Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made, if realisation of money is doubtful in the judgement of the management.

##### Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

## Notes to Financial Statements for the year ended March 31, 2020

### Contingent assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period and where practicable, an estimate of their financial effect.

Contingent assets are disclosed but not recognised in the financial statements.

### q) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

### r) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing

activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

### s) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

### Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposure through its finance division, wherever required, to mitigate the risks from such exposures.

### Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures.

### Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

## Notes to Financial Statements for the year ended March 31, 2020 ( All the amounts are in lakhs of Indian rupees, unless otherwise stated)

### Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures.

The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

### Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Company's profit for the year ended March 31, 2020 would decrease/ increase by Rs. 106.75 lakhs (March 31, 2019 : Till previous year, the Company was in CIRP process. Accordingly, in the opinion of the management, the quantitative disclosure of interest rate sensitivity was not considered to be a meaningful representation of the present facts.). This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

### Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

#### (a) Trade Receivables

The Company has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank guarantee/letter of credit or security deposits.

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

#### (b) Investments, Cash and Cash Equivalents and Bank Deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Company enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved banks/ financial institutions/ counterparty. Investments primarily include bank

## Notes to Financial Statements for the year ended March 31, 2020

(All the amounts are in lakhs of Indian rupees, unless otherwise stated)

deposits, etc. These bank deposits and counterparties have low credit risk. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in bank deposit and restricts the exposure in equity markets.

### Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the bank agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

### Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

### 51 Retirement benefit plans

#### Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of Gratuity fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund, Gratuity fund, Superannuation fund as well as Employee State Insurance Fund.

The total expense recognised in profit or loss of Rs 603.62 Lakhs (for the year ended March 31, 2019: Rs. 809.78 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

#### Defined benefit plans

##### (a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

## Notes to Financial Statements for the year ended March 31, 2020

(All the amounts are in lakhs of Indian rupees, unless otherwise stated)

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2020	March 31, 2019
Discount Rate	6.57%	7.32%
Rate of increase in compensation level	7.00%	5.00%
Expected return on plan assets	6.57%	7.32%
Mortality	Indian Assured Lives Mortality (2012-14)(Ultimate)	Indian Assured Lives Mortality (2006-08)(Ultimate)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts recognised in total comprehensive income in respect of these defined benefit plans are as follows:

	March 31, 2020	March 31, 2019
<b>Amount recognised under Employee Benefits Expense in the Statement of profit and Loss:</b>		
Current service cost	116.41	112.59
Net interest expense	87.01	98.65
Return on plan assets (excluding amounts included in net interest expense)	(43.41)	(63.77)
Components of defined benefit costs recognised in profit or loss	<b>160.01</b>	<b>147.47</b>
<b>Amount recognised in Other Comprehensive Income (OCI) for the Year</b>		
Remeasurement on the net defined benefit liability comprising:		
Actuarial (gains)/losses recognised during the period	190.42	(96.16)
Components of defined benefit costs recognised in other comprehensive income	<b>190.42</b>	<b>(96.16)</b>
Components of defined benefit costs recognised in other comprehensive income	<b>350.43</b>	<b>51.31</b>

i. Current service cost and the net interest expense for the year are included in the 'Employee Benefits Expense' in profit or loss.

ii. The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the Company's obligation in respect of its defined benefit plans is as follows:

Present value of defined benefit obligation	1,616.09	1,419.73
Fair value of plan assets	(602.10)	(756.17)
Net liability/ (asset) arising from defined benefit obligation	<b>1,013.99</b>	<b>663.56</b>
Funded	1,013.99	663.56
Unfunded	-	-
	<b>1,013.99</b>	<b>663.56</b>

The above provisions are reflected under 'Provision for employee benefits- gratuity' (long-term provisions)[ Refer note 21] and 'Provision for employee benefits- gratuity' (short-term provisions)[ Refer note 25]

Movements in the present value of the defined benefit obligation in the current year were as follows:

Opening defined benefit obligation	1,419.73	1,348.86
Current service cost	116.41	112.59
Prior service cost	-	-
Interest cost	87.01	98.65

Benefits paid	(190.88)	(2.47)
Closing defined benefit obligation	1,616.09	1,419.73

## Notes to Financial Statements for the year ended March 31, 2020

(All the amounts are in lakhs of Indian rupees, unless otherwise stated)

### Movements in the fair value of the plan assets in the current year were as follows:

Opening fair value of plan assets	756.17	872.36
Difference in opening value	-	(5.74)
Return on plan assets	43.41	63.77
Redemption	-	(130.00)
Contributions	-	-
Benefits paid	(190.88)	(2.47)
Premium	-	(0.01)
Actuarial gains/(loss)	(6.60)	(41.74)
Closing fair value of plan assets	602.10	756.17

### Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

### (b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

### The design entitles the following risk

Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.

The above provisions are reflected under 'Provision for employee benefits- Compensated absences'(long-term provisions)[Refer note 21] and 'Provision for employee benefits - Compensated absences'(short-term provisions)[Refer note 25].

## 52 Business Combination

### Summary of acquisition

The Hon'ble NCLT passed the order approving the resolution plan submitted by the successful resolution applicant, "Dhanuka Laboratories Limited" ("DLL") on June 27, 2019 and the same was upheld by Hon'ble Supreme Court of India vide its order dated February 28, 2020. Pursuant to the above order, DLL has infused the prescribed funds into the Company and implemented the resolution plan through the Monitoring Committee constituted with the nominations of the DLL, RP and two financial creditors of the Company on the effective date i.e. on March 31, 2020.

As per the approved Resolution Plan, DLL through its 100% subsidiary (a special purpose vehicle), Dhanuka Pharmaceuticals Private Limited ("DPPL") took over the liabilities of the Company against the consideration of 3,65,000 Non-Convertible Debentures of Rs.1,00,000 each. The special purpose vehicle was then amalgamated with the Company as per the approved resolution plan.

The new board constituted by the DLL took over the management of the Company and has approved these audited standalone financial statements after giving effect to approved resolution plan. The above business combination is accounted as per the following details:

There was no contingent liability identified in the above amalgamation. Hence, no disclosures were required.

## Notes to Financial Statements for the year ended March 31, 2020

( All the amounts are in lakhs of Indian rupees, unless otherwise stated)

53 The Company is in the process of carrying out a comprehensive confirmation and reconciliation of receivables, loans and advances given, payables, bank balances and other financial assets, the claims received from the employees, financial creditors (including excess/ short provision of interest, non-provision of penal interest by the Company considering the agreement reached by the joint lenders meeting) and operational creditors with the books of account.

Further, the Company is in the process of carrying out physical verification of fixed assets/ related reconciliation with the books of account and reconciliation of restatement account of foreign currency assets and liabilities

Pending completion of the aforesaid comprehensive reconciliation, the possible impact, if any, is not presently determinable. Accordingly, no adjustment has been made in the financial statements.

54 The management has based on the internal evaluation and the best estimate made by it, has not recognised any impairment in the carrying value of property, plant and equipment (PPE) and internally generated intangible assets comprising of DBF/ ANDA and recognised a partial impairment loss against PPE under development, intangibles under development and non-moving and slow moving inventories.

The management confirms that the impairment assessment is made internally with the presently available data and will review/ reassess the present estimate on lifting of the lockdown and on resumption of business at normal levels and further adjustments, if any required, will be made on completion of a comprehensive impairment testing.

55 The Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench, admitted the Corporate Insolvency Resolution Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("the Company") and appointed an Interim Resolution Professional ("IRP"), in terms of the Insolvency and Bankruptcy Code, 2016 ("the Code") to manage the affairs of the Company vide CP no.

CP/ 540/ (IB)/ CB/ 2017 dated August 17, 2017. Subsequently, Mr. Ramkumar Sripatham Venkata Subramanian (IP Registration no. IBBI/ IPA-001/ IP-P00015/ 2016-17/ 10039) has been appointed as the Resolution Professional ("RP") of the Company, by an order of NCLT with effect from October 27, 2017.

The Resolution Plan of Dhanuka Laboratories Limited was approved by the Hon'ble NCLT vide its order dated June 27, 2019. However, on an appeal filed by one of the unsuccessful Resolution Applicants, the Hon'ble National Company Law Appellate Tribunal ("NCLAT") stayed the implementation of the Resolution plan until further orders and on November 13, 2019, had set aside the approved resolution plan of Dhanuka Laboratories Limited (DLL).

State Bank of India, one of the COC member, preferred an appeal against the impugned order of the Hon'ble NCLAT before the Hon'ble Supreme Court of India and the Apex Court on February 28, 2020 has upheld the Order dated June 27, 2019 of NCLT, Chennai and set aside the Order of NCLAT dated November 13, 2019.

Pursuant to the above order, the Resolution plan submitted by the Resolution Applicant, "Dhanuka Laboratories Limited " ("DLL") was implemented during March 2020 through the Monitoring Committee constituted as per the resolution plan consisting of DLL (the successful resolution applicant), RP and two financial creditors of the Company on the effective date i.e. on March 31, 2020. Thus the Company became a subsidiary of DLL from the effective date.

The new board constituted by the DLL took over the management and has approved these audited financial results after giving effect to approved resolution plan.

56 In view of the implementation of the approved Resolution plan, the assets and liabilities have been restated/ reclassified during the current year as per the terms of the resolution plan. Accordingly, may not be fully comparable with that of the previous year (which is during CIRP).

# INDEPENDENT AUDITORS' REPORT

To the Members of **Orchid Pharma Limited**

## **Report on the Audit of the Consolidated Financial Statements**

### **Qualified Opinion**

We have audited the accompanying Consolidated Financial Statements of Orchid Pharma Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise of the Balance Sheet as at March 31, 2020, and the Consolidated Statement of Profit and Loss (including Consolidated Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report the aforesaid Consolidated Financial Statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, and the consolidated loss, consolidated total comprehensive income, consolidated changes in equity and the consolidated cash flows for the year ended on that date.

### **Basis for Qualified Opinion**

We draw attention to the following matters:

a) The group's management has based on the internal evaluation and the best estimate made by it, has not recognised any impairment in the carrying value of Property, Plant and Equipment (PPE) and internally generated intangible assets comprising of DBF/ ANDA and recognised a partial impairment loss against PPE under development, intangibles under development and non-moving and slow moving inventories which were subject matters of audit

qualification for the earlier quarters and years. We were informed that the above estimate could not be supported by a detailed working, technical analysis, basis for the business projections, independent evaluation of the group's management estimate using external experts and other supporting information due to the limitations in getting all the related data and external evidences supporting the assumptions used in the estimate due to the present limitation/ access to data and consultants due to the nationwide lockdown pursuant to the Covid'19 Pandemic. The above coupled with the other adjustments made to give effect for the resolution plan as morefully explained in the Emphasis of Matters Section of this report has resulted in recognition of capital reserve Rs. 1,84,169.63 Lakhs.

The group's management confirms that the impairment assessment is made internally with the presently available data and will review/ reassess the present estimate on lifting of the lockdown and on resumption of business at normal levels and further adjustments, if any required, will be made on completion of a comprehensive impairment testing.

In the absence of completion of such comprehensive impairment testing, we are unable to comment on the impact, if any, on the financial results, the carrying amounts of the aforesaid account balances and on the appropriateness of recognising capital reserve as aforesaid as per applicable financial reporting framework.

The possible impact, if any, arising out of the above matters is not presently ascertainable.

b) Further, due to the extension of lockdown till June 30, 2020 across India to contain the spread of the Covid'19 virus, sufficient, appropriate audit evidence relating to physical verification of fixed assets/ related reconciliation with the books of account, direct confirmation for certain bank balances could not be obtained. Accordingly, we are unable to comment on the possible impact, if any, arising out of the above matters.

c) The Consolidated Financial Statements for the year ended March 31, 2020 include the financial statements for the year ended March 31, 2020, of the following subsidiary companies:

- Orchid Europe Limited, UK
- Orchid Pharmaceuticals Inc., USA

- Bexel Pharmaceuticals Inc., USA
- Orchid Pharmaceuticals SA (Proprietary) Limited, South Africa
- Diakron Pharmaceuticals, Inc. USA

We did not audit the standalone financial statements of the above subsidiaries that reflect total assets of Rs. 991.39 lakhs and net assets of (-) Rs.3,184.05 lakhs as at March 31, 2020, total revenue of Rs. 259.25 lakhs, total comprehensive Income (comprising of loss and other comprehensive income) of Rs. 1,876.58 lakhs and net cash flows amounting to Rs. 37.50 lakhs for the year ended on that date, as considered in the Consolidated Financial Statements.

The standalone financial statements of the subsidiaries are unaudited and have been furnished to us by the management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, is based solely on such unaudited financial statements. Accordingly, we do not express any opinion on the completeness and true and fair view of the financial statements, including adjustments, if any, required on the carrying amount of assets and liabilities of the above subsidiaries as at March 31, 2020 included in the Consolidated Financial Statements. This is a matter of qualification in our earlier years' audit reports also.

d) Our audit report has been qualified in respect of matters referred to clauses (a) to (c) above.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional

judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, we have determined the matters described below to be the key audit matters to be communicated in our report.

#### Accounting treatment arising from implementation of resolution plan approved by the Hon'ble National Company Law Tribunal ("Hon'ble NCLT")

As more fully explained in Note 48 to the Consolidated Financial Statements, M/s Dhanuka Laboratories Limited, the successful resolution applicant has infused the required investments as per the approved Resolution Plan ("the Said Plan") and the Group has accounted for the transactions relating to the above as directed by the Hon'ble NCLT.

#### Principal Audit Procedures

- We assessed the Group's process to identify, assess and respond to risks of material misstatement considering the complexity of the terms and conditions of the Said Plan and the impact of the accounting treatment on the Group's operations and Consolidated Financial Statements for the year under consideration.
- As part of the evaluation of whether sufficient appropriate audit evidence has been obtained, we have evaluated the appropriateness of our initial risk assessments and revised previous risk assessments in for certain financial statement areas like claims and final settlement of financial and operating creditors, carrying amount of property, plant and equipment, capital work in progress, intangible assets comprising of ANDA/ DMF and intangibles under development, including related disclosure requirements under the Act and respective Indian Accounting Standards.
- We have considered the impact on the processes and controls that may be affected by necessary changes to business processes in light of circumstances such as travel restrictions, result of remote working arrangements, non-availability of complete audit trail/ data and external valuation reports etc.
- We have reviewed the terms and conditions stipulated by the Hon'ble NCLT in the Said Plan.

- We have designed, performed new procedures and modified previously planned audit procedures as a result of the necessity for carrying out the audit procedures remotely, including verification of the source and completeness of data provided for audit. This includes performing alternative audit procedures to obtain audit comfort in respect of significant account balances for recognition, measurement and disclosures.
- We have audited the management's estimates required in the Consolidated Financial Statements, including but not limited to estimates related to expected credit loss, inventory obsolescence, impairment analyses by checking the reasonableness of underlying assumptions in making those key estimates. We specifically discussed the non-availability of external valuations/ impairment study with the management and critically challenged the key assumptions and their reasonableness in making such key accounting estimates as per the Said Plan.
- We have considered the basis of management judgment in determining impact on the Consolidated Financial Statements of subsequent events related to the implementation of the Said Plan (in light of the COVID-19 related restrictions) taking into consideration the date of the Consolidated Financial Statements, the facts and circumstances pertaining to the entity, and the conditions that existed at, or arose after, that date. As the impacts of the COVID-19 outbreak continue to evolve, including regulatory restrictions/ conditions, capturing events that relate specifically to conditions that existed at the date of the Consolidated Financial Statements, or after the date of the Consolidated Financial Statements, we have considered all subsequent events and transactions to substantiate our conclusions on the appropriateness of management's estimate in making the adjustments as per the Said Plan.
- We have considered management's adjustments or disclosures which includes the impact of the changes in the environment on the recognition and measurement of account balances and transactions in the Consolidated Financial Statements or other specific disclosures as per the Said Plan.

#### **Emphasis of Matters**

We draw attention to

- a) Note 1 and "Basis of preparation and presentation" section of Note 2 to the Consolidated Financial Statements, which describe the admission of Corporate Insolvency Resolution

Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("the Holding Company") by an order of the Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench with effect from October 27, 2017. The Resolution Plan filed by the Resolution Professional ("RP") has been finally approved by the Hon'ble NCLT vide its order dated February 28, 2020, based on the order of the Hon'ble Supreme Court of India rejecting the order passed by the Hon'ble National Company Law Appellate Tribunal.

M/s Dhanuka Laboratories Limited, the successful resolution applicant has infused the required investments as per the approved Resolution Plan and these financial results have been prepared after giving effect to the said Resolution Plan and based on the confirmation of the settlement of financial and operating creditors as approved by the RP. Pursuant to the implementation of the Said Plan, the Holding Company became a subsidiary of Dhanuka Laboratories Limited. We were informed that the financial creditors have issued digitally signed no due certificates as at March 31, 2020 and the satisfaction of charges will be filed with the Registrar of Companies on completion of allotment of equity shares to the financial creditors as per the Said Plan.

In view of the implementation of the Said Plan, the Consolidated Financial Statements have been prepared and presented by the Group on a going concern basis.

b) Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19)" section of Note 2 to the Consolidated Financial Statements which describes the uncertainties and the impact of Covid-19 pandemic on the Group's operations and results as assessed by the management.

Our opinion is not modified in respect of the above matters.

#### **Other Matters**

Further to the continuous spreading of COVID -19 across India, the Indian Government announced a strict 21-day lockdown on March 24, 2020, which was further extended till June 30, 2020 across the India to contain the spread of the virus. This has resulted in restriction on physical visit to the client locations and the need for carrying out alternative audit procedures as per the Standards on Auditing prescribed by the Institute of Chartered Accountants of India (ICAI).

As a result of the above, the entire audit was carried out based on remote access of the data as provided the management.

This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/ Remote Audit/ Online Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the management that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the Group without any further manual modifications.

We bring to the attention of the users that the audit of the Consolidated Financial Statements has been performed in the aforesaid conditions.

Our opinion is not modified in respect of the above matters.

#### **Information other than the financial statements and Auditors' report thereon**

The Holding Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Management's responsibility for the Consolidated Financial Statements**

The Group's management is responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial

performance including other comprehensive income, cash flows and changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective board of directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Group's management is also responsible for overseeing the Group's financial reporting process.

#### **Auditor's responsibilities for the audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a

reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on other legal and regulatory requirements**

1. As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) in our opinion, proper books of account as required by law have been kept by the Holding Company, its subsidiaries included in the Group incorporated in India, including relevant records relating to preparation of the aforesaid Consolidated Financial Statements so far as it appears from our examination of those books and records of the Holding Company and the unaudited results of the subsidiary companies prepared by the management;

(c) the consolidated balance sheet, consolidated statement of profit and loss (including consolidated other

comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flow dealt with by this report are in agreement with the relevant books of account maintained by the Holding Company and its subsidiaries included in the Group incorporated in India, including relevant records relating to the preparation of the Consolidated Financial Statements;

(d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act;

(e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in Annexure "A". Our report expresses a modified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting; and

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act; and

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

a. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements – Refer Note 39 to the Consolidated Financial Statements;

b. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and

c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

## Annexure "A" to the Independent Auditors' Report on the Consolidated Financial Statements

(Referred to in paragraph 1(f) under 'Report on other Legal and Regulatory Requirements'  
section of our report to the Members of Orchid Pharma Limited of even date)

### **Report on the Internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Orchid Pharma Limited ("the Holding Company") as at March 31, 2020, in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Holding Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Group based on our audit. We conducted our audit in accordance with the Guidance Note and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial control system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorisations of management and directors of the Group; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the Consolidated Financial Statements.

### **Inherent limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Basis of qualified opinion**

We observed significant deficiencies in the internal financial controls relating to maintenance of sufficient, appropriate audit trail/ documentation in respect of (a) physical verification of fixed assets; and (b) related reconciliation with the books of account.

### **Qualified Opinion**

In our opinion and according to the information and explanations given to us, the Group has to further strengthen in all material respects, the internal financial control system over financial reporting to make such internal financial controls over financial reporting to operate effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the

Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. This has been a matter of qualification in our earlier years' audit reports also.

### **Other matters**

We bring to the attention of the users that the audit of the internal financial control system over financial reporting and the operating effectiveness of such internal financial controls over financial reporting has been performed remotely in the conditions more fully explained in the Other Matters Paragraph of our Independent Audit Report on the audit of the Consolidated Financial Statements.

Our opinion on the internal financial control system over financial reporting is not modified in respect of the above.

The Consolidated Financial Statements comprise financial statements of "Orchid Pharma Limited" ("the Holding Company") and its subsidiaries (collectively referred to as "the Group") for the year ended March 31, 2020.

Orchid Pharma Limited was incorporated in India in July 1992 and started commercial production in February 1994. The Company manufactures Active Pharmaceuticals Ingredients as 100% export oriented unit, and manufactures and sells finished dosage forms (formulations) in domestic and export markets. The company also has full-fledged R&D facilities. The Company has invested in the following companies :The Company, its Subsidiaries and its Associate are collectively referred as "the Group".

a) Orchid Europe Limited UK, a company formed in the United Kingdom initially to market nutraceuticals through mail order/ direct marketing in the United Kingdom and Europe.

b) Orchid Pharmaceuticals Inc., USA to provide services in USA. It has a wholly owned subsidiaries "Orgenus Pharma Inc, USA" which provides services in USA and "Orchid Pharma Inc./Karalex Pharma, USA" which sells pharmaceutical products in USA.

c) Orchid Pharmaceuticals SA ( Proprietary) Limited, South Africa to register and market formulations in South Africa.

d) Bexel Pharmaceuticals Inc., USA engaged in Pharmaceutical research and development.

e) Diakron Pharmaceuticals Inc., USA engaged in Pharmaceutical research and development.

The Hon'ble National Company Law Tribunal (NCLT) has, by its order dated June 27, 2019 approved the resolution plan submitted by the successful Resolution Applicant M/s Dhanuka Laboratories Limited (DLL) and the order of the NCLT was upheld by Hon'ble Supreme Court vide its order dated February 28, 2020.

DLL infused the funds as per the terms of the resolution plan through a special purpose vehicle, Dhanuka Pharmaceuticals Private Limited. The special purpose vehicle was later on merged with the Company as per the terms of the approved resolution plan. Thus, the Company became a subsidiary of DLL.

## 2 Basis of preparation of financial statements

### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act')(to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

### Basis of preparation and presentation

Pursuant to the order of the Hon'ble NCLT, the approved Resolution Plan was implemented during March 2020 and the Board of Directors of the Company was reconstituted on March 31, 2020 based on the nominations from the Resolution Applicant. DLL has also infused the amounts in the Company and settled all the financial and operating creditors of the Company as per the terms of the resolution plan. In view of the implementation of the Resolution Plan, the financial statements have been prepared and presented by the Company on a going concern basis.

The Consolidated Financial Statements comprises of Orchid Pharma Limited and all its subsidiaries, being the entities that it controls. Control is assessed in accordance with the requirement of Ind AS 110 - Consolidated Financial Statements.

### Principles of Consolidation

a) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.

b) Profits or losses resulting from intra-group transactions that are recognised in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full.

c) In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).

d) Goodwill represents the difference between the Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.

e) The unaudited financial statements of foreign subsidiaries have been prepared by the management in accordance with the generally accepted accounting principles of its country of incorporation and restated to Ind AS for consolidation purposes.

f) The differences in accounting policies of the Holding Company and its subsidiaries/ associates are not material and there are no material transactions from January 1, 2020 to March 31, 2020 in respect of subsidiaries/ having financial year ended December 31, 2019.

g) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

h) The carrying amount of the parent's investment in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

### Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Group has made detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

### Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals).

The financial statements are approved for issue by the Company's Board of Directors on June 29, 2020.

### 2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

#### Property, Plant and Equipment (PPE) and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible

Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/ amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

### Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

### Deferred Tax Assets

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/ recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

### Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

### Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

### Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

### Defined Benefit Plans and Other long term employee benefits

The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

### Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

### 2B Recent accounting pronouncements

#### Standards issued but not yet effective

The amendments are proposed to be effective for reporting periods beginning on or after 1 April 2020

#### a) Issue of Ind AS 117 – Insurance Contracts

Ind AS 117 supersedes Ind AS 104 Insurance contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flows with a provision for risk.

The Group has evaluated the requirements of the above standards and considered that it is not applicable to the Group and the effect on the financial statements is considered to be nil.

#### b) Amendments to existing Standards

Ministry of corporate affairs has carried out amendments of the following accounting standards:

1. Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors
2. Ind AS 40 – Investment Property

### 3. Ind AS 103 – Business Combination

The Group has evaluated the requirements of the above standards/ its applicability to the Group and the effect on the financial statements is not considered to be significant.

### 3 Significant Accounting Policies

#### a) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

#### An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

#### A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified 12 months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

#### b) Fair value measurement

The Group has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Group's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

### c) Revenue Recognition

#### Sale of goods

Revenue is recognised when the Group satisfies a performance

obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset., which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

**Significant financing component** - Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or services to the customer and when the customer pays for that goods or services will be one year or less.

#### Export entitlements

In respect of the exports made by the Group, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

#### Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

#### Dividend income

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

### d) Property, plant and equipment and capital work in progress

#### Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

### Component Cost

All material/ significant components have been identified and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

### Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### e) Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013, except in respect of certain assets, where useful life estimated based on internal assessment and/or independent technical evaluation carried out by external valuer, past trends and differs from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded/ sold. Additions to fixed assets, costing Rs.5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### f) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

DMF and ANDA costs represent expenses incurred on development of processes and compliance with regulatory procedures of the US FDA, in filing Drug Master Files ("DMF") and Abbreviated New Drug Applications ("ANDA"), in respect of products for which commercial value has been established by virtue of third party agreements/ arrangements.

### Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The cost of each DMF/ ANDA (self generated intangible assets) is amortised to the extent of recovery of developmental costs applicable as per terms of the agreement or over a period of 5 years from the date on which the product covered by DMF/ ANDA is commercially marketed, whichever is earlier.

### Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

### g) Inventories

Inventories are carried at the lower of cost or net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition, cost being determined based on weighted average method.

(i) **Raw materials/ Chemicals/ Packing materials/ Stores & spares:** At cost or net realisable value.

(ii) **Work-in-progress and intermediates:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer

(iii) **Finished goods/ Traded goods:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

#### Financial assets

##### Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also added to the cost of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

Financial assets are classified into the following categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair

value through profit or loss (FVTPL)

- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

#### Debt instruments at amortised cost

The Group classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

#### Debt instrument at FVTOCI

The Group classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

#### Debt instrument at FVTPL

The Group classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

#### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Group makes an irrevocable election of classifying the equity instruments at FVTOCI, it recognises all

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and others, deposits, interest receivable and other advances recoverable in cash.
FVTOCI	Equity Investments in companies other than subsidiaries and associates if any option exercised at the time of initial recognition
FVTPL	Other investments in equity instruments

### Derecognition

#### A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement? and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying

amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, receivables and bank balance.
- b) Financial assets that are debt instruments and are measured at FVTOCI
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Group considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

➤ **Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables:**

ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

➤ **Debt instruments measured at FVTOCI:** Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model(ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

#### Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

### Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Group are initially measured at their fair values and, if not designated as at fair value through profit or loss, are subsequently measured at higher of (i) The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 – Financial Instruments and (ii) The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115 – Revenue Recognition

### Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following

the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S.No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

### I) Foreign currency transactions and translations

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Group at the functional currency spot rates at the date at which the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Group enters into forward exchange contract to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in the foreign currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the Consolidated Statement of Profit and Loss. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

#### j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Group determines the amount

of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Group which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Group capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

#### k) Government grants

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.

In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

Government grants related to assets, including non-monetary grants at fair value, shall be presented in the balance sheet by setting up the grant as deferred income. The grant set up as deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

#### l) Taxes

##### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Group will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Group during the specified period. The Group reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Group will pay normal Income tax during the specified period.

### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### m) Retirement and other employee benefits

#### Short-term employee benefits

A liability is recognised for short-term employee benefit in the

period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### Defined benefit plans

The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

#### Compensated absences

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid/availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

#### Other long term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by the employees up to the reporting date.

#### n) Leases

#### Accounting policy applied till March 31, 2019

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

### Accounting policy applied from April 01, 2019

The Group has adopted Ind AS 116 "Leases" as notified by MCA as on March 30, 2019. The MCA via this notification requires all entities to apply Ind AS 116 from Accounting period April 01, 2019. The entity has elected the "modified retrospective" approach for adopting Ind AS 116 and hence the comparative information relating to prior years will not be restated.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

#### a) Initial measurement

Lease liability is initially recognised and measured at an amount equal to the present value of minimum lease payments during the lease term that are not yet paid. Right-of-use asset is recognized and measured at cost, consisting of initial measurement of lease liability plus any lease payments made to the lessor at or before the commencement date less any lease incentives received, initial estimate of restoration costs and any initial direct costs incurred by the lessee.

#### b) Subsequent measurement

The lease liability is measured in subsequent periods using the effective interest rate method. Right-of-use asset is depreciated in

accordance with requirements in Ind AS 116, Property, Plant and equipment.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

However, Ind AS 116 provides the lessee with the option to recognise a low value asset or a short term lease (12 months of lesser) as an expense in the statement of profit and loss on a straight-line basis or any other systematic approach as adopted by the entity.

#### o) Impairment of non financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

#### p) Provisions, contingent liabilities and contingent asset Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made, if realisation of money is doubtful in the judgement of the management.

#### Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be

## Notes to Consolidated Financial Statements for the year ended March 31, 2020

required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

### Contingent assets

Where an inflow of economic benefits is probable, the Group discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

Contingent assets are disclosed but not recognised in the financial statements.

### q) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

### r) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit /

(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

### s) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

### Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Group seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Group's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives and the investment of excess liquidity. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group actively manages its currency and interest rate exposure through its finance division, wherever required, to mitigate the risks from such exposures.

### Foreign currency risk management

The Group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Group actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such.

### Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

### Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Group against major foreign currencies may impact the Group's revenues from its operations. Any weakening of the functional currency may impact the Group's cost of imports and cost of borrowings and consequently may increase the cost of financing the Group's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because of the existing exchange earning capacity of the Group on account of its EOU status (Export oriented undertaking) and higher proportion of earnings in foreign exchange through exports.

### Interest rate risk management

The Group is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Group also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Group's profit for the year ended March 31, 2020 would decrease/ increase by Rs. 106.75 lakhs (March 31, 2019 : Till previous year, the Holding Company was in CIRP process, Accordingly, in the opinion of the management, the quantitative disclosure of interest rate sensitivity was not considered to be a meaningful representation of the present facts). This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings.

### Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Group is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Group has no significant concentration of credit risk with any counterparty.

### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

#### (a) Trade Receivables

The Group has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Group assesses the credit risk as high, the exposure is backed by either bank guarantee/ letter of credit or security deposits.

## Notes to the Consolidated Financial Statements for the year ended March 31, 2020

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

The Group does not have higher concentration of credit risks to a single customer. As per simplified approach, the Group makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

### (b) Investments, Cash and Cash Equivalents and Bank Deposits

Credit Risk on cash and cash equivalents, deposits with the banks/ financial institutions is generally low as the said deposits have been made with the banks/ financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Group enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved banks/ financial institutions/ counterparty. Investments primarily include bank deposits, etc. These bank deposits and counterparties have low credit risk. The Group has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in bank deposit and restricts the exposure in equity markets.

### Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the bank agreement is available only to the bank in the event of a default. Group does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

### Liquidity risk management

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Group also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### Liquidity tables

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

### 45 Retirement benefit plans

#### Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of Gratuity fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund, Gratuity fund, Superannuation fund as well as Employee State Insurance Fund.

The total expense recognised in profit or loss of Rs 603.62 Lakhs (for the year ended March 31, 2019: Rs. 809.78 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

#### Defined benefit plans

##### (a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

## Notes to the Consolidated Financial Statements for the year ended March 31, 2020

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2020	March 31, 2019
Discount Rate	6.57%	7.32%
Rate of increase in compensation level	7.00%	5.00%
Expected return on plan assets	6.57%	7.32%
Mortality	Indian Assured Lives Mortality (2012-14)(Ultimate)	Indian Assured Lives Mortality (2006-08)(Ultimate)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

### Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

### (b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

The design entitles the following risk

Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yield fall, the defined benefit obligations will tends to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefits of a short caring employees will be less compared to long service employees.

The above provisions are reflected under 'Provision for employee benefits - Compensated absences' (long-term provisions) [Refer note 20] and 'Provision for employee benefits - Compensated absences' (short-term provisions) [Refer note 24].

- 49** The Group is in the process of carrying out a comprehensive confirmation and reconciliation of receivables, loans and advances given, payables, bank balances and other financial assets, the claims received from the employees, financial creditors (including excess/ short provision of interest, non-provision of penal interest by the Group considering the agreement reached by the joint lenders meeting) and operational creditors with the books of account. Further, the Group is in the process of carrying out physical verification of fixed assets/ related reconciliation with the books of account and reconciliation of restatement account of foreign currency assets and liabilities

Pending completion of the aforesaid comprehensive reconciliation, the possible impact, if any, is not presently determinable. Accordingly, no adjustment has been made in the financial statements.

- 50** The management has based on the internal evaluation and the best estimate made by it, has not recognised any impairment in the carrying value of property, plant and equipment (PPE) and internally generated intangible assets comprising of DBF/ ANDA and recognised a partial impairment loss against PPE under development, intangibles under development and non-moving and slow moving inventories.

The management confirms that the impairment assessment is made internally with the presently available data and will review/ reassess the present estimate on lifting of the lockdown and on resumption of business at normal levels and further adjustments, if any required, will be made on completion of a comprehensive impairment testing.

- 51** The Hon'ble National Company Law Tribunal ("NCLT"), Chennai Bench, admitted the Corporate Insolvency Resolution Process ("CIRP") application filed by an operational creditor of Orchid Pharma Limited ("OPL" or "the Holding Company") and appointed an Interim Resolution Professional ("IRP"), in terms of the Insolvency and Bankruptcy Code, 2016 ("the Code") to manage the affairs of the Company vide CP.No. CP/ 540/ (IB)/ CB/ 2017, dated August 17, 2017. Subsequently, Mr. Ramkumar Sripatham Venkatasubramanian (IP Registration no. IBBI/IPA-001/IP-P00015/2016-17/10039) was appointed as the Resolution Professional ("RP") of the Company, by an order of Hon'ble NCLT with effect from October 27, 2017.

## Notes to the Consolidated Financial Statements for the year ended March 31, 2020

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

The Resolution Plan of Dhanuka Laboratories Limited was approved by the Hon'ble NCLT vide its order dated June 27, 2019. However, on an appeal filed by one of the unsuccessful resolution applicants, the Hon'ble National Company Law Appellate Tribunal ("NCLAT") stayed the implementation of the resolution plan until further orders and on November 13, 2019, had set aside the approved resolution plan of Dhanuka Laboratories Limited (DLL).

State Bank of India, one of the COC member, preferred an appeal against the impugned order of the Hon'ble NCLAT before the Hon'ble Supreme Court of India and the Apex Court on February 28, 2020 has upheld the Order dated June 27, 2019 of NCLT, Chennai and set aside the Order of NCLAT dated November 13, 2019.

Pursuant to the above order, the resolution plan submitted by the Resolution Applicant, "Dhanuka Laboratories Limited" ("DLL") was implemented during March 2020 through the Monitoring Committee constituted as per the resolution plan consisting of DLL (the successful resolution applicant), RP and two financial creditors of the Company on the effective date i.e. on March 31, 2020. Thus the Company became a subsidiary of DLL from the effective date.

The new board constituted by the DLL took over the management and has approved these audited financial results after giving effect to approved resolution plan.

- 52 In view of the implementation of the approved resolution plan, the assets and liabilities have been restated/ reclassified during the current year as per the terms of the resolution plan. Accordingly, may not be fully comparable with that of the previous year (which is during CIRP).

## NOTES:

1. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013, Secretarial Standards -2 on General Meetings and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 setting out material facts in respect of the special businesses to be transacted at the meeting, is annexed hereto.

2. In view of the continuing COVID-19 global pandemic, social distancing norms, the Ministry of Corporate Affairs vide its Circular No.20/2020 dated May 05, 2020 read with Circular No.14/2020 dated April 8, 2020 and Circular No.17/2020 dated April 13, 2020 allows conducting of Annual General Meeting of the Company through Video Conferencing (VC) or Other Audio Visual Means (OAVM) without the physical presence of the members for the meeting at a common venue. In terms of the said Circulars and in compliance with the provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the AGM of the Company is being held through VC / OAVM. Hence, Members can attend and participate in the AGM through VC / OAVM only. In accordance with the Secretarial Standard -2 on General Meeting issued by the Institute of Company Secretaries of India (ICSI) read with guidance/ clarification dated April, 15, 2020 issued by ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed venue of the AGM. The detailed procedure for participating in the meeting through VC / OAVM is appended herewith and also available at the Company's website [www.orchidpharma.com](http://www.orchidpharma.com)

3. Since this AGM is being held through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, the Body Corporate are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat and cast their votes through e-voting. Corporate members intending to attend/vote at AGM through VC / OAVM by their respective authorized representative(s) pursuant to section 113 of the Companies Act, 2013 to are requested to send their Certified True Copy of the resolutions/ Power of Attorney to the Scrutinizer by e-mail on [lalitha.companysecretary@gmail.com](mailto:lalitha.companysecretary@gmail.com) with a copy marked to RTA- [yuvraj@integratedindia.in](mailto:yuvraj@integratedindia.in) and Ms. Nikita K ([nikitak@orchidpharma.com](mailto:nikitak@orchidpharma.com)) authorizing their representatives to attend and vote on their behalf at the Annual General Meeting of the Company.

4. M/s. CNGSN& Associates LLP, Chartered Accountants, continue to be the Statutory Auditors of the Company for the current financial year 2020-2021.

5. The Register of Members and the Share Transfer Books will remain closed from Wednesday, December 23, 2020 to Wednesday, December 30, 2020 both days inclusive for the purpose of Annual General Meeting for the financial year 2019-2020.

7. The Company draws your attention to the notification issued by SEBI dated June 08, 2018 and the press release dated 3rd December 2018 amending Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Pursuant to the amended provisions, any request for effecting transfer of shares in physical form shall not be processed except in case of transmission or transposition of shares unless the shares are held in demat form. Hence, the Company / Registrar and Share Transfer Agent would not be in a position to accept / process the requests for transfer of shares held in physical form with effect from 01.04.2019. As such, SEBI had mandated transfer of shares in dematerialised form alone. This measure is aimed at curbing fraud and manipulation risk in physical transfer of securities by unscrupulous entities. Transfer of securities only in demat form will improve ease, facilitate convenience and safety of transactions for investors. Members holding shares in physical form are requested to consider converting their holding to dematerialized form to eliminate all risks associated with physical shares and for ease in portfolio management. Members can contact either the Company or M/s Integrated Registry Management Services Private Limited (IRMSPL), for assistance in this regard.

8. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company /IRMSPL.

9. Members holding shares in Dematerialized form are requested to intimate any changes pertaining to their Bank details change of address / name etc., to their respective Depository Participant. Kindly quote Client ID and DPID numbers in all your correspondences. Members who hold shares in physical form are requested to notify any change in their particulars like changes in address, bank particulars etc., to the Company's Registrar and Share Transfer Agents (RTA) viz., M/s Integrated Registry Management Services Private Limited, 2nd Floor, Kences Towers, No. 1, Ramakrishna Street, North Usman Road, T. Nagar, Chennai - 600 017, Tamil Nadu, India ([yuvraj@integratedindia.in](mailto:yuvraj@integratedindia.in)). Kindly quote the ledger folio number

in all your correspondences.

10. Members are requested to address all correspondence to the Company's Registrar and Share Transfer Agents (RTA) viz., M/s Integrated Registry Management Services Private Limited, 2nd Floor, Kences Towers, No. 1, Ramakrishna Street, North Usman Road, T. Nagar, Chennai - 600 017, Tamil Nadu, India ([yuvraj@integratedindia.in](mailto:yuvraj@integratedindia.in)) or to the Company at its Registered Office at Orchid Towers, No.313 Valluvarkottam High Road, Nungambakkam, Chennai-600034, Tamil Nadu, India

11. Members holding shares in physical form can avail the nomination facility by filing Form SH-13, as prescribed under Section 72 of the Companies Act, 2013 and the Rules made thereunder, with the Company. Members holding shares in demat form may contact their respective Depository Participants (DPs) for availing this facility.

12. Pursuant to Sections 101 and 136 of the Companies Act, 2013 read with Rule 18(1) of the Companies (Management and Administration) Rules, 2014, the Notice calling the AGM along with the Annual Report for the financial year 2019-2020 is being sent in electronic mode to all the Members who have registered their e-mail ID's with the Company/Depository Participants for communication purposes.

13. In line with the MCA circulars the Notice convening 27th AGM and explanatory statement ('the Notice') and the Annual Report of the Company for the Financial Year 2019-2020 is available on the Company's website on <https://www.orchidpharma.com>. #### Item No. 11 – Approval of Material related party transactions with M/s. Otsuka Chemicals (India) Private Limited

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the members by way of ordinary resolution, in case certain transactions with related parties exceeds such sum as is specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis.

However, pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations'), approval of the members through resolution passed in General Meeting is required for all material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis. For this purpose, a transaction is considered material, if the transaction/transactions to be entered into individually or taken together with previous transactions during a Financial Year exceeds 10% of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company. Further, a transaction involving payments made to a related party with respect to brand usage or royalty shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceed 2% of the annual

consolidated turnover of the listed entity as per the last audited financial statements of the listed entity.

All the Related Party Transactions entered into by the Company are on arm's length basis and in the ordinary course of business and approval of the Audit Committee / Board is obtained, wherever required.

The Company has existing transactions with M/s. Otsuka Chemicals (India) private Limited, which is in the ordinary course of business and at arm's length basis. However, the estimated value of transaction (existing and proposed) is likely to exceed 10% in respect of arrangements with M/s. Otsuka Chemicals (India) private Limited of the annual consolidated turnover of the Company as per the last audited financial statements of the Company and may exceed the materiality threshold as prescribed under Regulation 23 of the Listing Regulations. Thus, these transactions would require the approval of the Members by way of Resolution at General Meeting. M/s. Otsuka Chemicals (India) private Limited is a 'Related Party' as per definition under Section 2(76) of the Companies Act, 2013.

Approval of the Members is sought to ratify/approve all existing contracts/arrangements/ agreements/transactions with the aforesaid related party and to enable the Board for entering into new/further contracts/ arrangements/ agreements/ transactions (including any modifications, alterations, amendments or renewal thereto) with the aforesaid parties during the Financial year 2020-21 subject to the limits mentioned in the table below:

Name of the related party	M/s. Otsuka Chemicals (India) private Limited
Name of the director or Key Managerial Personnel who is related, if any;	Shri Manish Dhanuka, Managing Director Shri Mridul Dhanuka, Whole Time Director
Nature of relationship	Shri Manish Dhanuka is a Director on M/s. Otsuka Chemicals (India) Pvt. Ltd. Shri Mridul Dhanuka is a Member of M/s. Otsuka Chemicals (India) Pvt. Ltd.
Aggregate maximum value of the contract/ arrangement per transaction in any financial year	Aggregate Upto Rs.72 Crores (Rupees Seventy Two Crore Only)
Nature, material terms, monetary value and particulars of the contract or arrangements	The proposed transactions relate to supply of raw material which shall be governed by the Company's Related Party Transaction Policy and shall be approved by the Audit Committee within the overall limits approved by the members. The purchase value per month is around Rs.6 Crores.
Any other information relevant or important for the members to take a decision on the proposed resolution.	All the transactions were on continuing basis and were undertaken on arm's length basis and in the ordinary course of business. The transactions were based on Purchase Orders issued from time to time.

As per Listing Regulations, all entities falling under the definition of Related Parties shall not vote to approve the relevant transaction irrespective of whether the entity is a party to the particular transaction or not and accordingly the Promoters shall not vote on the resolutions set out at Item No. 11

Except for Shri Manish Dhanuka, Managing Director (Director on Board of M/s. Otsuka Chemicals (India) private Limited) and Shri Mridul Dhanuka, Whole Time Director (Member of M/s. Otsuka Chemicals (India) private Limited) and their relatives, none of the Directors and Key Managerial Personnel or their relatives are in any way, concerned or interested, financially or otherwise, in the said resolution. The Board considers that the existing arrangements with M/s. Otsuka Chemicals (India) private Limited, are in the ordinary course of business and at arm's length basis and play a significant role in the Company's business operations and accordingly the Board recommends the Ordinary Resolution as set out in Item No.11 of this Notice for approval of the Members.

**Item No. 12 – Sell, lease or otherwise dispose-of the whole or substantially the whole of any undertaking(s) of the company**

Members of the Company are requested to note that Section 180 (1)(a) of the Companies Act, 2013 mandates that the Board of Directors of a company shall exercise the power to sell, lease or otherwise dispose of the whole or substantially the whole of any undertaking(s) of the company, only with the approval of the members of the Company by way of a Special resolution.

Explanation (i) to Section 180(1) (a) of the Companies Act, 2013 states that the meaning of an 'undertaking' for the purposes of Section 180(1)(a) of the Companies Act, 2013 is an undertaking in which the investment of the company exceeds twenty percent of its net worth as per the audited balance sheet of the preceding financial year or an undertaking which generates twenty percent of the total income of the company during the previous financial year.

Explanation (ii) to Section 180 (1)(a) of the Companies Act, 2013 states that the meaning of 'substantially the whole of the undertaking' for the purposes of Section 180(1) (a) is in any financial year, twenty percent or more of the value of the undertaking as per the audited balance sheet of the preceding financial year.

Accordingly, pursuant to Section 180(1)(a) of the Companies Act, 2013, Members of the Company are further requested to note that their consent to the Board is being sought by way of a Special Resolution to sell / transfer/ dispose-of immovable/ movable property/ies/the fixed assets/undertakings of the Company as may be determined by the Board to repay its dues/liabilities, retirement of debts and to meet growth objectives for such consideration and on such terms and conditions as the Board may deem fit in the best interest of the Company, provided the aggregate amount of such transactions shall not exceed Rs. 300 Crores (Rupees Three Hundred Crore only).

The above resolution is recommended for your approval for passing this resolution at this ensuing Annual General Meeting. The Board is of the opinion that the aforesaid Resolution is in the best interest of the Company and hence recommends the Special Resolution for your approval.

None of the Directors / Key Managerial Personnel of the Company / their relatives are in any way, concerned or interested, financially or otherwise, in this resolution.

**Item No.13- Fund raising through issue of equity shares on a preferential allotment / private placement basis**

The special resolution contained in Item No.13 of the notice for issue and allotment of Equity shares of face value of Rs.10/- each on Preferential/Private Placement basis to eligible investors, for an aggregate amount not exceeding Rs. 300 Crores/- (Rupees

Three Hundred Crores Only ) (inclusive of such premium as may be fixed on such Equity Shares) in one or more series/tranches have been proposed pursuant to Section 42,62(1)(c) of the Companies Act, 2013 read with Companies (Prospectus and Allotment of Securities) Rules, 2014 and the Companies (Share capital and Debentures) Rules, 2014, SEBI (ICDR) Regulations, 2018 and other applicable provisions of the Companies Act, 2013.

Pursuant to the implementation of the approved Resolution plan, the Monitoring Committee have approved the allotment of 4,00,00,072 equity shares of Rs.10/- each to M/s. Dhanuka Laboratories Limited constituting 98% of the paid up capital of the Company. Rule 19A (5) of the Securities Contracts (Regulation) Rules, 1957 states that Where the public shareholding in a listed company falls below twenty-five percent, as a result of implementation of the resolution plan approved under Section 31 of the Insolvency and Bankruptcy Code, 2016 (31 of 2016), such company shall bring the public shareholding to twenty five percent within a maximum period of three years from the date of such fall, in the manner specified by the Securities and Exchange Board of India: Provided that, if the public shareholding falls below ten percent, the same shall be increased to at least ten percent, within a maximum period of eighteen months from the date of such fall, in the manner specified by the Securities and Exchange Board of India.

Ensuring adherence to the above Regulation, the above proposal for issuance of equity shares has been considered and approved by the Board at its meeting held on November 11, 2020.

The offer for the proposed allotments as mentioned in item no.13 shall be made by way of Offer letter to be issued to the proposed allottees of Equity shares. The proposed issuance of Equity Shares in terms of the Special Resolution in the Notice will be in conformity with the provisions of all applicable laws.

The detailed terms and conditions for the issuance of the Equity Shares as and when made will be determined by the Board considering the prevailing market conditions and other relevant factors. The Special Resolution seeks to give the Board powers to issue Equity Shares in one or more tranches at such time or times, at such price or prices, and to such of the Investors as are mentioned therein as the Board in its absolute discretion deems fit. The Board recommends the Special Resolution as set out in Item No.13 of the accompanying Notice, for approval of the members.

None of the Directors, Key Managerial Personnel and their relatives are, in any way, concerned or interested in the said resolutions either financially or otherwise, except to the extent of their equity holding in the Company.

## Forward-looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and our other statements-written and oral- that we periodically make contain forward looking statements that set out anticipated results based on the management plans and the assumptions. We have tried wherever possible to identify such statements by using words such as “anticipate”, “estimate”, “expects”, “projects”, “intends”, “plans”, “believes” and words of similar substance in connection with any decision of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statements, where as a result of new information, future events or otherwise.

# Board's Report

## Dear Members

Your Board of Directors have pleasure in presenting the Twenty Eighth (28<sup>th</sup>) Directors' Report together with the Audited Financial Statements of the Company for the Financial Year ended March 31, 2021.

## Brief background & Successful implementation of the approved Resolution Plan

The Hon'ble National Company Law Tribunal, Chennai Bench ("NCLT") vide its order dated June 25/27, 2019 approved the Resolution Plan submitted by M/s Dhanuka Laboratories Limited ("Successful Resolution Applicant") under Section 31 of the Insolvency and Bankruptcy Code, 2016. Thereafter, one of the unsuccessful bidders filed an application before the Hon'ble NCLT seeking to consider his Resolution plan by the Resolution Professional (RP) and Committee of Creditors (COC) which was dismissed by the Hon'ble NCLT, Chennai Bench on June 27, 2019. Pursuant to the said order of dismissal, the said unsuccessful bidder preferred an appeal before the Hon'ble National Company Law Appellate Tribunal (NCLAT) and the Hon'ble NCLAT, New Delhi stayed the order dated June 27, 2019 passed by the Hon'ble NCLT, Chennai. The Hon'ble NCLAT on November 13, 2019 set aside the order passed by the Hon'ble NCLT, Chennai approving the Resolution plan and remitted the matter back to Hon'ble NCLT, Chennai for decision in accordance with law. However, one of the financial creditors filed an appeal against the Order dated November 13, 2019 of the Hon'ble NCLAT before the Hon'ble Supreme Court of India. After hearing the matter, a final Order was passed by the Hon'ble Supreme Court of India on February 28, 2020 and it upheld the NCLT Order dated June 27, 2019 and this paved way for the implementation of the Resolution Plan submitted by Dhanuka Laboratories Limited (DLL). Post the Acquisition, a new Board was constituted on March 31, 2020 ("Reconstituted Board" or "Board") and a new management has been put in place. In accordance with the provisions of the Code and the NCLT & Supreme Court of India Orders, the approved resolution plan is binding on the Company and its employees, members, creditors, guarantors and other stakeholders involved.

### Future Outlook

It is been more than a year now since the implementation of the approved Resolution plan and your Company is moving in the positive direction. Huge efforts are required still towards rebuilding the organisation and taking it to greater heights. In financial terms, the objective of your Company is to lower earnings volatility, strive for higher predictable and calibrated growth and improve Sales, EBITDA margin and reduce Debt. The target is to stay cash flow positive and expand earnings year-on-year. Your Company is striving hard to reverse the direction of the downward curve by ramping up businesses and achieve sizeable growth. The greatest challenge your Company is facing is to achieve growth and profit margins, in spite of the COVID 19 pandemic situation which has resulted in a significant reduction in Anti-Biotics demand across the world. The Board and the Management of your Company are committed and will put in their best efforts to turnaround your Company with optimum cost structure.

### Management Discussion and Analysis report

A report on the Management Discussion and Analysis in terms of the provisions of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations 2015) is provided as a separate annexure in the annual report.

### Corporate Governance Report and Additional Shareholder's information

A report on the Corporate Governance systems and practices of your Company along with a certificate of compliance from the Practising Company Secretary is given in **Annexure IV** which forms part of this report.

### Board Committees

The details pertaining to the Audit Committee and other Committees of the Board are provided in the Corporate Governance section forming part of this Report. All the recommendations made by the Committees of the Board including the Audit Committee were accepted and implemented by the Board.

### Adequacy of Internal Financial Control System

The Internal Financial Control over Financial Reporting System are existing and operative, however based on the observations of the auditors, the Company is further strengthening the Internal Financial Control systems over financial reporting.

### Environment

Environment management is the prime concern in Orchid Pharma Limited. Orchid has employed a state-of-the-art technology, zero liquid trade effluent treatment plant and world class treatment facilities for its liquid and gaseous pollutants generated from the production processes. The zero discharge of liquid trade effluent treatment plant comprising Membrane Bio Reactor, Nano Filtration, Reverse Osmosis, Solvent Stripping Column, Thermal Evaporation & Crystallization plant will treat the entire trade effluent and recycle back into the utility process.

### Waste Water Treatment

Low TDS effluent is collected, equalized and neutralized into neutral pH and treated aerobically by Membrane Bio Reactor process comprising of aerotapc equipped with jet aeration system made up of Glass Fibre Reinforced Plastic & Ultrafiltration System loaded with ceramic membrane (aluminum zirconium). The permeate from ultrafiltration passes through nano filtration to separate divalent ions. The permeate of nano filtration passes through reverse osmosis to separate monovalent ions. The permeate of reverse osmosis is utilized in the cooling towers as make up water. The reject from the reverse osmosis plant and nano filtration plant is mixed with high total dissolved solids effluent for further treatment. The excess bio mass from the aerobic system is centrifuged and sent to bio composting process to convert into useful manure. High TDS effluent is collected and neutralized into neutral pH. This effluent is sent to stripping column having sieve trays with a height of 21 meters to enrich the traces of solvents to the level of 70% using steam energy for further usage. The effluent from the bottom of stripping column is sent to Mechanical Evaporators (Single stage, Three stage and Five stage) to concentrate the salts to the level of 35%. The concentrate from the evaporators are sent to Agitated Thin Film Dryers (ATFD) where it gets dried and the dried salt is collected at the bottom of ATFD. The collected salt is bagged and stored in protected storage sheds for further disposal in Government approved landfill sites.

### Waste Air Treatment

The major emissions from the unit is from the boiler, power plant, production process and powder processing area.

**Process Scrubbers:** Orchid installed process scrubbers in all production blocks to treat the waste air generated from

process reactors.

**Vent Gas Condensation:** Orchid installed vent gas condensation system for fugitive emissions from the storage tanks of solvents and secondary condensers of solvent recovery area to control the fugitive emissions.

**Reverse Jet Ventury Filter:** Orchid installed reverse jet ventury filter to control the dust emission during the powder processing of bulk drugs.

**Adequate Stack Height:** Adequate stack heights are provided for Steam Boiler and Power Plant for better dispersion.

**Electro Static Precipitator (ESP):** ESP is provided at the boiler emission to control the particulate matter.

### Hazardous waste Management

Hazardous wastes are collected and stored in protected storage shed and disposed into the approved landfill sites / authorized recyclers.

### World Environment Day Celebration

World Environment Day was celebrated on 5th June 2020 by planting trees with in our factory premises to create awareness on environment.

### Safety

Orchid is highly committed to Safety, Health and Environment aspects. In spite of challenging circumstances brought about by COVID-19, there has been no compromise on critical needs of safety. This has been possible because of committed Line Management, dedicated Safety Professionals and relentless Leadership direction. Central Safety Committee (CSC), the apex committee of the organization have ensured that risks have been contained to keep us free from any major incident. Orchid strongly believes that human behaviour plays key role in safety management. Reinforcing the Safety observation & Audit (SOA) – a Lead indicator, becomes a key focus area always in our Central Safety Committee meetings. CSC continues to meet every month, review critical concerns on Safety and provides directions to minimize the risks at all levels.

In light of the evolving Coronavirus situation, organization is taking critical measures to contain the spread of COVID-19. Essential preventive measures have been taken to ensure that we keep ourselves, our families, and our communities are safe. Orchid established a comprehensive crises management plan to handle the pandemic. This plan addresses the adequate preparedness and response measures for the following risks that arises out of the pandemic situation.

- Spread of infection across employees operating within plants
- Contract employee health issues
- Contamination from employees returning from hot spots
- Inadequate availability of work force due to absenteeism spikes
- Inadequate focus on Safe work practices, maintenance under restricted work force
- Shutdown and start-up of process
- Contamination of work place / warehouse
- Contamination risk from Visitors / Contractors
- Inadequate social distancing
- Risk of movement of Contaminated vehicles
- Gap in Sanitation and hygiene requirements

At Orchid, we have initiated protocols for hygiene and sanitation, social distancing, Virtual meetings, medical assistance and vaccination initiatives in alignment with National /Global guidelines on disease prevention and control to prevent contamination and to cope with adverse situations. These measures have been rolled out across all Orchid business processes, Manufacturing Sites, offices, and Technology Development facilities.

Process Safety is of paramount importance for any Chemical and Pharmaceutical organization, therefore, we have built a strong Process safety culture at Orchid over the years. The company also realized the need of effective safety communication in culture building activity / exercise. This is backed up by periodical safety talks, Safety Posters and Interactive discussions. Several safety-related initiatives, awareness campaigns were conducted to promote a “zero incidents” mindset among employees. These efforts resulted in behavioural change, making a zero-reportable-incidents year. By applying Risk Assessment technologies at work on chemicals and process, we ensured that highest workplace safety standards were implemented across the manufacturing value chain.

## Management Discussion and Analysis

### 1. Economic Overview – Global

According to OECD Economic Outlook report, prospects for the global economy have improved considerably, but to a different extent across economies. In the advanced economies, the progressive rollout of an effective vaccine has begun to allow more contact-intensive activities – held back by measures to contain infections – to reopen gradually. At the same time, additional fiscal stimulus this year is helping to boost demand, reduce spare capacity and lower the risks of sizeable long-term scarring from the pandemic. Some moderation of fiscal support appears likely in 2022 on current plans, but improved confidence and fewer public health restrictions should encourage households to spend. However, in many emerging-market economies, slow vaccination deployment, further infection outbreaks, and associated containment measures, will continue to hold down growth for some time, especially where scope for policy support is limited.

The world economy has now returned to pre-pandemic activity levels, but will remain short of what was expected prior to the crisis by end-2022. Some other emerging-market economies, including India, may continue to have large shortfalls in GDP relative to pre-pandemic expectations and are projected to grow at robust rates only once the impact of the virus fades.

Signs of higher input cost pressures have appeared in recent months, but sizeable spare capacity throughout the world should prevent a significant and sustained pick-up in underlying inflation. The recent upturn in headline inflation rates reflects the recovery of oil and other commodity prices, a surge in shipping costs, the normalisation of prices in hard-hit sectors as restraints are eased, and one-off factors such as tax changes, and should ease in the near term. With unemployment and employment rates unlikely to attain their pre-pandemic levels until after end-2022 in many countries, there should be only modest pressures on resources over the coming 18 months.

#### Economic Overview-India

According to the Indian Economic Survey 2021, the domestic market is expected to grow 3x in the next decade. India's domestic pharmaceutical market is estimated at US\$ 42 billion in 2021 and likely to reach US\$ 65 billion by 2024 and further expand to reach ~US\$ 120-130 billion by 2030. India is the largest provider of generic drugs globally.

Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US and 25% of all medicine in the UK. Globally, India ranks 3rd in terms of pharmaceutical production by volume and 14th by value. The domestic pharmaceutical industry includes a network of 3,000 drug companies and 10,500 manufacturing units. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers with a potential to steer the industry ahead to greater heights. Presently, over 80% of the antiretroviral drugs used globally to combat AIDS (Acquired Immune Deficiency Syndrome) are supplied by Indian pharmaceutical firms.

India's biotechnology industry comprising biopharmaceuticals, bio-services, bio-agriculture, bio-industry, and bioinformatics. The Indian biotechnology industry was valued at US\$ 64 billion in 2019 and is expected to reach US\$ 150 billion by 2025.

### 2. Opportunities and Threats

#### Opportunities

The global active pharmaceutical ingredients (API) market reached a value of US\$ 200.6 billion in 2020. The global API market is extremely competitive with a number of large and small manufacturers. Catalyzed by lower costs, API manufacturing has gradually been shifting from the historical leaders in Western countries to manufacturers based in India and China.

India is expected to become the second largest COVID-19 vaccine manufacturer, after the US, given its capacity to produce for its local population and to export to other countries. India's track record for vaccine manufacturing predates the pandemic, which means that scalable plans for contract manufacturing to meet global demand is as good as an industry given.

The global demand of APIs is currently exhibiting strong growth and Orchid Pharma Limited is well positioned to capture such opportunity in the API market. India's generic drug producers hold a strong position in the global supply chain and play an integral role in developing the pharmaceutical industry.

#### Threats

The COVID-19 pandemic exposed weaknesses in the industry's global supply chain and while consumer confidence is recovering, it is nowhere near normal levels just yet. The lingering impacts of COVID-19 will continue to have a serious impact on the industry through the end of the year, in part because reduced consumer confidence means lower than usual demand for pharmaceuticals. In addition, customer purchasing power may

remain low as unemployment continues to be a challenge around the world.

While global pharmaceutical supply chains did not collapse under the pressure of COVID-19, the pandemic revealed serious weaknesses in pharmaceutical logistics. The lean supply chains the industry cultivated over the past decades are not resilient to sudden shocks or issues with production

caused by events like a pandemic. As a result, long manufacturing lead times and unpredictable demand are likely to cause problems through the end of the year. The supply chain may also be vulnerable to intentional disruption by cybercriminals. Moreover, poor visibility and transparency in the supply chain may make a number of these challenges worse.

### 3. Segment Wise / Product Wise Performance

Orchid Pharma Limited currently operates mainly in API business. This segment has 2 categories namely Oral and Sterile. The category wise sales data is given below:

Financial Year	Oral		Sterile	
	Quantity (in Tons)	Value (Rs in Lakh)	Quantity (in Tons)	Value (Rs in Lakh)
2019-20	183.82	29239.92	93.03	16601.45
2020-21	161.19	27157.89	116.81	16534.20

Orchid Pharma Limited also has Formulation Business. In the current year, it has been reported and classified as "Non-Current Asset held for Sale" in the Annual Report. Due to such classification as on the date of reporting it has not been considered as a separate segment for disclosure of Product Wise Performance.

### 4. Outlook

#### API manufacturing

Due to the severe shortage caused by supply chain disruption due to the COVID situation, API manufacturers in 2021 will reshape their supply chain strategies by adopting multiple suppliers and increasing reliance on regional manufacturers. New regulations can be seen in the domestic supply of essential APIs to ensure the "country of origin". Also, there will be a good inclination among manufacturers toward achieving global quality standards for medicines. Such initiatives by API manufacturers will strengthen the availability of raw materials and APIs in the upcoming years.

Investments in CROs are increasing and paving way for new products. The penetration of CROs in the pharma industry would increase in 2021. With increasing mergers and acquisitions, CROs will grow significantly this year. As pharma companies are increasingly adopting globalisation, CROs are also expected to go global to expand their reach. With increasing adaptation towards remote working and digitalisation, leaderships and managements of industries are expected to invest huge capital in Artificial Intelligence (AI) and technology in 2021.

The usefulness of Artificial Intelligence (AI) in identifying candidates for vaccines and trials, conducting virtual trials,

R&D, supply chain and manufacturing are the major factors that will boost the willingness of industries to invest in Artificial Intelligence. This along with digitisation will fill up the pipelines in 2021 by enhancing the quality of existing drugs, creating new drugs and promoting the best services in the pharma industry.

### 5. Risks and Concerns

All businesses are subject to internal as well as external risks. The internal risks are controllable risks and Orchid has identified such risks and is in the process of formulating such actions to mitigate the effect of such risks. The extent to which COVID-19 pandemic will impact the operations and financial results is dependent on the future developments, which are highly uncertain. This is a major risk in the immediate future and its long term impact needs to be assessed. The global and Indian pharmaceutical industry continues to be regulated by various regulatory agencies. Stringent regulatory norms, delay in obtaining regulatory approvals for key products, patent litigations, currency fluctuations and pricing guidelines in the domestic market are risks that can affect the Company's business. Hence, the regulatory risk is one of the significant risks identified by the management. Being a global pharmaceutical player, selling branded generic and generic formulations across the globe, competition and price pressures are common risk in all

markets. Higher focus on API supply may impact the Company's momentum and operating margins. Orchid's operations span across the globe having diverse political and economic environments. Any adverse change like political instability leading to policy uncertainty, tariff/ trade wars, economic sanctions, leading to weakening of Global economy may impact company's business. The risk management activities also include assessment and review of financial risks such as currency risks, credit risks and liquidity. Legal and Compliance risks which may arise out of non-compliance with applicable laws, regulations, standards and policies that could impact the Company's reputation and business. Information Technology (IT) risks which could have potential impact on information assets and processing systems. Orchid's integrated risk management approach comprises prudential norms and structured reporting and controls. This approach conforms with the Company's strategic direction and is consistent with stakeholders' desired total returns, credit rating and risk appetite.

## 6. Internal Control Systems and their adequacy

The Company has external teams carrying out various types of audit to strengthen the internal audit and risk management functions. The Internal Financial Control over Financial Reporting System are existing and operative, however based on the observations of the auditors, the Company is further strengthening the Internal Financial Control systems. The Board and Audit Committee ensure that the internal financial control system operates effectively and they regularly review the effectiveness of internal control system in order to ensure due and proper implementation and due compliance with applicable laws, accounting standards and regulatory norms.

## 8. Material Developments in Human Resources / Industrial Relations Front including number of people employed.

Orchid's HR function is aligned with the Company's overall growth vision and continuously works on areas such as recruitment and selection policies, disciplinary procedures, reward/recognition policies, learning and development programmes as well as all-round employee development. Orchid provides a safe and rewarding environment that attracts and retains a talented team and where employees are engaged in delivering exceptional results to the customers and investors. Orchid Pharma has a diverse talent pool of over 1100+ Orchidians. The Company acknowledges the indispensable role of Orchidians in driving continued success.

**9. Details of Significant Changes ( i.e. change of 25% or more as compared to the immediately previous financial year) in key financial ratios along with detailed explanations:**

**RATIOS FOR INCLUSION- FY 2020-21 and FY 2019-20 (Continuing Operations)**

*All Amount in INR Crore*

Particulars	FY 2020-21	FY 2019-20
Debtors Turnover Ratio	2.62	2.91
Inventory Turnover Ratio	1.62	1.42
Interest Coverage Ratio	1.24	2.27
Current Ratio	5.38	4.24
Debt Equity Ratio	0.66	0.71

Operating Profit Margin Ratio and the Net Profit Margin Ratio : Not Applicable during the year under review.

**Notes to above ratio:**

**Debtors Turnover Ratio:**

Now company has started offering more credit facilities to the Customers. The same has resulted in lower Debtor Turnover Ratio.

**Inventory Turnover Ratio:**

The reason for slight change in Inventory Turnover Ratio is due to higher cost of goods sold which has increased due to more sales in Non-Regulated markets/ sale of lower margin products.

**Interest Coverage Ratio:**

In FY 2019-20 Interest to Financial Creditors was not charged to P&L as Company was under CIRP. However, in the Financial Year 2020-21 the Interest has been charged to P&L on actual basis. This has resulted in lower Interest Coverage Ratio in current year.

**Current Ratio:**

The Current Ratio has improved mainly due to lower Current Liabilities as compared to last year.

**Debt Equity Ratio:**

The Debt Equity Ratio has improved mainly due to pre-payment of Term Loan.

**10. Details of change in Return on Net Worth as compared to immediately previous financial year along with a detailed explanation thereof**

The company has not made any profit in the last 2 years. Hence return on net worth is not calculated.

**Cautionary Statement**

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimate, expectations may be "forward looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among others, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors.

# Annexure to the Board's Report

## Annexure I Conservation of Energy

(Pursuant to Section 134(3)(m) of the Companies Act, 2013 and Rule 8(3) of the Companies (Accounts) Rules, 2014.

### (a) Energy Conservation Measures Taken

The following energy conservation measures were taken by your Company during the year under review at its manufacturing facility in Alathur

- ❖ Interconnection of -10 brine from Utility-2 to Utility-1 plant thereby stopping additional compressor & its auxiliaries running which resulted in 800 Units per day saving.
- ❖ Changing the Air drier usage from desiccant type to refrigerant type thereby saving around 450 Units per day.
- ❖ Optimisation of cooling water pumps in CT13, CT18 & CT 22 as well as Impeller trimming in CT 20 has resulted in energy savings of 1200 Units per day.
- ❖ Chilled water circulation pump stoppage to Recovery Ph-25 plant from Ph-22 due to changing the brine supply from Utility-1 leading to 500 units per day reduction.
- ❖ Automation of Chiller auxiliaries in Ph-28 Recovery plant has yielded 900 Units per day & Nitrogen air leakage arresting activities yielded around 500 Units per day.
- ❖ Power factor improvement has been done from 0.96 to 0.99 by replacing failed capacitors.
- ❖ Replacement of LED street lights over Metal halide/ Mercury lamps have been done.

Due to the various energy conservation activities implemented, mentioned in (a) above, there was a reduction in power consumption by around 4465 Units per day leading to a saving of around Rs.113 Lakhs annually with an investment of Rs.2 Lakhs.

### (b) Proposed energy conservation measures

Some of the proposals that are considered / being implemented for saving energy are:

- ❖ Conversion of -40'B' chiller from single stage to double stage.
- ❖ Chiller plant equipment efficiency improvement.
- ❖ Air cooled Radiator performance improvement.
- ❖ Air leakage arresting & Chilled water line Insulation audit and rectification.

Further, the energy conservation measures proposed to be taken up by the company as mentioned in (b) above are expected to bring in savings of around Rs.138 lakhs annually with the investment of Rs.42 lakhs.

### (c) The steps taken by the Company for utilizing alternate sources of energy

Third party Power purchase from Exchange-IEX is being done resulting in lesser cost of power compared to TANGEDCO.

## ANNEXURE II – TECHNOLOGY ABSORPTION

### I. Research and Development

Research and Development Centre has been involved in the improvement of processes for cephalosporins, technology transfer support to external API manufacturing facility, scale up of process on manufacturing scale and development of process for new cephalosporins (injectable).

R&D Centre has extended its support to new customers and new markets on intellectual property review, FTO analysis, invalidation/non-infringement of IP approach, apart from generation of scientific and evidence-based justifications to meet the requirement of regulatory agencies and ensure smooth IP pathway. R&D has also supported internal and external customers by generating and providing standards of related substances and working standards for substantiating the dossiers filed and manufacturing of APIs. Evaluation of New monograph and verification studies were carried out to permit API and formulation business in various markets.

In order to meet the emerging requirement from regulatory agencies from across the world, R&D has taken up comprehensive analysis of the manufacturing processes of Cephalosporins and Non-Penicillin Non-Cephalosporin (NPNC) products with respect to the possibility of traces of Nitrosamines and assessment of potential Genotoxic impurities through in silico analysis coupled with scientific data.

### II. Expenditure on R & D

The R&D outlay was as follows:

₹ in Lakhs

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
a) Capital	-	-
b) Recurring	480.80	985.90
c) Total	480.80	985.90
d) Total R & D expenditure as a percentage of the total turnover	1.07%	1.95%

### III. Technology absorption, adaptation and innovation

#### I. Research and Development

##### 1. Efforts in brief, made towards technology absorption, adaptation and innovation

R&D centre has made efforts towards improving the manufacturing processes to achieve cost reduction of Cephalosporin Active Pharmaceutical Ingredients (APIs) and

developing processes for new Cephalosporins. R&D has developed process for recovery of high cost reagent, which would help to reduce the cost of manufacturing the Cephalosporins falling under quaternary salt category. R&D has developed a system for in house treatment of water used in cooling towers.

R&D Centre extended support for transferring the technology to the external NPNC API manufacturing facility and implementing the modified processes to achieve cost reduction of NPNC APIs, apart from supporting with technical challenges as well as analytical requirements for the transferred APIs to file the dossiers and gain approval of dossiers.

In order to respond to queries from regulatory agencies, internal customers in other locations and external customers from various countries, with respect to Orchid's APIs in both Cephalosporin and NPNC categories, extensive scientific rationale and analytical data were provided to gain regulatory approval and progress towards commercializing the products. Such activities include extensive profiling, analytical method development, method validation, assessment of APIs in regulatory perspective, inorganic elemental impurities (as per ICH Q3D employing ICPMS), polymorphism, carry over studies, trace impurity and ion analysis, etc., through appropriate techniques. Many impurity standards and working standards were generated apart from characterization of impurities for both Cephalosporin and NPNC categories, to support both filing of dossiers and continuance of commercial manufacturing.

R&D Centre has taken efforts to generate scientific evaluation of potential formation of trace quantities of nitrosamines in the API, and comprehensive genotoxic alert study (in silico) report on potential impurities, with a view to comply with the requirement of regulatory agencies across the world.

##### 2. Benefits derived as a result of the above efforts, e.g. product improvement, cost reduction, product development, import substitution, etc.

Support extended by R&D centre for transfer of improved technology led to cost reduction in the manufacture of NPNC APIs. Implementation of improved process and support for transfer of technology to the external manufacturing facility helped to progress towards approval of dossiers and commercialization of NPNC products.

Development of process for recovery of reagents and implementation of the process would lead to reduction in the cost of manufacturing of the class comprising quaternary Cephalosporins. Design and development of appropriate system resulted in the cost reduction for the treatment of water used in cooling towers.

Identification of structure of impurities, supply of standards of impurities, investigations for manufacturing of NPNCs, and associated technical support helped progressing towards regulatory approvals and commercialization. Standards of impurities were provided to internal and external customers to support the API business. A large number of analytical methods, validations, method equivalence with pharmacopoeial methods, verification with compendial methods, profiling of drug substances have enabled to progress towards approvals of dossiers and commercialization.

Assessment of potential formation of nitrosamines in trace quantities, and evaluation of genotoxic alert for potential impurities, together with scientific and evidence-based justification have paved way towards supporting the business in various countries.

### 3. Imported technology (imported during the last 3 years reckoned from the beginning of the financial year)

a) Technology	No New technology has been imported during last year.
b) Year of import	Not applicable
c) Has this technology been fully absorbed	Not applicable
d) If not fully absorbed, areas where this has not taken place, reasons thereof and future plans of action.	Not applicable

# INDEPENDENT AUDITORS' REPORT

To the Members of  
Orchid Pharma Limited

## Report on the audit of the Standalone financial statements

### Qualified Opinion

We have audited the standalone financial statements of Orchid Pharma Limited ("the Company"), which comprise the balance sheet as at March 31, 2021, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements, subject to our comments in the Basis for Qualified Opinion paragraph, give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its loss, total comprehensive income, the changes in equity and its cash flows for the year ended as on that date.

### Basis for Qualified Opinion

Attention is invited to Note 54 to the Standalone financial statements which describes that due to the extension of complete/ partial lockdown across India to contain the spread of the Covid-19 virus, the company could not complete the physical verification of fixed assets and its related reconciliation with the books of account. Accordingly, we are unable to comment on the possible impact, if any, arising out of the above matters. This is was qualified in our earlier year audit report also.

We conducted our audit in accordance with the standards on auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the

ICAI's code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, we have determined the matters described below to be the key audit matters to be communicated in our report.

### Accounting for Business Combination as per Ind AS 103 and the related revision in the provisional accounting done in the previous year

As morefully explained in Note 51 to the standalone financial statements, M/s Dhanuka Laboratories Limited, the successful resolution applicant has infused the required investments as per the approved Resolution Plan ("the Said Plan") and the Company has accounted for the transactions relating to the above as directed by the Hon'ble NCLT on March 31, 2020. The adjustments to the carrying amount have been made on a provision basis due to Covid19 related restrictions in getting complete valuation for various assets and liabilities, including impairment on the carrying value of property, plant and equipment, capital work in progress, intangibles and intangibles under development.

The Company has obtained a detailed valuation report on lifting of the general lockdown through external experts and detailed internal assessment regarding the fair value of various assets taken over and liabilities assumed as part of the business combination. The consequential adjustments have been made in March 2021 (i.e., within 1 year from the date of acquisition) as provided in Para 45 to Para 49 of Ind AS 103 for provisional accounting for business combinations.

### Principal Audit Procedures

- We assessed the Company's process to identify, assess and respond to risks of material misstatement considering the complexity of the terms and conditions of the Said Plan and the impact of the revision to the provisional accounting of the business combination on the Company's operations and standalone financial statements for the year under consideration.

- As part of the evaluation of whether sufficient appropriate audit evidence has been obtained, we have evaluated the appropriateness of our initial risk assessments and revised previous risk assessments in for certain financial statement areas like claims and final settlement of financial and operating creditors, carrying amount of property, plant and equipment, capital work in progress, intangible assets comprising of ANDA/ DMF and intangibles under development, including related disclosure requirements under the Act and respective Indian Accounting Standards.
- We have considered the impact on the processes and controls that may be affected by necessary changes to business processes in light of circumstances such as travel restrictions, result of remote working arrangements etc.
- We have reviewed the terms and conditions stipulated by the Hon'ble NCLT in the Said Plan.
- We have reviewed the valuation report of the independent external expert who has carried out the impairment assessment of property, plant and equipment and the assumptions considered in the valuation
- We have obtained the internal assessment regarding the final fair value of various assets taken over and liabilities assumed as part of the business combination as on the date of acquisition, which were provisionally accounted for business combination as per Ind AS 103 in the previous year and the basis of such conclusions.
- We have designed, performed new procedures and modified previously planned audit procedures as a result of the necessity for carrying out the audit procedures remotely, including verification of the source and completeness of data provided for audit. This includes performing alternative audit procedures to obtain audit comfort in respect of significant account balances for recognition, measurement and disclosures.
- We have audited the management's estimates required in the standalone financial statements, including but not limited to estimates related to expected credit loss, fair value of various assets taken over and liabilities assumed, inventory obsolescence, impairment of non-financial assets etc. by checking the reasonableness of underlying assumptions in making those key estimates.
- We have considered the basis of management judgment in determining impact on the standalone financial statements of subsequent events related to the implementation of the Said Plan (in light of the COVID-19 related restrictions) taking into consideration the date of the standalone financial statements, the facts and circumstances pertaining to the entity, and the conditions that existed at, or arose after, that date. As the impacts of the COVID-19

outbreak continue to evolve, including regulatory restrictions/ conditions, capturing events that relate specifically to conditions that existed at the date of the standalone financial statements, or after the date of the standalone financial statements, we have considered all subsequent events and transactions to substantiate our conclusions on the appropriateness of management's estimate in making the adjustments as per the Said Plan.

- We have considered management's adjustments or disclosures which includes the impact of the changes in the Accounting for Business Combination as per Ind AS 103 and the related revision in the provisional accounting done in the previous year on the recognition and measurement of account balances and transactions in the standalone financial statements or other specific disclosures as per the Said Plan.

#### **Emphasis of Matters**

Without qualifying our opinion, we draw attention to the following matters

- (a) The Company has taken certain lands on lease for its operations in respect of which the lease agreement expired before the date of commencement of the Corporate Insolvency Resolution Process. As part of the right to review the existing agreements, the Company has made a detailed assessment of the market rent for the property and the market value of the property for outright purchase. Since the present rent as per erstwhile lease agreements is significantly high considering the market value of the property itself, the Company is in talks with the lessor for renewal of the lease with lower rent or for outright purchase of the property as part of the implementation of the resolution plan. However, no finality is reached on this matter as of date.

Pending completion of the negotiation and the uncertainties involved, the Company disputed the portion of the lease rent, considered to be excessive than the market rate as assessed by an independent valuer, amounting to Rs.1,025.67 Lakhs for the year ended March 31, 2021 in respect of the aforesaid lease. The same has been treated as contingent liabilities in the standalone financial statements of the Company.

Based on legal opinion obtained, the management is of the opinion that no liability will arise on completion of the negotiation; and

- (b) "Estimation of uncertainties relating to the global health pandemic from COVID-19" section of Note 2 to the standalone financial statements which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management.

## Other Matters

Further to the continuous spreading of COVID-19 across India, the Central and State Governments announced partial/ complete lock down during April and May 2021 to contain the spread of the virus. This has resulted in restriction on physical visit to the client locations and the need for carrying out alternative audit procedures as per the Standards on Auditing prescribed by the Institute of Chartered Accountants of India (ICAI).

As a result of the above, the major portion of the audit was carried out based on remote access of the data as provided the management. This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/ Remote Audit/ Online Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the management that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the Company without any further manual modifications.

We bring to the attention of the users that the audit of the financial statements has been performed in the aforesaid conditions.

Our opinion is not modified in respect of the above matters.

## Information other than the Standalone Financial Statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Management's responsibility for the standalone financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the

preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud

is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may

reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on other legal and regulatory requirements**

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The balance sheet, the statement of profit and loss including other comprehensive income, statement of changes in equity and the statement of cash flow dealt with by this report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
  - (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements

of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - a. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 44 to the standalone financial statements;
  - b. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and

- c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

## Annexure "A" to the Independent Auditors' Report on Standalone Financial Statements

(Referred to in paragraph 1 under 'Report on other Legal and Regulatory Requirements' section of our report to the Members of Orchid Pharma Limited of even date)

### 1. In respect of the Company's fixed assets:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a program of verification to cover all the items of fixed assets in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets.

Pursuant to the said program, we were informed by the management that a portion of the fixed assets have been physically verified during the year but due to the Covid'19 related restrictions, the same could not be comprehensively reconciled with the books. Accordingly, we were unable to comment on whether any material discrepancies were noticed on such verification and whether they are properly dealt with in the standalone financial statements.

(c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.

In respect of immovable properties pledged as security for borrowings, the Company is in the process of obtaining confirmation of title deeds deposited with the lenders. Accordingly, we are unable to express our comment on those items of immovable properties.

2. The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

3. According to information and explanation given to us, the company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under section 189 of the Companies Act, 2013. Accordingly, paragraph 3 (iii) of the order is not applicable.

4. In our opinion and according to information and explanation given to us, the company has not granted any loans or provided any guarantees or given any security to which the provision of section 185 of the companies Act are applicable.

In respect of investments made by the Company, the Company had complied with the provisions of section 186 of the Companies Act, 2013.

5. In our opinion and according to the information and explanations given to us, the company has not accepted any public deposits during the year and accordingly, paragraph 3 (v) of the order is not applicable.

6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not carried out a detailed examination of the same.

7. According to the information and explanations given to us and based on our examination of the relevant records: (a) The Company has been generally regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, income tax, sales tax, service tax, value added tax, goods and services tax, customs duty, excise duty, cess and other material statutory dues applicable to it with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, sales-tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us and as confirmed by the Resolution Professional (RP) and the Successful Resolution Applicant, in view of the implementation of the resolution plan as approved by the Hon'ble National Company Law Tribunal (based on the order of the Hon'ble Supreme Court of India), except to the extent of payment to the stakeholders as per the approved Resolution Plan, the Company shall have no liability with respect to any claims relating in any manner to the period prior to "the effective date" i.e. pre-Corporate Insolvency Resolution Process period (pre-CIRP period). ## Annexure “B” to the Independent Auditor's Report on Standalone Financial Statements

(Referred to in paragraph 2 (f) under 'Report on other Legal and Regulatory Requirements' section of our report to the Members of Orchid Pharma Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Orchid Pharma Limited (“the Company”) as at March 31, 2021, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's responsibility for internal financial controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The

procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

### Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion and according to the information and explanations

given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **Other matters**

We bring to the attention of the users that the audit of the internal financial control system over financial reporting and the operating effectiveness of such internal financial controls over financial reporting has been performed remotely in the conditions more fully explained in the Other Matters Paragraph of our Independent Audit Report on the audit of the Standalone financial statements.

Our opinion on the internal financial control system over financial reporting is not modified in respect of the above.

# Notes to Financial Statements for the year ended March 31, 2021

## 1 Corporate Information

Orchid Pharma Ltd., is one of the leading pharmaceutical companies in India head quartered in Chennai and involved in the development, manufacture and marketing of diverse bulk actives, formulations and nutraceuticals with exports spanning over 40 countries. Orchid's world class manufacturing infrastructure include USFDA compliant API and Finished Dosage Form facilities at Chennai in India. Orchid has dedicated state-of-art and GLP compliant R&D infrastructure for Process research, Drug Discovery and Pharmaceutical research at Chennai, India. Orchid has ISO 14001 and OHSAS 18001 certifications. Orchid's Equity shares are listed on the National Stock Exchange of India Limited (NSE) and the BSE Limited (BSE) in India.

The Hon'ble National Company Law Tribunal (NCLT) has, by its order dated June 27, 2019 approved the resolution plan submitted by the successful resolution applicant M/s Dhanuka Laboratories Limited (DLL) and the order of the NCLT was upheld by Hon'ble Supreme Court vide its order dated February 28, 2020.

Accordingly, the Resolution Plan submitted by Dhanuka Laboratories Limited, the successful Resolution Applicant, was implemented during March 2020 and the Board was reconstituted by the Monitoring Committee of Orchid Pharma Limited (OPL) with the nominations from the Resolution Applicant on the effective date i.e. on March 31, 2020 as described in the Resolution Plan. Thus the Company became a subsidiary of M/s Dhanuka Laboratories Limited with effect from March 31, 2020.

DLL infused the funds as per the terms of the resolution plan through a special purpose vehicle, Dhanuka Pharmaceuticals Private Limited. The special purpose vehicle was later on merged with the Company as per the terms of the approved resolution plan. Thus, the Company became a subsidiary of DLL.

## 2 Basis of preparation of financial statements

### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting

Standards) Amendment Rules, 2016.

### Basis of preparation and presentation

Pursuant to the order of the Hon'ble NCLT, the approved Resolution Plan was implemented during March 2020 and the Board of Directors of the Company was reconstituted on March 31, 2020 based on the nominations from the Resolution Applicant. DLL has also infused the amounts in the Company and settled all the financial and operating creditors of the Company as per the terms of the approved Resolution Plan.

In view of the implementation of the Resolution Plan, the financial statements have been prepared and presented by the Company on a going concern basis.

### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

### Estimation of uncertainties relating to the global health pandemic from COVID-19

The Company has made detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

### Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals).

The financial statements are approved for issue by the Board of

## Notes to Financial Statements for the year ended March 31, 2021

Directors on May 22, 2021.

### 2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

#### Property, Plant and Equipment (PPE) and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/ amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

#### Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

#### Deferred Tax Assets

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/ recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

#### Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the

assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

#### Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

#### Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

#### Defined Benefit Plans and Other long term employee benefits

The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

#### Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of

## Notes to Financial Statements for the year ended March 31, 2021

each reporting period.

### 2B Recent accounting pronouncements

#### Amendments to Schedule III to the Companies Act, 2013

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

#### Balance Sheet

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period
- Specified format for disclosure of shareholding of promoters
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

#### Statement of Profit and Loss

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

### 3 Significant Accounting Policies

#### a) Current versus non-current classification

The Company presents assets and liabilities in the balance

sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

#### b) Fair value measurement

The Company has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the

## Notes to Financial Statements for the year ended March 31, 2021

assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

### c) Revenue Recognition

#### Sale of goods

Revenue is recognised when the company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset., which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

#### Significant financing component

Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or services to the customer and when the customer pays for that goods or services will be one year or less.

#### Export entitlements

In respect of the exports made by the Company, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

#### Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

#### Dividend income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is

## Notes to Financial Statements for the year ended March 31, 2021

generally when shareholders approve the dividend.

### **d) Property, plant and equipment and capital work in progress**

#### **Presentation**

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

#### **Component Cost**

All material/ significant components have been identified and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

#### **Derecognition**

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### **e) Depreciation on property, plant and equipment**

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013, except in respect of certain assets, where useful life estimated based on internal assessment and/or independent technical evaluation carried out by external valuer, past trends and differs from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded/ sold. Additions to fixed assets, costing Rs.5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### **f) Intangible assets**

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Drug Master Files ("DMF") and Abbreviated New Drug Applications ("ANDA") costs represent expenses incurred on development of processes and compliance with regulatory procedures of the US FDA, in filing DMF and ANDA, in respect of products for which commercial value has been established by virtue of third party agreements/arrangements.

#### **Useful life and amortisation of intangible assets**

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period

## Notes to Financial Statements for the year ended March 31, 2021

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. The cost of each DMF/ ANDA (self generated intangible assets) is amortised to the extent of recovery of developmental costs applicable as per terms of the agreement or over a period of 5 years from the date on which the product covered by DMF/ ANDA is commercially marketed, whichever is earlier.

### Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

### g) Inventories

Inventories are carried at the lower of cost or net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition, cost being determined based on weighted average method.

**(i) Raw materials/ Chemicals/ Packing materials/ Stores & spares:** At cost or net realisable value.

**(ii) Work-in-progress and intermediates:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer. Variable and fixed overhead incurred for bringing the inventory to present location and conditions are allocated

**(iii) Finished goods/ Traded goods:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer. Variable and fixed overhead incurred for bringing the inventory to present location and conditions are allocated

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

#### Financial assets

##### Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also added to the cost of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

Financial assets are classified into the following categories:

- ▶ Debt instruments at amortised cost
- ▶ Debt instruments at fair value through other comprehensive income (FVTOCI)
- ▶ Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- ▶ Equity instruments measured at fair value through other comprehensive income (FVTOCI)

##### Debt instruments at amortised cost

The Company classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised

## Notes to Financial Statements for the year ended March 31, 2021

cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

### Debt instrument at FVTOCI

The Company classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

### Debt instrument at FVTPL

The Company classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Company makes an irrevocable election of classifying the equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and others, deposits, interest receivable and other advances recoverable in cash.
FVTOCI	Equity Investments in companies other than subsidiaries and associates if any option exercised at the time of initial recognition
FVTPL	Other investments in equity instruments

### Derecognition

A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement? and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

### Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

## Notes to Financial Statements for the year ended March 31, 2021

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, receivables and bank balance.
- Financial assets that are debt instruments and are measured at FVTOCI.
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115 "Revenue from contract with Customers".

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116 "Leases"

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and

loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

► **Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables:** ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

► **Debt instruments measured at FVTOCI:** Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

# Notes to Financial Statements for the year ended March 31, 2021

## Financial liabilities

### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

### Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.

Classification	Name of the financial liability
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

### Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at fair value through profit or loss, are subsequently measured at higher of (i) The amount of loss allowance determined in accordance with impairment requirements of Ind AS 109 "Financial Instruments" and (ii) The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115 "Revenue from contract with Customers".

### Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Company determines classification of financial assets and

## Notes to Financial Statements for the year ended March 31, 2021

liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S.No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.

S.No	Original classification	Revised classification	Accounting treatment
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### i) Foreign currency transactions and translations

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Company enters into forward exchange contract to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are

## Notes to Financial Statements for the year ended March 31, 2021

covered by forward exchange contract, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

### j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### k) Government grants

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.

In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

Government grants related to assets, including non-monetary grants at fair value, shall be presented in the balance sheet by setting up the grant as deferred income. The grant set up as deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

### l) Taxes

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

#### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of

## Notes to Financial Statements for the year ended March 31, 2021

unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### m) Retirement and other employee benefits

#### Short-term employee benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

#### Defined benefit plans

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

#### Compensated absences

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

#### Other long term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

### n) Leases

Accounting policy applied till March 31, 2019 as Lessee

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating leases.

## Notes to Financial Statements for the year ended March 31, 2021

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

### Accounting policy applied from April 01, 2019

The Company has adopted Ind AS 116 "Leases" as notified by MCA as on March 30, 2019. The MCA via this notification requires all entities to apply Ind AS 116 from Accounting period April 01, 2019. The entity has elected the "modified retrospective" approach for adopting Ind AS 116 and hence the comparative information relating to prior years will not be restated.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

#### a) Initial measurement

Lease liability is initially recognised and measured at an amount equal to the present value of minimum lease payments during the lease term that are not yet paid. Right-of-use asset is recognized and measured at cost, consisting of initial measurement of lease liability plus any lease payments made to the lessor at or before the commencement date less any lease incentives received, initial estimate of restoration costs and any initial direct costs incurred by the lessee.

#### b) Subsequent measurement

The lease liability is measured in subsequent periods using the effective interest rate method. Right-of-use asset is depreciated in accordance with requirements in Ind AS 16, Property, Plant and equipment. The determination of whether

an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. However, Ind AS 116 provides the lessee with the option to recognise a low value asset or a short term lease (12 months or lesser) as an expense in the statement of profit and loss on a straight-line basis or any other systematic approach as adopted by the entity.

#### o) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

#### p) Provisions, contingent liabilities and contingent asset

##### Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made, if realisation of money is doubtful in the judgement of the management.

##### Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present

## Notes to Financial Statements for the year ended March 31, 2021

obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately. Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

### Contingent assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect. Contingent assets are disclosed but not recognised in the financial statements.

### q) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

### r) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow

statement.

### s) Non current assets held for sale and disposal groups

The Company classifies a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. Immediately before the initial classification of the asset (or disposal group) as held for sale, the carrying amounts of the asset (or all the assets and liabilities in the group) shall be measured in accordance with applicable Ind ASs

The Company measures a non-current asset (or disposal group) classified as held for sale at the lower of its carrying amount and fair value less costs to sell. The Company does not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale shall continue to be recognised.

### t) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

\*The RP has confirmed that a public announcement was caused by the IRP regarding the initiation of corporate insolvency resolution process and submission of claims was called under section 15 on August 24, 2017. Pursuant to such public announcement, the IRP/ RP of the Corporate Debtor has received certain claims from statutory authorities which was admitted under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC code) and subsequent settlement made as per the approved resolution plan. Accordingly, the Corporate Debtor/ Resolution Applicant/ SPV will have no additional exposure arising out of the claims towards the Statutory Dues which have not been admitted and/or the claims which have been rejected (partly or fully) by the RP and/or because of the re-classification in the category of creditor(s)

Considering the above, all statutory liabilities of pre-CIRP period is considered as completely settled and no liability, whatsoever, including contingent in nature is existing on implementation of the resolution plan.<sup>1</sup>

\*\* the Company has taken certain lands on lease for its operations in respect of which the lease agreement expired before the date of commencement of the Corporate Insolvency Resolution Process. As part of the right to review the existing agreements, the Company has made a detailed assessment of the market rent for the property and the market value of the property for outright purchase. Since the present rent as per erstwhile lease agreements is significantly high considering the market value of the property itself, the Company is in talks with the lessor for renewal of the lease with lower rent or for outright purchase of the property as part of the implementation of the resolution plan. However, no finality is reached on this matter as of date.

Pending completion of the negotiation, the Company has disputed the portion of the lease rent, considered to be excessive than the market rate, amounting to Rs.1,025.67 Lakhs for the year ended March 31, 2021 in respect of the aforesaid lease. Based on the legal opinion obtained, the management is of the opinion that no liability will arise on completion of the negotiation.

### 47 Operating Segments

The operations of the Company falls under a single operating segment i.e., "Pharmaceuticals" in accordance with Ind AS 108 "Operating Segments" and hence no segment reporting is applicable. ### Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposure through its finance division, wherever required, to mitigate the risks from such exposures.

### Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures.

### Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

### Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because of the existing exchange earning capacity of the company on account of its EOU status (Export oriented undertaking) and higher proportion of earnings in foreign exchange through exports.

### Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

## Notes to Financial Statements for the year ended March 31, 2021

( All the amounts are in lakhs of Indian rupees, unless otherwise stated)

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Company's loss for the year ended March 31, 2021 would decrease/ increase by Rs. 91.00 lakhs (March 31, 2020 : Rs.107.75 lakhs. This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

### Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

#### (a) Trade Receivables

The Company has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank guarantee/letter of credit or security deposits.

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

#### (b) Investments, Cash and Cash Equivalents and Bank Deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Company enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved banks/ financial institutions/ counterparty. Investments primarily include bank deposits, etc. These bank deposits and counterparties have low credit risk. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in bank deposit and restricts the exposure in equity markets.

### Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the bank agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

### Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

### 52 Retirement benefit plans

#### Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of Gratuity fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund, Gratuity fund, Superannuation fund as well as Employee State Insurance Fund.

The total expense recognised in profit or loss of Rs 331.51 Lakhs (for the year ended March 31, 2020: Rs. 603.62 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

#### Defined benefit plans

##### (a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

#### The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2021	March 31, 2020
Discount Rate	6.68%	6.57%
Rate of increase in compensation level	7.00%	7.00%
Expected return on plan assets	6.68%	6.57%
Mortality	Indian Assured Lives Mortality (2012-14)(Ultimate)	Indian Assured Lives Mortality (2012-14)(Ultimate)

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

### Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

### (b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

The design entitles the following risk	
Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.

The above provisions are reflected under 'Provision for employee benefits- Compensated absences' (Non current provisions) [Refer note 23] and 'Provision for employee benefits - Compensated absences' (Current provisions) [Refer note 27].

## 53 Business Combination

### Summary of acquisition

The Hon'ble NCLT passed the order approving the resolution plan submitted by the successful resolution applicant, "Dhanuka Laboratories Limited" ("DLL") on June 27, 2019 and the same was upheld by Hon'ble Supreme Court of India vide its order dated February 28, 2020. Pursuant to the above order, DLL has infused the prescribed funds into the Company and implemented the resolution plan through the Monitoring Committee constituted with the nominations of the DLL, RP and two financial creditors of the Company on the effective date i.e. on March 31, 2020.

As per the approved Resolution Plan, DLL through its 100% subsidiary (a special purpose vehicle), Dhanuka Pharmaceuticals Private Limited ("DPPL") took over the liabilities of the Company against the consideration of 3,65,000 Non-Convertible Debentures of Rs.1,00,000 each. The special purpose vehicle was then amalgamated with the Company as per the approved resolution plan.

### Provisional accounting of carrying amount of assets and liabilities done during the year ended March 31, 2020

The adjustments to the carrying amount have been made on a provision basis due to Covid-19 related restrictions in getting complete valuation for various assets and liabilities, including impairment on the carrying value of property, plant and equipment, capital work in progress, intangibles and intangibles under development.

Accordingly, the above business combination was accounted as per the following details:

### Revision to Provisional accounting of business combinations during the year ended March 31, 2021

The Company has obtained a detailed valuation report on lifting of the general lockdown through external experts and also carried out a detailed internal assessment regarding the fair value of various assets taken over and liabilities assumed as part of the business combination.

The consequential adjustments have been made in March 2021 (i.e., within 1 year from the date of acquisition, called as "Measurement Period") as provided in Ind AS 103 for provisional accounting for business combinations.

During the measurement period, the acquirer shall retrospectively adjust the provisional amounts recognised at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date and, if known, would have affected the measurement of the amounts recognised as of that date. Accordingly, the following adjustments have been made in the fair value of assets taken over and liabilities assumed as on the acquisition date with the additional information available with the Company through external and internal assessment.

# INDEPENDENT AUDITORS' REPORT

## INDEPENDENT AUDITORS' REPORT

### To the Members of

### Orchid Pharma Limited

### Report on the audit of the Consolidated Financial Statements

### Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of Orchid Pharma Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise of the Balance Sheet as at March 31, 2021, and the Consolidated Statement of Profit and Loss (including Consolidated Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion section of our report the aforesaid Consolidated Financial Statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, and the consolidated loss, consolidated total comprehensive income, consolidated changes in equity and the consolidated cash flows for the year ended on that date.

### Basis for Qualified Opinion

We draw attention to the following matters:

a) Note 51 to the Consolidated financial statements which describes that due to the extension of complete/partial lockdown across India to contain the spread of the Covid'19 virus, the company could not complete the physical verification of fixed assets and its related reconciliation with the books of account. Accordingly, we are unable to comment on the possible impact, if any, arising out of the above matters. This is was qualified in our earlier year audit report also; and

b) The Consolidated Financial Statements for the year ended March 31, 2021 include the financial statements for the year ended March 31, 2021, of the following subsidiary companies:

- Orchid Europe Limited, UK

- Orchid Pharmaceuticals Inc., USA
- Bexel Pharmaceuticals Inc., USA
- Orchid Pharmaceuticals SA (Proprietary) Limited, South Africa
- Diakron Pharmaceuticals, Inc. USA

We did not audit the standalone financial statements of the above subsidiaries that reflect total assets of Rs. 2,211.11 lakhs and net assets of (-) Rs. 6,402.23 lakhs as at March 31, 2021, total revenue of Rs. 848.69 lakhs, total comprehensive loss (comprising of loss and other comprehensive income) of (-) Rs. 580.31 lakhs and net cash flows amounting to Rs. 77.70 lakhs for the year ended on that date, as considered in the consolidated financial statements.

The standalone financial statements of the subsidiaries are unaudited and have been furnished to us by the management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, is based solely on such unaudited financial statements. Accordingly, we do not express any opinion on the completeness and true and fair view of the financial statements, including adjustments, if any, required on the carrying amount of assets and liabilities of the above subsidiaries and the balance in foreign currency translation reserve as at March 31, 2021 included in the Consolidated Financial Statements. This is a matter of qualification in our earlier years' audit reports also.

c) Our audit report has been qualified in respect of matters referred to clauses (a) to (c) above.

We conducted our audit in accordance with the standards on auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the code of ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the

Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

In our opinion and based on the information and explanations given to us, we have determined the matters described below to be the key audit matters to be communicated in our report.

**Accounting for Business Combination as per Ind AS 103 and the related revision in the provisional accounting done in the previous year**

As morefully explained in Note 50 to the consolidated financial statements, M/s Dhanuka Laboratories Limited, the successful resolution applicant has infused the required investments as per the approved Resolution Plan ("the Said Plan") and the Group has accounted for the transactions relating to the above as directed by the Hon'ble NCLT on March 31, 2020. The adjustments to the carrying amount have been made on a provision basis due to Covid'19 related restrictions in getting complete valuation for various assets and liabilities, including impairment on the carrying value of property, plant and equipment, capital work in progress, intangibles and intangibles under development.

The Group has obtained a detailed valuation report on lifting of the general lockdown through external experts and detailed internal assessment regarding the fair value of various assets taken over and liabilities assumed as part of the business combination. The consequential adjustments have been made in March 2021 (i.e., within 1 year from the date of acquisition) as provided in Para 45 to Para 49 of Ind AS 103 for provisional accounting for business combinations.

**Principal Audit Procedures**

- We assessed the Group's process to identify, assess and respond to risks of material misstatement considering the complexity of the terms and conditions of the Said Plan and the impact of the revision to the provisional accounting of the business combination on the Group's operations and consolidated financial statements for the year under consideration.
- As part of the evaluation of whether sufficient appropriate audit evidence has been obtained, we have evaluated the appropriateness of our initial risk assessments and revised previous risk assessments in for certain financial statement areas like claims and final settlement of financial and operating creditors, carrying amount of property, plant and equipment, capital work in progress, intangible assets comprising of ANDA/ DMF and intangibles under development, including related disclosure requirements under the Act and respective Indian Accounting Standards.
- We have considered the impact on the processes and controls that may be affected by necessary changes to business processes in light of circumstances such as travel restrictions,

result of remote working arrangements etc.

- We have reviewed the terms and conditions stipulated by the Hon'ble NCLT in the Said Plan.
- We have reviewed the valuation report of the independent external expert who has carried out the impairment assessment of property, plant and equipment and the assumptions considered in the valuation
- We have obtained the internal assessment regarding the final fair value of various assets taken over and liabilities assumed as part of the business combination as on the date of acquisition, which were provisionally accounted for business combination as per Ind AS 103 in the previous year and the basis of such conclusions.
- We have designed, performed new procedures and modified previously planned audit procedures as a result of the necessity for carrying out the audit procedures remotely, including verification of the source and completeness of data provided for audit. This includes performing alternative audit procedures to obtain audit comfort in respect of significant account balances for recognition, measurement and disclosures.
- We have audited the management's estimates required in the consolidated financial statements, including but not limited to estimates related to expected credit loss, fair value of various assets taken over and liabilities assumed, inventory obsolescence, impairment of non-financial assets etc. by checking the reasonableness of underlying assumptions in making those key estimates.
- We have considered the basis of management judgment in determining impact on the consolidated financial statements of subsequent events related to the implementation of the Said Plan (in light of the COVID-19 related restrictions) taking into consideration the date of the consolidated financial statements, the facts and circumstances pertaining to the entity, and the conditions that existed at, or arose after, that date. As the impacts of the COVID-19 outbreak continue to evolve, including regulatory restrictions/ conditions, capturing events that relate specifically to conditions that existed at the date of the consolidated financial statements, or after the date of the consolidated financial statements, we have considered all subsequent events and transactions to substantiate our conclusions on the appropriateness of management's estimate in making the adjustments as per the Said Plan.
- We have considered management's adjustments or disclosures which includes the impact of the changes in the Accounting for Business Combination as per Ind AS 103 and the related revision in the provisional accounting done in the previous year on the recognition and measurement of account balances and transactions in the consolidated financial statements or

other specific disclosures as per the said plan.

### **Emphasis of Matters**

Without qualifying our opinion, we draw attention to the following matters

- (a) Note 40 to the Consolidated financial statement which describes that the Group has taken certain lands on lease for its operations in respect of which the lease agreement expired before the date of commencement of the Corporate Insolvency Resolution Process. As part of the right to review the existing agreements, the Group has made a detailed assessment of the market rent for the property and the market value of the property for outright purchase. Since the present rent as per erstwhile lease agreements is significantly high considering the market value of the property itself, the Group is in talks with the lessor for renewal of the lease with lower rent or for outright purchase of the property as part of the implementation of the resolution plan. However, no finality is reached on this matter as of date.

Pending completion of the negotiation and the uncertainties involved, the Group disputed the portion of the lease rent, considered to be excessive than the market rate as assessed by an independent valuer, amounting to Rs.1,025.67 Lakhs for the year ended March 31, 2021 in respect of the aforesaid lease. The same has been treated as contingent liabilities in the consolidated financial statements of the Group.

Based on legal opinion obtained, the management is of the opinion that no liability will arise on completion of the negotiation; and

- (b) "Estimation of uncertainties relating to the global health pandemic from COVID-19" section of Note 2 to the consolidated financial statements which describes the uncertainties and the impact of Covid-19 pandemic on the Group's operations and results as assessed by the management.

### **Other Matters**

Further to the continuous spreading of COVID-19 across India, the Central and State Governments announced partial/ complete lock down during April and May 2021 to contain the spread of the virus. This has resulted in restriction on physical visit to the client locations and the need for carrying out alternative audit procedures as per the Standards on Auditing prescribed by the Institute of Chartered Accountants of India (ICAI).

As a result of the above, the major portion of the audit was carried out based on remote access of the data as provided the management. This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/

Remote Audit/ Online Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the management that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the Group without any further manual modifications.

We bring to the attention of the users that the audit of the financial statements has been performed in the aforesaid conditions.

Our opinion is not modified in respect of the above matters.

### **Information other than the financial statements and auditors' report thereon**

The Holding Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's responsibility for the Consolidated Financial Statements**

The Group's management is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and

application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, the respective board of directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Group's management is also responsible for overseeing the Group's financial reporting process.

#### **Auditor's responsibilities for the audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(1) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to

outweigh the public interest benefits of such communication.

#### **Report on other legal and regulatory requirements**

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) in our opinion, proper books of account as required by law have been kept by the Holding Company, its subsidiaries included in the Group incorporated in India, including relevant records relating to preparation of the aforesaid Consolidated Financial Statements so far as it appears from our examination of those books and records of the Holding Company and the unaudited results of the subsidiary companies prepared by the management;
- (c) the consolidated balance sheet, consolidated statement of profit and loss (including consolidated other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flow dealt with by this report are in agreement with the relevant books of account maintained by the Holding Company and its subsidiaries included in the Group incorporated in India, including relevant records relating to the preparation of the Consolidated Financial Statements;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act;
- (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in Annexure "A". Our report expresses a modified opinion on the adequacy and operating effectiveness of the Group's internal financial controls over financial reporting; and

- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - a. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated Financial Statements – Refer Note 41 to the Consolidated Financial Statements;
  - b. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts; and
  - c. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.

## Annexure "A" to the Independent Auditors' Report on the Consolidated Financial Statements

(Referred to in paragraph 1(f) under 'Report on other Legal and Regulatory Requirements'  
section of our report to the Members of Orchid Pharma Limited of even date)

### **Report on the internal financial controls over financial reporting under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Orchid Pharma Limited ("the Holding Company") as at March 31, 2021, in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

#### **Management's responsibility for internal financial controls**

The Holding Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Group based on our audit. We conducted our audit in accordance with the Guidance Note and the standards on auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement,

including the assessment of the risks of material misstatement in the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial control system over financial reporting.

#### **Meaning of internal financial controls over financial reporting**

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorisations of management and directors of the Group; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the Consolidated Financial Statements.

#### **Inherent limitations of internal financial controls over financial reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Qualified Opinion**

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating

effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **Other matters**

We bring to the attention of the users that the audit of the internal financial control system over financial reporting and the operating effectiveness of such internal financial controls over financial reporting has been performed remotely in the conditions more fully explained in the Other Matters Paragraph of our Independent Audit Report on the audit of the Consolidated Financial Statements.

Our opinion on the internal financial control system over financial reporting is not modified in respect of the above.

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

### 1 Corporate Information

The Consolidated Financial Statements comprise financial statements of "Orchid Pharma Limited" ("the Holding Company") and its subsidiaries (collectively referred to as "the Group") for the year ended March 31, 2021.

"Orchid Pharma Ltd., is one of the leading pharmaceutical companies in India head quartered in Chennai and involved in the development, manufacture and marketing of diverse bulk actives, formulations and nutraceuticals with exports spanning over 40 countries. Orchid's world class manufacturing infrastructure include USFDA compliant API and Finished Dosage Form facilities at Chennai in India. Orchid has dedicated state-of-art and GLP compliant R&D infrastructure for Process research, Drug Discovery and Pharmaceutical research at Chennai, India. Orchid has ISO 14001 and OHSAS 18001 certifications. Orchid's Equity shares are listed on the National Stock Exchange of India Limited (NSE) and the BSE Limited (BSE) in India. The Company has invested in the following companies :The Company, its Subsidiaries and its Associate are collectively referred as "the Group".

- a) Orchid Europe Limited, a company formed in the United Kingdom initially to market nutraceuticals through mail order/ direct marketing in the United Kingdom and Europe.
- b) Bexel Pharmaceuticals Inc., USA engaged in Pharmaceutical research and development.
- c) Orchid Pharmaceuticals Inc., USA to provide services in USA. It has a wholly owned subsidiaries "Orgenus Pharma Inc, USA" which provides services in USA and "Orchid Pharma Inc./Karalex Pharma, USA" which sells pharmaceutical products in USA.
- d) Orchid Pharmaceuticals SA ( Proprietary) Limited, South Africa to register and market formulations in South Africa.
- e) Diakron Pharmaceuticals Inc., USA engaged in Pharmaceutical research and development.

"The Hon'ble National Company Law Tribunal (NCLT) has, by its order dated June 27, 2019 approved the resolution plan submitted by the successful resolution applicant M/s Dhanuka Laboratories Limited (DLL) and the order of the NCLT was upheld by Hon'ble Supreme Court vide its order dated February 28, 2020.

Accordingly, the Resolution Plan submitted by Dhanuka Laboratories Limited, the successful Resolution Applicant, was implemented during March 2020 and the Board was reconstituted by the Monitoring Committee of Orchid Pharma Limited (OPL) with the nominations from the Resolution Applicant on the effective date i.e. on March 31, 2020 as described in the Resolution Plan. Thus the Company became a subsidiary of M/s Dhanuka Laboratories Limited with effect from March 31, 2020.

DLL infused the funds as per the terms of the resolution plan through a special purpose vehicle, Dhanuka Pharmaceuticals Private Limited. The special purpose vehicle was later on merged

with the Company as per the terms of the approved resolution plan. Thus, the Company became a subsidiary of DLL."

### 2 Basis of preparation of financial statements

#### Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

#### Basis of preparation and presentation

"Pursuant to the order of the Hon'ble NCLT, the approved Resolution Plan was implemented during March 2020 and the Board of Directors of the Company was reconstituted on March 31, 2020 based on the nominations from the Resolution Applicant. DLL has also infused the amounts in the Company and settled all the financial and operating creditors of the Company as per the terms of the approved Resolution Plan.

In view of the implementation of the Resolution Plan, the financial statements have been prepared and presented by the Company on a going concern basis."

The Consolidated Financial Statements comprises of Orchid Pharma Limited and all its subsidiaries, being the entities that it controls. Controls are assessed in accordance with the requirement of Ind AS 110 - Consolidated Financial Statements.

#### Principles of Consolidation

- a) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b) Profits or losses resulting from intra-group transactions that are recognised in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full.
- c) In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in the Foreign Currency Translation Reserve (FCTR).
- d) Goodwill represents the difference between the Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

- e) The unaudited financial statements of foreign subsidiaries have been prepared by the management in accordance with the generally accepted accounting principles of its country of incorporation and restated to Ind AS for consolidation purposes.
- f) The differences in accounting policies of the Holding Company and its subsidiaries/ associates are not material and there are no material transactions from January 1, 2021 to March 31, 2021 in respect of subsidiaries/ having financial year ended December 31, 2020.
- g) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
- h) The carrying amount of the parent's investment in each subsidiary is offset (eliminated) against the parent's portion of equity in each subsidiary.

### Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

### Estimation of uncertainties relating to the global health pandemic from COVID-19

The Company has made detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The Company continues to evaluate them as highly probable considering the orders in hand. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

### Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals). The financial statements are approved for issue by the Company's Resolution Professionals/ Board of Directors on May 22, 2021.

### 2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 3, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

#### Property, Plant and Equipment (PPE) and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/ amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

#### Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

#### Deferred Tax Assets

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained/ recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

#### Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

#### Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

### Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

### Defined Benefit Plans and Other long term employee benefits

"The cost of the defined benefit plan and other long term employee benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date."

### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

### Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

### 2B Recent accounting pronouncements

#### Amendments to Schedule III to the Companies Act, 2013

On March 24, 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from April 1, 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

### Balance Sheet

- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current
- Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period
- Specified format for disclosure of shareholding of promoters
- Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development
- Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current
- If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used
- Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

### Statement of Profit and Loss

- Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

### 3 Significant Accounting Policies

#### a) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified 12 months as its operating cycle for the purpose of classification of its assets and liabilities as current and non-current.

### b) Fair value measurement

The Group has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level

input that is significant to the fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Group's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

### c) Revenue Recognition

#### Sale of goods

"Revenue is recognised when the company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when the customer obtains control of that asset., which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers."

"Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption."

#### Significant financing component

Generally, the Group receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised goods or services to the customer and when the customer pays for that goods or services will be one year or less.

#### Export entitlements

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

In respect of the exports made by the Group, the related export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive the incentives/ entitlements as per the terms of the scheme is established and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

### Interest Income

Interest income is recorded using the effective interest rate (EIR) method. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

### Dividend income

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

### d) Property, plant and equipment and capital work in progress

#### Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

"Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress."

#### Component Cost

All material/ significant components have been identified and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the

statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

### Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

### e) Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013, except in respect of certain assets, where useful life estimated based on internal assessment and/or independent technical evaluation carried out by external valuer, past trends and differs from the useful lives as prescribed under Part C of Schedule II of the Companies Act 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded/ sold. Additions to fixed assets, costing Rs.5000 each or less are fully depreciated retaining its residual value.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### f) Intangible assets

"Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses."

Drug Master Files ("DMF") and Abbreviated New Drug Applications ("ANDA") costs represent expenses incurred on development of processes and compliance with regulatory procedures of the US FDA, in filing DMF and ANDA, in respect of products for which commercial value has been established by virtue of third party

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

agreements/arrangements.

### Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The cost of each DMF/ ANDA (self generated intangible assets) is amortised to the extent of recovery of developmental costs applicable as per terms of the agreement or over a period of 5 years from the date on which the product covered by DMF/ ANDA is commercially marketed, whichever is earlier.

### Subsequent cost and measurement

"Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred."

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

### g) Inventories

"Inventories are carried at the lower of cost or net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition, cost being determined based on weighted average method.

**(i) Raw materials/ Chemicals/ Packing materials/ Stores & spares:** At cost or net realisable value.

**(ii) Work-in-progress and intermediates:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer. Variable and fixed overhead incurred for bringing the inventory to present location and conditions are allocated

**(iii) Finished goods/ Traded goods:** At cost or net realisable value whichever is lower, after adjustment of unrealised profits on inter division transfer. Variable and fixed overhead incurred for bringing the inventory to present location and conditions are allocated "

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

#### Financial assets

##### Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset are also added to the cost of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

##### Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

Financial assets are classified into the following categories:

- ▶ Debt instruments at amortised cost
- ▶ Debt instruments at fair value through other comprehensive income (FVTOCI)
- ▶ Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- ▶ Equity instruments measured at fair value through other comprehensive income (FVTOCI)

##### Debt instruments at amortised cost

The Group classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

### Debt instrument at FVTOCI

The Group classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

### Debt instrument at FVTPL

The Group classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

### Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Group makes an irrevocable election of classifying the equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and others, deposits, interest receivable and other advances recoverable in cash.

Classification	Name of the financial asset
FVTOCI	Equity Investments in companies other than subsidiaries and associates if any option exercised at the time of initial recognition
FVTPL	Other investments in equity instruments

### Derecognition

#### A financial asset is primarily derecognised when:

- ▶ The rights to receive cash flows from the asset have expired, or
- ▶ The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement? and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

### Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, receivables and bank balance.
- Financial assets that are debt instruments and are measured at FVTOCI
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115 "Revenue from contract with Customers".

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116 "Leases"

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Group considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

- **Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables:** ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.
- **Debt instruments measured at FVTOCI:** Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Group combines financial instruments on the basis of shared credit risk

characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model(ECL)is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

### Financial liabilities

#### Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their

## Notes to Consolidated Financial Statements

classification, as described below:

### Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

### Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

### Financial guarantee contracts

"A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument. Financial guarantee contracts issued by the Company are initially measured at their fair values and, if not designated as at fair value through profit or loss, are subsequently measured at higher of (i) The amount of loss allowance determined in

accordance with impairment requirements of Ind AS 109 "Financial Instruments" and (ii) The amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115 "Revenue from contract with Customers".

### Derivative financial instruments

The Group holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S.No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

S.No	Original classification	Revised classification	Accounting treatment
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### i) Foreign currency transactions and translations

#### Transactions and balances

Transactions in foreign currencies are initially recorded by the Group at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or

translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Group enters into forward exchange contract to hedge its risk associated with foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

The translation of financial statements of the foreign subsidiaries to the presentation currency is performed for assets and liabilities using the exchange rate in effect at the Balance Sheet date and for revenue, expense and cash-flow items using the average exchange rate for the respective periods. The gains or losses resulting from such translation are included in currency translation reserves under other components of equity. When a subsidiary is disposed off, in full, the relevant amount is transferred to net profit in the Consolidated Statement of Profit and Loss. However when a change in the parent's ownership does not result in loss of control of a subsidiary, such changes are recorded through equity.

### j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Group determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Group which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Group capitalises during the period does not exceed the amount of borrowing cost incurred

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

### k) Government grants

Government grants are recognised at fair value where there is a reasonable assurance that the grant will be received and all the attached conditions are complied with.

In case of revenue related grant, the income is recognised on a systematic basis over the period for which it is intended to compensate an expense and is disclosed under "Other operating revenue" or netted off against corresponding expenses wherever appropriate. Receivables of such grants are shown under "Other Financial Assets". Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Receivables of such benefits are shown under "Other Financial Assets".

Government grants related to assets, including non-monetary grants at fair value, shall be presented in the balance sheet by setting up the grant as deferred income. The grant set up as deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

### l) Taxes

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Group will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Group during the specified period. The Group reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer

convincing evidence to the effect that the Group will pay normal Income tax during the specified period.

#### Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

### m) Retirement and other employee benefits

#### Short-term employee benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

### Defined benefit plans

The Group operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

### Compensated absences

The Group has a policy on compensated absences which are both accumulating and non-accumulating in nature. The expected cost of accumulating compensated absences is determined by actuarial valuation performed by an independent actuary at each balance sheet date using projected unit credit method on the additional amount expected to be paid / availed as a result of the unused entitlement that has accumulated at the balance sheet date. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

### Other long term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by the employees up to the reporting date.

### n) Leases

#### Accounting policy applied till March 31, 2019 as Lessee

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at

the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

#### Accounting policy applied from April 01, 2019

The Company has adopted Ind AS 116 "Leases" as notified by MCA as on March 30, 2019. The MCA via this notification requires all entities to apply Ind AS 116 from Accounting period April 01, 2019. The entity has elected the "modified retrospective" approach for adopting Ind AS 116 and hence the comparative information relating to prior years will not be restated.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

#### a) Initial measurement

Lease liability is initially recognised and measured at an amount equal to the present value of minimum lease payments during the lease term that are not yet paid. Right-of-use asset is recognized and measured at cost, consisting of initial measurement of lease liability plus any lease payments made to the lessor at or before the commencement date less any lease incentives received, initial estimate of restoration costs and any initial direct costs incurred by the lessee.

#### b) Subsequent measurement

The lease liability is measured in subsequent periods using the effective interest rate method. Right-of-use asset is depreciated in accordance with requirements in Ind AS 16, Property, Plant and equipment. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement. However, Ind AS 116 provides the lessee with the option to recognise a low value asset or a short term lease (12 months or lesser) as an expense in the statement of profit and loss on a straight-line basis or any other systematic approach as

## Notes to Consolidated Financial Statements for the year ended March 31, 2021

adopted by the entity.

### **o) Impairment of non financial assets**

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

### **p) Provisions, contingent liabilities and contingent asset Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made, if realisation of money is doubtful in the judgement of the management.

### **Contingent liabilities**

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

### **Contingent assets**

Where an inflow of economic benefits is probable, the Group discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

Contingent assets are disclosed but not recognised in the financial

statements.

### **q) Cash and cash equivalents**

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

### **r) Cash Flow Statement**

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

### **s) Non current assets held for sale and disposal groups**

The Company classifies a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. Immediately before the initial classification of the asset (or disposal group) as held for sale, the carrying amounts of the asset (or all the assets and liabilities in the group) shall be measured in accordance with applicable Ind ASs.

The Company measures a non-current asset (or disposal group) classified as held for sale at the lower of its carrying amount and fair value less costs to sell. The Company does not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale shall continue to be recognised.

### **t) Earnings per share**

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

\* The RP has confirmed that a public announcement was caused by the IRP regarding the initiation of corporate insolvency resolution process and submission of claims was called under section 15 on August 24, 2017. Pursuant to such public announcement, the IRP/ RP of the Corporate Debtor has received certain claims from statutory authorities which was admitted under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC code) and subsequent settlement made as per the approved resolution plan. Accordingly, the Corporate Debtor/ Resolution Applicant/ SPV will have no additional exposure arising out of the claims towards the Statutory Dues which have not been admitted and/or the claims which have been rejected (partly or fully) by the RP and/or because of the re-classification in the category of creditor(s).

Considering the above, all statutory liabilities of pre-CIRP period is considered as completely settled and no liability, whatsoever, including contingent in nature is existing on implementation of the resolution plan.

\*\* The Group has taken certain lands on lease for its operations in respect of which the lease agreement expired before the date of commencement of the Corporate Insolvency Resolution Process. As part of the right to review the existing agreements, the Group has made a detailed assessment of the market rent for the property and the market value of the property for outright purchase. Since the present rent as per erstwhile lease agreements is significantly high considering the market value of the property itself, the Group is in talks with the lessor for renewal of the lease with lower rent or for outright purchase of the property as part of the implementation of the resolution plan. However, no finality is reached on this matter as of date.

Pending completion of the negotiation, the Group disputed the portion of the lease rent, considered to be excessive than the market rate, amounting to Rs.1,025.67 Lakhs for the year ended March 31, 2021 in respect of the aforesaid lease. Based on legal opinion obtained, the management is of the opinion that no liability will arise on completion of the negotiation.

### 42 Operating Segments

### Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Group seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Group's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Group actively manages its currency and interest rate exposure through its finance division, wherever required, to mitigate the risks from such exposures.

### Foreign currency risk management

The Group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Group actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures.

### Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

### Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Group against major foreign currencies may impact the Group's revenues from its operations. Any weakening of the functional currency may impact the Group's cost of imports and cost of borrowings and consequently may increase the cost of financing the Group's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because of the existing exchange earning capacity of the Group on account of its EOU status (Export oriented undertaking) and higher proportion of earnings in foreign exchange through exports.

### Interest rate risk management

The Group is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Group also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 25 basis points higher/lower and all other variables were held constant, the Group's loss for the year ended March 31, 2021 would decrease/ increase by Rs. 91.00 lakhs (March 31, 2020 : Rs.106.75 lakhs. This is mainly attributable to the Group's exposure to interest rates on its variable rate borrowings).

### Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Group is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks and foreign exchange transactions. The Group has no significant concentration of credit risk with any counterparty.

## Notes to the Consolidated Financial Statements for the year ended March 31, 2021

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

### Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

#### (a) Trade Receivables

The Group has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Group assesses the credit risk as high, the exposure is backed by either bank guarantee/letter of credit or security deposits.

The Group does not have higher concentration of credit risks to a single customer. As per simplified approach, the Group makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

#### (b) Investments, Cash and Cash Equivalents and Bank Deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Credit Risk on Derivative Instruments is generally low as the Group enters into the Derivative Contracts with the reputed Banks.

Investments of surplus funds are made only with approved banks/ financial institutions/ counterparty. Investments primarily include bank deposits, etc. These bank deposits and counterparties have low credit risk. The Group has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in bank deposit and restricts the exposure in equity markets.

### Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the bank agreement is available only to the bank in the event of a default. Group does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

### Liquidity risk management

Liquidity risk refers to the risk that the Group cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Group also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

### Liquidity tables

The following tables detail the Group's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay.

### 47 Retirement benefit plans

#### Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of Gratuity fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident fund, Gratuity fund, Superannuation fund as well as Employee State Insurance Fund.

The total expense recognised in profit or loss of Rs 331.51 Lakhs (for the year ended March 31, 2020: Rs. 603.62 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

#### Defined benefit plans

##### (a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

#### The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2021	March 31, 2020
Discount Rate	6.68%	6.57%
Rate of increase in compensation level	7.00%	7.00%
Expected return on plan assets	6.68%	6.57%
Mortality	Indian Assured Lives Mortality (2012-14) (Ultimate)	Indian Assured Lives Mortality (2012-14) (Ultimate)

<b>Sensitivity analysis</b>		

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

### (b) Compensated absences

The leave scheme is a final salary defined benefit plan, that provides for a lumpsum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the leave count at the time of separation and paid as lumpsum.

The design entitles the following risk

Interest rate risk	The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
Salary inflation risk	Higher than expected increases in salary will increase the defined benefit obligation.
Demographic risk	This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of these decrement on the DBO depends upon the combination salary increase, discount rate, and vesting criteria and therefore not very straight forward. It is important not to overstate withdrawal rate because the cost of retirement benefit of a short caring employees will be less compared to long service employees.

The above provisions are reflected under 'Provision for employee benefits - Compensated absences' (Non current provisions) [Refer note 23] and 'Provision for employee benefits - Compensated absences' (Current provisions) [Refer note 27].

(All amounts are in lakhs of Indian Rupees, unless otherwise stated)

### Revision to Provisional accounting of business combinations during the year ended March 31, 2021

The Company has obtained a detailed valuation report on lifting of the general lockdown through external experts and also carried out a detailed internal assessment regarding the fair value of various assets taken over and liabilities assumed as part of the business combination.

The consequential adjustments have been made in March 2021 (i.e., within 1 year from the date of acquisition, called as "Measurement Period") as provided in Ind AS 103 for provisional accounting for business combinations.

### 50 Business Combination

During the measurement period, the acquirer shall retrospectively adjust the provisional amounts recognised at the acquisition date to reflect new information obtained about facts and circumstances that existed as of the acquisition date and, if known, would have affected the measurement of the amounts recognised as of that date. Accordingly, the following adjustments have been made in the fair value of assets taken over and liabilities assumed as on the acquisition date with the additional information available with the Company through external and internal assessment.

#### Further adjustments made to Capital Reserve as per Para 45 to 49 of Ind AS 109 during the measurement period

#### NOTES:

1. In view of the continuing COVID-19 global pandemic, social distancing norms, the Ministry of Corporate Affairs has issued a General Circular bearing No 20/2020 dated May 5, 2020, read with Circular No.14/2020 dated April 8, 2020 and Circular No.17/2020 dated April 13, 2020, Circular No.02/2021 dated January 13, 2021, allowing conducting of AGM through Video Conferencing ("VC") or other Audio Visual Means ("OAVM") without the physical presence of the members for the meeting at a common venue. In terms of the said Circulars and in compliance with the provisions of the Companies Act, 2013 and SEBI circular SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 and relevant circular of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the AGM of the Company is being held through VC / OAVM. Hence, Members can attend and participate in the AGM through VC / OAVM only. In accordance with the Secretarial Standard-2 on General Meeting issued by the Institute of Company Secretaries of India (ICSI) read with guidance/ clarification dated April 15, 2020 issued by ICSI, the proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company which shall be the deemed venue of the AGM. The detailed procedure for participating in the meeting through VC / OAVM is appended herewith and also available at the Company's website [www.orchidpharma.com](http://www.orchidpharma.com)
2. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013, Secretarial Standards - 2 on General Meetings and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 setting out material facts in respect of the Special Businesses to be transacted at the 28<sup>th</sup> Annual General Meeting is annexed hereto.
3. Since this AGM is being held through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice. However, the Body Corporate are entitled to appoint authorized representatives to attend the AGM through VC/OAVM and participate thereat and cast their votes through e-voting. Corporate members intending to attend/vote at AGM through VC / OAVM by their respective authorized representative(s) pursuant to Section 113 of the Companies Act, 2013 are requested to send their Certified True Copy of the resolutions/ Power of Attorney to the Scrutinizer by e-mail at [cspmuthukumaran@gmail.com](mailto:cspmuthukumaran@gmail.com) with a copy marked to RTA- [yuvraj@integratedindia.in](mailto:yuvraj@integratedindia.in) and Ms. Nikita K ([nikitak@orchidpharma.com](mailto:nikitak@orchidpharma.com)) authorizing their representatives to attend and vote on their behalf at the Annual General Meeting of the Company and to vote through remote e-voting.
4. The requirement to place the matter relating to the appointment of Statutory Auditors for ratification by Members at every Annual General Meeting has been done away with vide

notification dated 7th May, 2018 issued by the Ministry of Corporate Affairs. Accordingly, no resolution is proposed for ratification of appointment of Auditors, who were appointed from the conclusion of the 24<sup>th</sup> Annual General Meeting held on September 13, 2017. M/s. CNGSN & Associates LLP, Chartered Accountants, continue to be the Statutory Auditors of the Company for the Current Financial Year 2021-2022.

5. The Register of Members and the Share Transfer Books will remain closed from **Friday, August 06, 2021 to Friday, August 13, 2021 (both days inclusive)** for the purpose of Annual General Meeting for the financial year 2020-2021.

6. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.

7. The Company draws your attention to the notification issued by SEBI dated June 08, 2018 and the press release dated December 3, 2018 amending Regulation 40 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Pursuant to the amended provisions, any request for effecting transfer of shares in physical form shall not be processed except in case of transmission or transposition of shares unless the shares are held in demat form. Hence, the Company / Registrar and Share Transfer Agent would not be in a position to accept / process the requests for transfer of shares held in physical form with effect from 01.04.2019. As such, SEBI had mandated transfer of shares in dematerialised form alone. This measure is aimed at curbing fraud and manipulation risk in physical transfer of securities by unscrupulous entities. Transfer of securities only in demat form will improve ease, facilitate convenience and safety of transactions for investors. Members holding shares in physical form are requested to consider converting their holding to dematerialized form to eliminate all risks associated with physical shares and for ease in portfolio management. Members can contact either the Company or M/s Integrated Registry Management Services Private Limited (IRMSPL) for assistance in this regard.

8. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are therefore, requested to submit their PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN to the Company /IRMSPL.

9. Members holding shares in Dematerialized form are requested to intimate any changes pertaining to their Bank details change of address / name etc., to their respective Depository Participant. Kindly quote Client ID and DPID numbers in all your correspondences. Members who hold shares in physical form are requested to notify any change in their particulars like changes in address, bank particulars etc., to the

Company's Registrar and Share Transfer Agents (RTA) viz., M/s Integrated Registry Management Services Private Limited, 2nd Floor, Kences Towers, No. 1, Ramakrishna Street, North Usman Road, T. Nagar, Chennai - 600 017, Tamil Nadu, India ([yuvraj@integratedindia.in](mailto:yuvraj@integratedindia.in)). Kindly quote the ledger folio number in all your correspondences.

10. Members are requested to address all correspondence to the Company's Registrar and Share Transfer Agents (RTA) viz., M/s Integrated Registry Management Services Private Limited, 2nd Floor, Kences Towers, No. 1, Ramakrishna Street, North Usman Road, T. Nagar, Chennai - 600 017, Tamil Nadu, India ([yuvraj@integratedindia.in](mailto:yuvraj@integratedindia.in)) or to the Company at its Registered Office at Orchid Towers, No.313 Valluvarkottam High Road, Nungambakkam, Chennai-600034, Tamil Nadu, India

11. Members holding shares in physical form can avail the nomination facility by filing Form SH-13, as prescribed under Section 72 of the Companies Act, 2013 and the Rules made thereunder, with the Company. Members holding shares in demat form may contact their respective Depository Participants (DPs) for availing this facility.

12. Pursuant to Sections 101 and 136 of the Companies Act, 2013 read with Rule 18(1) of the Companies (Management and Administration) Rules, 2014, the Notice calling the 28<sup>th</sup> AGM along with the Annual Report for the financial year 2020-2021 is being sent in electronic mode to all the Members who have registered their e-mail ID's with the Company/Depository Participants for communication purposes.

The facility of casting votes by a Member using remote e-voting as well as the e-voting system on the date of the AGM through VC or OAVM will be provided by CDSL.

The e-voting facility is available at the link <https://www.evotingindia.com>

Please read the instructions printed below before exercising your vote.

These details and instructions form an integral part of the Notice for the Annual General Meeting to be held on Friday, August 13, 2021.

#### **The instructions to Shareholders for remote e-voting & e-voting during AGM & joining meeting through VC/OAVM are as under:**

1. The remote e-voting period commences at 9.00 A.M. (IST) on Monday, August 09, 2021 and ends at 05.00 P.M (IST) on Thursday, August 12, 2021. During this period, the shareholders of the Company holding shares either in physical form or in dematerialised form, as on the cut-off date Friday, i.e. August 06, 2021 may cast their votes electronically. The e- voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the shareholder, the shareholder shall not be allowed to change it subsequently.
2. The shareholders who have cast their vote by remote e-voting prior to the AGM may also participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again.
3. A person whose name is recorded in the Register of members or in the Register of beneficial owners maintained by the depositories as on the cut-off date i.e., August 06, 2021 only shall be entitled to avail the facility of remote evoting/voting at

the AGM. A person who is not a Member as on the cut-off date, should treat this Notice for information purpose only.

Any person, who acquires shares of the Company and become Member of the Company after dispatch of the Notice and holding shares as of the Cut Off date i.e. Friday, August 06, 2021 may obtain the login ID and password by sending a request in writing at [helpdesk.evoting@cdslindia.com](mailto:helpdesk.evoting@cdslindia.com).

4. The voting rights of shareholders shall be in proportion to their shares of the paid-up equity share capital of the Company as on Friday, August 06, 2021.

5. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of depositories/ depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

In terms of SEBI CIRCULAR NO. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. #### EXPLANATORY STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013

The following Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013, set out the material facts relating to the business mentioned in the accompanying Notice dated July 15, 2021

### Item No. 3 – Ratification of remuneration to Cost Auditor

The Audit Committee and the Board of Directors of the Company at their Meetings held on May 22, 2021 have approved the appointment of Shri J Karthikeyan, Cost Accountant [Membership No. 29934, Registration Number - 102695], Chennai, as the Cost Auditors of the Company to conduct the audit of the Cost records of the Company with regard to Pharmaceuticals (Bulk Drugs & Formulations) for the Financial Year 2021-2022.

In accordance with the Provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor as recommended by the Audit Committee and approved by the Board of Directors, has to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out in Item No.3 of the Notice to ratify the remuneration of Rs.2,00,000/- (Rupees Two Lakhs Only) plus applicable taxes and re-imbursement of out of pocket expenses to Shri J Karthikeyan, Cost Auditor towards audit of the Cost records of the Company with regard to Pharmaceuticals (Bulk Drugs & Formulations) for the Financial Year 2021-2022 which has been duly approved by the Board of Directors after considering the recommendation made by the Audit Committee of the Company at the meeting held on May 22, 2021.

None of the Directors, Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item No.3 of the Notice.

In terms of Regulation 17(11) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors of the Company recommends passing of the Resolution set out in Item No. 3 to the shareholders of the Company.

### Item No. 4 – To approve the Borrowing Powers Of the Company under Section 180(1)(c) of the Companies Act, 2013

The Company requires to borrow funds from time to time to meet both its short term and long terms business objectives, from various external agencies like banks, financial institutions, bodies corporate, individuals or other kind of lenders.

In terms of the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of a public Limited Company cannot except with the consent of the Members at General Meeting by a Special resolution, borrow money, where the money to be borrowed, together with the money already borrowed by the company will exceed aggregate of its paid-up share capital, free reserves and securities premium, apart from temporary loans obtained from the company's bankers in the ordinary course of business.

The Members of the Company vide the Special resolution passed through Postal Ballot on August 26, 2014 authorised the Board of

Directors of the Company to borrow monies, from time to time, upto Rs.2,500 Crores (Rupees Two Thousand Five Hundred Crores Only).

The Board of Directors at their meeting held on July 15, 2021 have accorded their consent subject to approval from the Members of the Company by way of passing Special Resolution at the ensuing General Meeting for obtaining loans and also approved increase in borrowings limits for Rs.50 Crores (Rupees Fifty Crores Only) in addition to the existing approved borrowing limits of Rs.2,500 Crores, (Total borrowing limits aggregating to Rs.2550 Crores) notwithstanding that the outstanding borrowings as on March 31, 2021 have not crossed the existing approved borrowing limits of Rs.2,500 Crores.

Hence, considering the business plans and the growing fund requirements of the Company, it is proposed to increase the existing borrowing limit of the Company from Rs.2,500 crores to Rs.2,550 crores. The approval of the members is sought pursuant to Section 180(1)(c) of the Companies Act, 2013 and rules made thereunder.

In terms of Regulation 17(11) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors of the Company recommends passing of the Resolution set out in Item No. 4 to the shareholders of the Company.

None of the Directors, Key Managerial Personnel of the Company or their relatives are deemed to be concerned or interested, financially or otherwise, in the resolution set out at Item No. 04 of this Notice except to the extent of their shareholding in the Company, if any.

### Item No. 5 – Approval for creation of Charges/Mortgage on properties of the Company under Section 180(1) (a) of the Companies Act, 2013

The Members of the Company accorded their consent through resolution passed through Postal Ballot dated August 26, 2014 to Create charges, mortgages, hypothecation and dispose off of the immovable and movable properties of the Company under Section 180(1)(a) of the Companies Act, 2013 up to Rs. 2,500 (Rupees Two thousand five hundred crores only).

In order to facilitate securing the borrowing made by the Company, it would be necessary to create charge on the assets or whole or part of the undertaking of the Company. In terms of the provisions of Section 180 (1) (a) of the Companies Act, 2013, a company cannot sell, lease or otherwise dispose-off the whole or substantially the whole of the undertaking or undertakings of the Company without the consent of the Shareholders of the Company by way of a Special Resolution.

The proposed borrowings of the Company may, if necessary, be secured by way of Charge/mortgage/hypothecation on the Company's assets in favour of the lenders. Consequent to the proposed increase in the borrowing limits of the Company from

Rs.2,500 Crores to Rs.2,550 Crores as clearly defined in Item No.4 of the explanatory statement, it would be necessary to revise the approval for creation of charges/mortgage on properties of the Company given by the Members of the Company vide the Special resolution passed through Postal Ballot on August 26, 2014 pursuant to the provisions of Section 180(1)(a) of the Companies Act, 2013.

Therefore, the Board of Directors of the Company recommends the passing of the proposed Special Resolution as contained in this Notice, by Members of the Company.

None of the Directors and Key Managerial Personnel of the Company or their relatives are deemed to be concerned or interested, financially or otherwise, in the resolution set out at Item No. 05 of this Notice except to the extent of their shareholding in the Company, if any.

#### **Item No. 6 - Approval to make Investments, give loans, guarantees and provide securities under Section 186 of the Companies Act, 2013**

The provisions of Section 186 of the Act read with the Companies (Meetings of Board and its Powers) Rules, 2014, as amended to date, provides that no company is permitted to, directly or indirectly, (a) give any loan to any person or other body corporate; (b) give any guarantee or provide security in connection with a loan to any other body corporate or person; and (c) acquire by way of subscription, purchase or otherwise, the securities of any other body corporate, exceeding sixty percent of its paid-up share capital, free reserves and securities premium account or one hundred per cent of its free reserves and securities premium account, whichever is more without prior approval of Members by means of a Special Resolution passed at a general meeting.

In order to make optimum use of funds available with the Company and also to achieve long term strategic and business objectives, which requires the Company to make sizeable loans / investments and issue guarantees / securities to persons or bodies corporate, from time to time, prior approval of the Members is being sought for limit up to Rs.100 Crores (Rupees One Hundred Crores Only) under Section 186 of the Companies Act, 2013, by way of special resolution. The above proposal is in the interest of the Company and the Board recommends the Resolution as set out at Item No. 6 for approval by the members of the Company.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned with interested, financially or otherwise in the resolution at Item no. 6 of the accompanying notice. The Board recommends the resolution at Item no. 6 to be passed as Special Resolution.

#### **Item No. 7 - Approval for Material Related Party Transactions with M/s Otsuka Chemicals (India) Private Limited**

Pursuant to the Provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and

its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and prior approval of the members by way of Ordinary resolution, in case certain transactions with related parties exceeds such sum as specified in the said Rules. The aforesaid provisions are not applicable in respect of transactions which are in the ordinary course of business and on arm's length basis. However, Pursuant to Regulation 23 (4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations') approval of the members through resolution passed at General Meeting is required for all Material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis. For this purpose, a transaction is considered material, if the transaction/transactions to be entered into individually or taken together with previous transactions during a Financial Year exceeds 10% of the Annual consolidated turnover of the Company, as per the last audited financial statements of the Company. Further, a transaction involving payments made to a related party with respect to brand usage or royalty shall be considered material if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceed 5% of the Annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity.

**M/s. Otsuka Chemicals (India) private Limited is a 'Related Party' within the meaning of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company has existing transactions with M/s. Otsuka Chemicals (India) private Limited, which is in the ordinary course of business and at arm's length basis. Otsuka Chemical (India) Private Limited is the only approved source of the Key Raw Material GCLE for Orchid. Even before the takeover by Dhanuka group, Otsuka was the only approved source for this product. It is only incidental that after Dhanuka's takeover, this transaction has become a related party transaction by virtue of Mr. Manish Dhanuka, Managing Director of Orchid Pharma Limited is also a Director in Otsuka Chemical (India) Private Limited & Mr. Mridul Dhanuka, Whole Time Director is a Member of Otsuka Chemical (India) Private Limited. Moreover, Otsuka also buys the end product produced from GCLE for its global requirements from Orchid under a long-term supply contract. The above related party transaction is in the best interest of the Company.**

However, the estimated value of transaction in respect of transactions with M/s. Otsuka Chemicals (India) private Limited for the financial year 2021-2022 is likely to exceed 10% of the Annual consolidated turnover of the Company as per the last Audited financial statements of the Company and may exceed the materiality threshold as prescribed under Regulation 23 of the Listing Regulations. Thus, these transactions would require the approval of the Members by way of Resolution at the General Meeting and therefore approval of the Members is sought to

enable the Board for entering into new/further contracts/ arrangements/ agreements/ transactions (including any modifications, alterations, amendments or renewal thereto) with the aforesaid parties during the Financial year 2021-2022 subject to the limits mentioned in the table below:

Name of the related party	M/s. Otsuka Chemicals (India) private Limited
Name of the director or Key Managerial Personnel who is related, if any;	Shri Manish Dhanuka, Managing Director and Shri Mridul Dhanuka, Whole Time Director
Nature of relationship	Shri Manish Dhanuka is a Director on M/s. Otsuka Chemicals (India) Pvt. Ltd. Shri Mridul Dhanuka is a Member of M/s. Otsuka Chemicals (India) Pvt. Ltd.
Aggregate maximum value of the contract/ arrangement per transaction in any financial year	Aggregate Upto Rs.75 Crores (Rupees Seventy Five Crores Only) for the financial year 2021-2022
Nature, material terms, monetary value and particulars of the contract or arrangements	The proposed transactions relate to supply of raw material which shall be governed by the Company's Related Party Transaction Policy and shall be approved by the Audit Committee within the overall limits approved by the Members. The purchase value per month is around Rs.6 Crores.
Any other information relevant or important for the members to take a decision on the proposed resolution.	All the transactions are on recurring basis and on arm's length basis and in the ordinary course of business. The transactions are based on Purchase Orders issued from time to time.

As per Listing Regulations, all entities falling under the definition of Related Parties shall not vote to approve the relevant transaction irrespective of whether the entity is a party to the particular transaction or not and accordingly the Promoters shall not vote on the resolutions set out at Item No.7.

Mr. Mridul Dhanuka, Whole Time Director of the Company holds shares in Otsuka Chemicals (India) private Limited, however, his shareholding is not in excess of 2% of total shareholding of Otsuka Chemicals (India) private Limited

Except for Mr. Manish Dhanuka, Managing Director (Director on Board of M/s. Otsuka Chemicals (India) private Limited) and Mr. Mridul Dhanuka, Whole Time Director (Member of M/s. Otsuka Chemicals (India) private Limited) and their relatives, None of the Directors and Key Managerial Personnel or their relatives are in any way, concerned or interested, financially or otherwise, in the said resolution except may be deemed to be concerned or interested in the proposed resolution to the extent of their shareholding in the Company, if any.

The Board considers that the proposed related party transactions with M/s. Otsuka Chemicals (India) private Limited play a significant role in the Company's business

operations and accordingly the Board recommends the Ordinary Resolution as set out in Item No. 7 of this Notice for approval of the Members. This Explanatory statement may also be regarded as a disclosure under SEBI (LODR) Regulations, 2015.

**Item No. 8 - Approval of Material Related party transaction with M/s Orbion Pharmaceuticals Private Limited under Section 188 of the Companies Act, 2013 and Regulation 23 of the Securities and Exchanges Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

At the 27<sup>th</sup> Annual General Meeting of the Company held on December 30, 2020, the Members of the Company had accorded their approval by passing a Special resolution under Section 180 (1) (a) for sale/disposal/transfer of Undertakings of the Company for aggregate value of up to Rs.300 Crores.

Pursuant to the Provisions of Section 188 of the Companies Act, 2013 ("the Act"), the Companies (Meetings of Board and its Powers) Rules, 2014, the Related Party Transactions as mentioned in clause (a) to (g) of the said section require a company to obtain approval of the Board of Directors and subsequently the prior approval of Shareholders of the Company by way of an Ordinary resolution in case the value of the Related party transactions exceeds the stipulated thresholds prescribed in Rule 15 of the said Rules and transactions

other than in Ordinary course of business and on arm's length basis. Section 188(1)(b) of the Companies Act, 2013 ("Act") read with Rule 15(3)(a)(ii) of the Companies (Meetings of Board and its Powers) Rules, 2014 require that any transaction entered into between related parties for selling or otherwise disposing of, or buying property of any kind, where the amount involved is equal to or exceeds 10% of the net worth of the company, is to be approved by the members of the company by way of passing an Ordinary resolution (Prior approval) except where the proposed related party transactions are in the Ordinary course of business and at arm's length basis.

Further, Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations') mandates approval of the Members through resolution passed at General Meeting for all Material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis.

M/s. OrBion Pharmaceuticals Private Limited is a 'Related Party' within the meaning of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The proposed transaction with M/s. OrBion Pharmaceuticals Private Limited would be in the nature of a related party transaction under section 188 (1)(b) of the Act read with the Rules framed thereunder.

#### Justification for Entering into this Transaction

As the IKKT Business is generating negative EBITDA, hiving off this business will improve the profitability of Orchid, moreover, partnership with Bion Pharma will improve the profitability of IKKT business also, thereby, increasing its future valuation. The shareholding of Orbion shall be held by Orchid Pharma Ltd. only and not by any of the Directors/Promoters in personal capacity. Therefore, this transaction will be beneficial to the members of Orchid Pharma and in no way provide any additional benefit to Directors/Promoters. This transaction is considered as Related Party because it falls in the definition of Related Party as per Section 2(76) of the Companies Act, 2013 (OrBion being an Associate Company and Mr. Mridul Dhanuka, Whole time Director of the Company is also a Director on the Board of OrBion Pharmaceuticals Private Limited). The above transaction proposed to be undertaken is in the best interests of the Company and its Members as a whole and are most likely to promote the success of the Company for the benefit of its Members as a whole. The net proceeds from the sale of the Undertaking will be utilized to repay the existing loans and reduce interest burden.

The disclosures under Rule 15(3)(ii) of the Companies (Meetings of Board and its Powers) Rules, 2014, as amended as enumerated herewith:

(a) Name of the related party	M/s. OrBion Pharmaceuticals Private Limited
(b) Name of the Director or Key Managerial Personnel who is related, if any	Mr. Mridul Dhanuka, Whole Time Director
(c) Nature of Relationship	Related party under Section 2(76) & Associate Company
(d) Nature, material terms, monetary value and particulars of the contract or arrangements;	The Undertaking will be transferred to M/s. OrBion Pharmaceuticals Private Limited, as a going concern on a Slump-sale basis for a lump sum consideration of up to Rs.170 Crores (Rupees One Hundred and Seventy Crores Only) including Equity stake of 26% in M/s. OrBion Pharmaceuticals Private Limited.
(e) Any other information relevant or important for the members to take a decision on the proposed resolution.	The company was in the process of selling the IKKT business and was looking for partners, for which the approval from the Board was accorded at their meeting held on November 11, 2020 and the approval from the Shareholders was already received at the 27th AGM of the Company held on December 30, 2020. During the negotiation process, it was found that Bion Pharma offered the best value for this Business, however, Bion Pharma being a Foreign company, it was restricted to a maximum of 74% shareholding as per RBI guidelines, therefore, Bion Pharma offered Orchid to retain the 26% share in the proposed new Entity Orbion Pharmaceuticals Pvt. Ltd. The above transaction is in the best interest of the Company.

The transfer of the undertaking shall be effective from the Closing date (as defined under the BTA) or such other date as may be decided by the Board in this regard, subject to receipt of necessary approvals wherever applicable.

None of the Related Parties shall vote to approve the relevant transaction irrespective of whether the entity is a party to the particular transaction or not and accordingly the Promoters shall not vote on the resolutions set out at Item No.8

Except for Mr.Mridul Dhanuka, Whole Time Director being Common Director on the Board of both the Companies and his relatives, None of the Directors and Key Managerial Personnel or their relatives are in any way, concerned or interested, financially or otherwise, in the said resolution except may be deemed to be concerned or interested in the proposed resolution to the extent of their shareholding in the Company, if any.

The Board is of the opinion that the aforesaid proposal is in the best interest of the Company and accordingly the Board recommends the Ordinary Resolution as set out in Item No.8 of this Notice for approval of the Members.

This Explanatory statement may also be regarded as a disclosure as required under Listing Regulations.

**Item No. 9 - Approval for Obtaining Loan from M/s Dhanuka Laboratories Limited ("Holding Company") as a Material Related party transaction(s) under Regulation 23 of the Securities and Exchanges Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015**

Pursuant to the applicable provision of the Companies Act, 2013 ("Act") read with the applicable rules issued under the Act, Regulation 23 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with amendment thereof ("SEBI Listing Regulations") and the Company's Policy on Materiality of Related Party Transactions and also on dealing with Related Party Transactions of the Company ("the Policy"), all material related party transactions of the Company require approval of the shareholders through ordinary resolution.

In accordance with Regulation 23 of the SEBI Listing Regulations, "Material Related Party Transaction" means any transaction with a related party if the transaction/transactions to be entered into individually or taken together with previous transactions during a financial year, exceeds ten percent of the annual consolidated turnover as per the last audited financial statements of the Company.

Keeping in view the Company's existing and future financial requirements to support its business operations, the Company may need additional funds. For this purpose, the Company has approached M/s Dhanuka Laboratories Limited ("Holding Company") to provide unsecured loan to the Company upto an

amount of Rs. 50 Crores. M/s. Dhanuka Laboratories Limited is a 'Related Party' within the meaning of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Therefore, pursuant to Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'Listing Regulations') mandates approval of the Members through resolution passed at General Meeting for all Material related party transactions, even if they are entered into in the ordinary course of business and on arm's length basis.

With the increase in the operations of the Company, it's the working capital and other funding requirements for the purpose of its operations and business are expected to increase substantially. As such the Company proposes to avail unsecured loans/ advances for its business, from time to time, on arms' length basis from M/s. Dhanuka Laboratories Limited ("Holding Company"/ "Promoter") in one or more tranches, depending on the necessity of the loan/advances by the Company and the willingness of the lender, at an interest rate which is equal to or not less than the prevailing bank lending rates and on such other terms and conditions as the Board of Directors of the Company (including any authorised Committee thereof) may agree with the lender, in the best interest of the Company and subject to such other approvals, if any, as may be required.

In terms of the provisions of Section 180(1)(c) of the Companies Act, 2013, the Board of Directors of a public Limited Company cannot, except with the consent of the Members in General Meeting by a Special resolution, to borrow money, where the money to be borrowed, together with the money already borrowed by the company will exceed aggregate of its paid-up share capital, free reserves and securities premium, apart from temporary loans obtained from the company's bankers in the ordinary course of business. Therefore, the Board of Directors already set out in Item No.04 to seek approval from Shareholders under section 180(1)(c) of the Companies Act, 2013.

The Board of Directors at its meeting held on July 15, 2021 has approved the above proposal subject to the approval of the shareholders. The Board recommends and proposes this resolution to the shareholders for their approval in the best interest of the Company. None of the Related Parties shall vote to approve the relevant transaction irrespective of whether the entity is a party to the particular transaction or not and accordingly the Promoters shall not vote on the resolutions set out at Item No.9

In accordance with Section 102(1) and proviso to Section 102(2) of the Act, the nature of concern or interest financial or otherwise and the shareholding interest of every Promoter/Director/Key Managerial Personnel in the other Company namely M/s. Dhanuka Laboratories Limited to the extent that such shareholding is in

excess of 2% of the paid up capital of that Company is required to be disclosed:

Mr. Ram Gopal Agarwal, Non-Executive Director of the Company is a Member of M/s.Dhanuka Laboratories Limited holding 6.40% of the paid up share capital of M/s. Dhanuka Laboratories Limited
